Freezing weather with a minimum temperature of 23 degrees during last night and this morning turned the half melted snow and slush into hard ice, and hence walking on the streets this morning and forenoon was a difficult feat and it behooved everyone to "watch your step." The snow and slush will soon be gone according to the weather forecast, which predicts a rain for tonight and Sunday.

EAGLE POINT EAGLETS

By A. C. Howlett

Last Saturday J. R. Averill of Los Angeles, came in for dinner. He had been up in the hills near Butte Falls to visit his brother whom he had not seen for about 20 years. George W. Averill, who has spent the most of his life in the U. S. navy. He finally settled on a homestead on Round Top, a prominent landmark on the east side of Rogue river valley, and so his brother, J. R. Averill located him and succeeded in finding him, and reports having had a very pleasant visit with him and his family.

Lester L. Smith and Ray Parker of Butte Falls, were also here at the same time for dinner. Mr. Parker was on his way to Forest Grove to resume his studies in the Pacific university. Frank Netherland, also of Butte Falls, and C. H. Natwick of Medford, and Mrs. Martha E. Potter who is now teaching near Gold Hill, and four strangers were here for dinner the same day.

Jack Kerby, one of our old boarders who was stable boss for Charley Delin while he was grading the right of way for the Crater Lake highway came from Brookings where he had been in charge of the Delin horses on his contract on a logging railroad near Crescent City, Calif., came in and engaged board for a month.

J. H. Murphy, one of the timber men referred to in my last letter was also here for dinner the same day but I did not ask about the damage done by the windstorm as I did not know that it was him until after he was gone owing to my poor vision.

Mrs. Thomas Cingcade went to Medford to pay a visit to some of her friends living there.

Mrs. Sam Coy also paid a visit to relatives in Ashland the same day. Those interested in the irrigation project in this section met in the Brown hall last Saturday, but owing to my inability to get the facts will say nothing more on the subject at this time but may later.

Wm. Von der Hellen returned Saturday from a business trip to San Francisco.

George, Henry and Isaac Childreth, all of Ashland, were here Saturday visiting George and Henry's brother, Wesley L. Childreth, Isaac being a son of Henry. Henry tells me that he is troubled with a growth of a bony nature forming in his nose, and that he went to San Francisco to have it removed and on his way took the irrisiphilis and had to come home without having it done so had to make another trip in the near future.

Saturday night there was a grand masked ball, given with the usual prizes, etc., but I have heard but little about it as such little things as that do not seem to act very effectively on the public mind in Eagle Point, any more, although I understand that Ernest Daback, our barber, took the prize for being the most grotesquely

dressed man in the company. I did not learn who took the best prize among the ladies but learned that Mrs. T. F. Nichols and one of the Welch girls each took prizes but was unable to learn who took the first prize.

Since writing the foregoing I have found a lady who reports that there was a perfect "mob" there, that they were so thick that they could not dance.

There was a reunion of the Edsall-Bishop families at the residence of Mrs. Jack O'Conner nee Cecil Edsall of Phoenix, a sister of the mall contractor of this place, last Sunday, Jan. 1st, 1922. There were 31 present and all were related by blood or marriage except three, and one of them was a brother-in-law to one of the Bishops, Truman McClelland. They had a very fine social time as well as a fine dinner and after dinner the group was taken in different bunches and three of the twelve children were taken in a separate group. They made as fine pictures as anyone could wish, the twin boys of Mrs. O'Conner showing in them to good advantage.

We had a very fine Sunday school Sunday morning. The Bible class was led by our new minister, Rev. H. O. Adams and he after Sunday school went to Sams Valley and preached. He had a good audience, about 60 to bear him, and then preached again at night here, but as it was so disagreeable I did not venture out, but he said that his congregation was not very large, owing perhaps to the weather. He will preach here again next Sunday evening at 7:30. His subject will be "War or Peace." Everybody is invited to come and hear him. He will also preach at Brownsboro at 11 o'clock a. m.

There was also another shooting match here for chickens, and so far as I know everything passed pleasantly.

There were only a few people came into the Sunnyside for dinner Sunday, but Raymond Reter and family, Mr. Chauncey Flores, our county clerk, and C. L. Coker of Sacramento, Calif.

E. A. Hildreth, Jr., and his brother, Bud Hildreth of Butte Falls, came in a little later for dinner and went on to Medford. Hildreth was on his way to Cottage Grove to be at the bedside of his father who was reported as being very sick, and Bud returned to the Sunnyside to await word from his brother as to his father's condition, and the next day the message came that he was improving, and Bud went on up to Butte Falls.

Lucius Kincaid and wife came out Monday morning and in the afternoon Mrs. Kincaid went up to Duprey's mill to resume her duties in the Crater Lake school. There were four other teachers and a teacher's wife went up to Butte Falls at the same time on the George Albert motor on the P. & E. railroad.

Miss Hay who is teaching in the Brophy school district was a passenger on the stage on her way to her school Monday.

Mrs. John Allen of Derby was here

for dinner Monday and so was Geo. M. Lano and James Hansen of Medford. They were here posting bills for the Foster & Kleine, successors to Klum & Co.

O. W. Depasent of the Medford post office force, was also here for dinner. He was simply taking a little joyride over the mail route from Medford to Derby over our beautiful muddy roads with the mail contractor.

Mrs. Geo. W. Averill of Round Top also came in for lunch and went on out to Medford.

Millard Robinson and Buster Matthews came in for late dinner.

Lewis Robinson and family have moved into the house with his brother, John L. Robinson, Jr., to help to care for the two children he has left on his hands.

Fred McPherson, Mrs. Fred Dutton, Mr. and Mrs. Ralph Haskin and wife and her sister, Miss Valma Hannah of Trail were in town Tuesday. Miss Hannah took passage on the stage for Butte Falls where she is attending the high school.
