Pay Up Week
 February 13 to 18

All Together! Let's Make 'Pay-Up' Week a Big Success
 We can have the same happy experience that hundreds of other communities have had with Pay Up Week. These other towns say that Pay Up Week started better times, better business, better feeling and more prosperity for them. They tell us that nobody was hurt and all were benefited. They have proved that it only takes a few dollars, kept moving from hand to hand to clean up thousands of dollars in bills and that when people make a concerted effort to do this it is easy for everybody.
 Plan to meet as many of your bills as you can during Pay Up Week—then, as others pay you, keep up the good work—pass the money along to some more of your bills.
 Every business man in this community has pledged himself to do this. Every citizen should make it a matter of personal pride and civic duty to help the movement along to the best of his ability.
GET THE PAY UP WEEK SPIRIT! ALL WORK TOGETHER! WE CAN START GOOD TIMES RIGHT HERE AND NOW!

PAY AS YOU GO
 The pay as you go plan beats credit every time. Our customers know that cash paid out for **GOOD SHOES** is a gilt edge investment. A cash customer buys the things that are needed, where a credit account runs a long time the thrift habit is lost and you begin to lose faith in yourself as a money saver.

Impossible!
 It is impossible to give the exact cost of an overhauling job. We can give our customers a close estimate on their work. Our twenty years' experience has convinced us that this is the only business-like policy in the automobile repairing business.
