

HARVEY TO MEET FRENCH PREMIER, ALSO HERRICK

PARIS, Jan. 27.—(By the Associated Press.)—The conference between George Harvey, American ambassador to Great Britain and Premier Poincare, which had been scheduled for today, was postponed until Monday. Myron T. Herrick, United States ambassador to France, will participate in Monday's meeting.

PARIS, Jan. 27.—(By the Associated Press.)—George Harvey, American ambassador to Great Britain, who attended the Cannes conference of the allied supreme council, was to confer today with Premier Poincare.

The meeting was looked upon as unusually important, in view of the statement by Mr. Harvey last night that he would take the opportunity of making clear to the French government the American viewpoint with regard to the proposed international economic conference at Genoa as well as the world's financial and economic position generally.

The decision of President Harding as to participation by the United States in the Genoa conference is thought to hang largely on the results of Mr. Harvey's conference in Paris.

Deserting Sergeant Kills 4 Policemen

WASHINGTON, Jan. 27.—Sergeant Lee Henry of the marine corps and four members of the police force at Managua, Nicaragua, were killed in a fight January 24 when the police overtook Henry and three marine corporals who had been reported as deserters from the marine detachment the previous day. The police later captured the three corporals, Amthor, Bennett and Russell, according to a dispatch today to the navy department from the commandant of the fifteenth naval district.

RIVERSIDE APTS TO. BILLINGS, S MONT., MAN IN BIG DEAL

H. F. Meader, owner of the Riverside apartments has sold the apartment building to C. E. Soderstrom of Billings, Mont., who recently arrived in this city. The deal was closed yesterday and involved a consideration of \$18,000.

Important real estate transfers are becoming frequent in Medford and vicinity and an increase in the present extensive building activity is predicted in the spring.

Mr. Meader expects to continue his residence in Medford and after a trip east will build a residence in this city.

SALEM JURY NOT ABLE TO AGREE

SALEM, Ore., Jan. 27.—After deliberating 24 hours and taking 50 ballots the circuit court jury in the case of William Rogers, Silverton logger accused of assault with intent to kill Walter Birtchet, Salem policeman, today reported that it was unable to agree and was discharged by Judge Percy R. Kelly.

Jurors reported that they stood 11 to 1 for conviction on the charge of assault with a dangerous weapon, and 9 to 3 on the charge of assault with intent to kill.

Rogers shot Birtchet while the officer was attempting to eject him from the home of Rogers' mother-in-law.

JOHNSON WAS NASH CAR MAN

R. T. Johnson, who is associated with L. R. Patterson in the J. P. R. Automotive Service Co., which was recently established in the Hittson Garage, was with the Hudson Motor Co. for three years and the Nash Motor Co. for the same period of time. In Thursday's Tribune it was stated by mistake that he was formerly employed by the Studebaker corporation.

HARDING TO PROBE USURIOUS BANKS

WASHINGTON, Jan. 27.—President Harding, it was said today at the White House will investigate reports that banks in the west and southwest have been loaning federal funds provided by the war finance corporation at rates which are above the legal percentages allowed and which have been declared usurious.

Olcott Names Newport Man SALEM, Ore., Jan. 27.—Governor Olcott announced the appointment of C. W. James of Newport, a former warden of the Oregon state penitentiary, as county judge of Lincoln county to succeed John Fogarty, who died recently.

PHILLY PUGILIST ON HIKE ROUND WORLD TAKES 50-FT. FALL

Herman Silverman, Philadelphia bantamweight prizefighter who started July fourth, 1921 from that city on an around-the-world hike, in order to regain lost condition and in the fulfillment of a wager, arrived in this city this morning from Ashland.

Near the summit of the Siskiyou yesterday, during a blinding snow storm Silverman declares he walked over a 50-foot embankment, fell to the bottom and landed unscathed. Upon reaching the highway again an automobile party bound for Portland picked him up and brought him to Ashland where he refreshed and warmed himself and decided that he was uninjured.

Silverman has traveled 7000 miles, covered 21 states and has secured the autographs of all the mayors of the cities and the governors of the states since the start of his trip. His route has been from Philadelphia along the Southern border, part of his journey leading him into Mexico. He will go from this city to Seattle and Vancouver and will return East from there.

He makes expenses while en route by selling his postcards, staging a boxing bout now and then and whistling at entertainments. It is understood that he is an accomplished whistler. Silverman is 22 years of age and weighs 118 pounds. He will not remain here long enough to stage a boxing bout, but will take his departure for the north tomorrow morning.

French Declare Loss Prestige Own Fault

PARIS, Jan. 27.—(By Associated Press.) "Partly our own fault," seems to summarize the comment of the few political writers who in today's midday newspapers take up the subject of French loss of prestige in the United States, which they see concretely expressed in the conclusions of the inter-American high commission, of which Herbert Hoover is chairman, the McCormick resolution on European budgets and the reported attitude of the Washington cabinet.

Poor handling of France's foreign affairs is held to be responsible for much of the observable trend of current American opinion.

PLAN TO SETTLE COAL FEUD

able means to try and persuade men to refrain from joining the unions.

7.—The right of all unskilled or common laborers to earn an adequate living wage sufficient to maintain the worker and his family in health and reasonable comfort, and to afford an opportunity for saving against unemployment, old age, and other contingencies, is hereby declared and affirmed. Above this basic wage for unskilled workers, differentials in rates of pay for other mine workers shall be established for skill, experience, hazards of employment and productive efficiency.

8.—The right of women to engage in industrial occupations is recognized and affirmed; their rates of pay shall be the same as those of male workers for the same or equivalent service performed; they shall be accorded all the rights and guarantees granted to male workers, and the conditions of their employment shall surround them with every safeguard of their health and strength and guarantee them the full measure of

INDIGESTION, GAS OR BAD STOMACH TAKE "DIAPEPSIN"

protection which is the debt of society to mothers and to potential mothers. Few women are engaged in any way in mining, but it may be as well to announce this proposition as to pass it by.

9.—Children under the age of 16 years shall not be employed in the industry unless permits have been issued under state authority.

10.—Six days shall be the standard work week in the industry with one day's rest in seven. The standard work day shall not exceed eight hours a day.

11.—Punitive overtime shall be paid for hours worked each day in excess of the standard work day.

12.—When a dispute or controversy arises between operators and mine workers there should be no strike or lockout, pending a conference or a hearing and determination of the facts and principles involved.

Senator Kenyon said he offered a solution for the coal industry's problems "which bids fair to confront us more acutely before another season shall pass."

The Kansas industrial court idea, involving compulsory arbitration, he said, had proved futile. The Kansas court, he added, cannot be a success because it has no underlying code of rules or principles.

Senator Kenyon's report did not detail nor analyze at length the testimony taken by the committee in its investigation of the Mingo disorders. "The whole story of the contest, however," said Mr. Kenyon, "is one

of disregard for and breaking of the rights, of a spirit of suspicion, hate, law, of denials of constitutional and retaliation on both sides that does not augur well for industrial peace in that portion of the state."
