

Local and Personal

"Rain or snow; warmer," is the somewhat welcome prediction for Saturday's weather. Last night's temperature was two and one-half degrees warmer than that of Wednesday night, the coldest being 11 1/2 degrees, and today was again quite chilly, although not as cold as yesterday. It was below freezing temperature all day Thursday, the highest temperature of the day being 30 degrees. County Agent Cate calls the cold spell of the past three days a million dollar freeze to the good, in that it holds back the blossoming period in the valley which almost annually comes too early in the spring with attendant frost dangers.

Homesteads are becoming scarce and the country is being scoured for something worth while, but good places are difficult to find, according to W. H. Cannon, of the Roseburg land office, in Portland on business.

There are practically no timber entries any more and land office business is on the decline everywhere. We have, or had, quite a bit of the Oregon & California land grant in the jurisdiction of the Roseburg office, but the timber is not being sold off for there is little demand. Big timber operators own their own timber, but occasionally there is a sale of the timber on 40 acres or so to some small mill.

The Roseburg land office district comprises Lane, Douglas, Coos, Josephine, Jackson, Curry and a small portion of Benton, Lincoln and Linn counties. Mr. Canon holds his appointment under the recent democratic administration.—Portland Oregonian.

Constance Talmadge at Page Constance Talmadge as Mary Blake in the latest First National attraction, "The Perfect Woman," written by John Emerson and Anita Loos, has for a starring vehicle one of the most humorous and entertaining stories ever written for this infatigable comedienne.

The development of the plot, in which Mary finds herself in the home of Jim Starhope, the man she was determined to vamp, and a thrilling little episode in which four Bolsheviks have a prominent part combine to bend the humor with the most pleasing kind of suspense.

This picture, which will be shown at the Page theatre, for three days, commencing tomorrow matinee, indicates that the popular taste in motion picture comedy is constantly demanding something light and refreshing without burlesque or slapstick to win laughter and approval.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that most forms of acid which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.
