Monday will usher in National Pay-Up Week. This is an event of unusual importance all over the country and is being used for the first time in Medford and this valley February 13 to 18. The idea is to get people to pay up their bills thereby not only making money circulate faster but increasing business, lowering the cost of living, increasing the optimistic spirit and proving helpful to the community in many ways.

With this fact in mind, the patrons of the Page theatre will no doubt welcome the news of the coming engagement of the well known comedienne, May Robson, whom Augustina Piton, Inc. will present Tuesday night, Feb. 21st in a new play, "It Pays to Smile," which is the best play she has ever had, not forgetting her great success, "The Rejuvenation of Aunt Mary."

The play is in three acts, the scenes being laid at the Copley Plaza Hotel in Boston, and at Pinto Poz's ranch in California, which gives the scenic artist much scope.

Augusta Piton, Inc. has not only given the play an excellent mounting, but has surrounded Miss Robson with one of the best supporting casts ever accompanying her on a tour. Medford people who love this story should see this clean comedy.

Fuses and Safety A fuse in an electric circuit is a safety device designed to open the circuit at a certain load. Its use is to prevent the wires in the circuit protected from carrying more than their rated capacity and to prevent fires and damage to electrical apparatus. Fuses are placed at various points in the electrical circuits where the wires branch or change size; also at the entrance to the building to protect the wiring in the building, and on the pole outside of the building to protect the transformer and outside circuit. When a fuse blows, there is usually a cause for it, such as an overload or damaged circuit and the cause should be found and repaired before replacing the fuse. Better investigate and eliminate any risk that may exist. Your Contractor Dealer can protect you at a nominal cost.

CALIFORNIA TO HAVE WARMER WEATHER

SAN FRANCISCO, Feb. 11.—The California bear tomorrow will welcome home a prodigal cub.

"Fair and warmer" is a prediction long absent from the forecast of the United States weather bureau here, made its reappearance today as the program for the entire state Sunday.

It will be "fair" without the "warmer" tonight in the San Francisco Bay district, and the Sacramento Santa Clara and San Joaquin valleys.

In Southern California a flurry of rain will give golfoshes and umbrellas a final outing before the clear skies appear in time for church tomorrow.

MAY ROBSON FAVORITE WITH MEDFORD PEOPLE

In these days of reconstruction, when amusements seekers like every one else looking for that which is best in theatricals, money not being so plentiful as it was a few years since, new plays are apt to be thrown in the discard unless they are presented with big stars and well known casts, which is a guarantee in itself of the excellence of the performance.

With this fact in mind, the patrons of the Page theatre will no doubt welcome the news of the coming engagement of the well known comedienne, May Robson, whom Augustina Piton, Inc. will present Tuesday night, Feb. 21st in a new play, "It Pays to Smile," which is the best play she has ever had, not forgetting her great success, "The Rejuvenation of Aunt Mary."
