EAGLE POINT EAGLETS

There seems to be a general lull in business here from what I can learn from persons who come and go, as that seems to be about the only way I have to gather items for the readers of the Mail Tribune, as I have been confined to the house and yard now for over a week, and have been unable to go out on my regular beat for considerable longer than that and consequently find it hard to get up a readable article, but am living in hopes of being able to go around again in a few days. Last Tuesday afternoon Leo Farlow formerly of Lake creek but now of Jacksonville, came out on the Butte

Falls stage from Butte Falls and took dinner here and went on home on the same stage. The same day Misses P. Perry, J. Hurley and O. A. Manning, representatives of the Federal Farm association were here for dinner on their way up to the Lake Creek country to set a valuation on land in that section. They report that they are doing considerable business in that line. I know of several farmers who are taking advantage of the opportunity to secure money at a low rate of interest on long time loans and have it arranged so that they can pay the interest and a part of the principal at the same time and the first thing they know they have the debt paid and hardly know how it was done.

William P. LaRito of Trail and G. E. Merrill of Derby, came in and spent the night. Mr. LaRito has taken up a homestead on the headwaters of Elk creek and had come out to the valley to try to get work. The section boss, Mr. Whaley, who boards here said that he could not use any more men at present, so he started up to where the Fish Lake Ditch Co. are enlarging their canal to try to find a job, and Mr. Merrill went on up home.

Henry Trusty, one of our prosperous and progressive, young men of Elk creek (Trail), was a pleasant caller for dinner Thursday. He had come out on a business venture and returned home the same day. Miss Faldine, the county public health nurse, called for dinner the same day on her way from Butte Falls where she had been on official business.

D. Brown of Chiloquin, Klamath county, and H. S. Pond, salesman for the Remington Typewriter Co., were also here the same day for dinner. Frank Ditworth and Uriah Vaughn of Peyton called for dinner the same day. Mr. Ditworth heard of one of his cattle being at Ed Dutton's so came out with his truck to take him home, a very handy way to move a cow instead of taking two days and two men and a dog and tiring the animal out on a long journey.

Mrs. Carl Jackson who had been spending a few days in Medford, came out Thursday evening on the Eagle Point stage and spent the night at the Sunnyside and the next morning went on up home at 9:30 on the same stage. J. W. Johnson, the manager of the Kirtland Farm has been here for the past few days and employed Sherman Woolley to handle and care for the stallion referred to in a former article and has brought the horse out here as there seem to be quite a number of men around here who wished to see him but did not feel justified in riding four miles below Central Point to look at him.

Thursday afternoon visiting on his way, and reached his room Friday evening. Miss Burr, one of the school superiors, (if there is more than one), called for a few minutes Saturday and reported that they had had a very interesting and enthusiastic meeting of several of the school district at Brownsboro Friday night at which Miss Holmes, our county school superintendent was present and discussed the question of consolidation of the Little Butte, Wellen, Antelope and Brownsboro schools, and have the children transferred from their homes, an expensive luxury, to the central school but no decision was reached.
