SAN FRANCISCO, Feb. 14.—In Moscow, Idaho, tonight and tomorrow night, the 1922 basketball championship of the Pacific coast conference probably will be decided when the University of Washington and the University of Idaho try for first place, meet in a two-game series.

Victory in both games will be necessary for either team to take the lead. For if the series is split the five will remain tied. Washington has won all its ten conference games to date, while the Moscow Vandals have won their four contests. In a non-conference game against the University of Montana, Idaho was defeated recently, but in the next game against the same team the Vandals tripled the score of their opponents.

The University of Oregon which has lost twelve games in a row, meets the University of California at Berkeley tonight and tomorrow night and plays at Stanford university Friday and Saturday nights.

TREE FOR FATHER OF MEDFORD AND ALSO FOR TEDDY

Subscriptions in the "Buy a Tree" campaign are steadily coming along. A number of larger purchases of trees are under way, but up to this time have not been reported officially.

Trees purchased yesterday included two by the Southern Oregon Hardware Co., one of which is to be planted in the name and the other in the name of Little Billie Tiche, son of Al Tiche.

C. S. Butterfield requests two to be planted in the names of David F. Wilson and Camilla T. Butterfield. N. L. McGraw asks to name a tree for Theodore Roosevelt.

V. H. Vawter wishes to have a tree planted in the name of J. S. Howard, the father of Medford. Ed M. White of Brown and White says that the list is not complete without a tree in the name of the D. O. K. K. band.

Mrs. A. K. McNally has requested one tree to be planted in honor of boys who lost their lives with the 65th Coast Artillery Corps.

Trees reported yesterday as having been purchased, 134, to which are added the above eight, making a total of 142.

INCOME TAX TALK AT 98TH FORUM

The deputy collector internal revenue, George G. Hewitt, will tell the members of the Medford chamber of commerce all about the collecting of the income tax at the forum at the Medford hotel tomorrow noon.

This will be the 98th consecutive forum, and during the past months the attendance has been most satisfactory. It is the forum that maintains the chamber as a democratic institution as members are given the opportunity of a voice in the conduct of the organization.

M. M. STORE RECEIVES NEW SPRING GOODS

The M. M. Department store is receiving daily shipments of new spring goods which are constantly being put on display for Medford shoppers. These new shipments include the latest creations in women's wear, pumps and shoes. New coats, suits, dresses and a splendid outlay of dainty blouses are included in the shipment.

Mr. Meeker of the M. M. Co., considers himself very fortunate in receiving such generous shipments at this early time and, he says, they place the M. M. store in a better position than ever to meet the demands of 1922 shoppers.

Pay Up Checks Are Proving Popular

A good deal of interest is being displayed in passing along the \$1.00 "Pay Up Week" checks that have been issued by the chamber of commerce. Their extraordinary size is what reminds the possessors of same that it is time to pay the ones they owe.

In coming in possession of two of these checks, the Swen Studio placed them in their cash register and jammed the same and it required an expert to unlock it.

Merchants who are offered these checks in payment of debts or for the purchase of goods should accept them as they are worth \$1.00, the only difference from an ordinary check is the size of the paper.

Y. M. C. A. Notable to Be in City Friday

Albert E. Roberts of New York City, who will visit Medford Friday, has had much to do in the last eighteen years in developing the county work program of the Y. M. C. A. With a vision of the innumerable communities which the association formerly did not reach, Roberts has insistently sought to bring the beneficent influence of the movement to them, also with the result that now about 200 counties are enjoying Y. M. C. A. activities.

Mr. Roberts will speak to the student body of the high school during the forenoon and at 12 o'clock will address a luncheon group of the men of Medford. Men are cordially invited.

F. Arbuckle Witness Disappears Again

NEW YORK, Feb. 14.—Police officials said today they had found no clue to the whereabouts of the woman who registered at a local hotel as Mrs. Zabelle Etruy, believed to be Zey Prevost, missing Arbuckle witness.

The woman mysteriously disappeared from her third-story hotel room yesterday.

EAGLE POINT EAGLETS

Mrs. E. J. Murphy and daughter of Weller came in early Tuesday morning, calculating to take passage on a jitney for Medford, on their way to Ashland to be at the bedside of her mother, Mrs. E. B. Holman, who had the misfortune to be thrown from a buggy and had her leg broken between the ankle and the knee and some of her ribs broken, but how many Mrs. Murphy did not know. After she reached here, she learned that the jitney service had been discontinued, owing to the high tax that has been exacted since the passage of the new law enacted by the special session of the legislature. Mr. Frank Lewis, who has been operating a jit-

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lousy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

ing out. Whether the exposure caused any damage or not I have not heard. And while on the subject of the flu, will say that there is considerable sickness here just now and the directors closed the school Thursday on account of it.

Another item of news I have picked up since I have been able to get over to the postoffice is that Mrs. George Holmes has purchased the E. H. Dufur property, one of the greatest residences in our town. Mrs. Holmes is the principal of our school and her husband, George Holmes, is our largest man who owns and operates the Eagle Point garage.

Another item that Mr. R. A. Weidman has had his electric light system extended from his dwelling to his cow and horse barn, three lights in the barn and one midway from the house to the barn, thus having light to and from the barn, as well as in the barn, a great convenience, without the risk of fire from lanterns.

A. M. Goss of Butte Falls has been out looking after his pear orchard here.

John Gore was out buying up bags of Green Mathews and the Von der Hellens of Weller had for sale.

The next meeting of the E. P. C. C. will be on Thursday February 16, at the home of Mrs. Mittenstadi, Mrs. Macdonald as assistant hostess.

Ed Cowden, Fred McPherson, Charles Mathews, Earl Campbell of Medford, Lester Bradshaw, Brownsville, Jeff and Alvin Conover were business visitors on our merchants Wednesday and Thursday.

Born to Mr. and Mrs. David Smith February 8, a daughter, Mr. Smith is our town marshal and believes in replenishing the earth.

Mrs. Wiley Jones of Talent is here visiting her grand parents Mr. and Mrs. W. G. Knighton.

Carl Bergsman, Aden Haselton and Huston Mathews were here for supper Thursday evening and Aden Haselton and Carl Bergsman remained here over night, and Kay Loosley of Port Klamath was here for breakfast Friday morning and Carl Bergsman went on down to Ashland in the car with Mr. Loosley.

Mrs. A. L. Simmons of Central Point, who has been spending a month in Butte Falls and Mrs. M. E. Richardson of Butte Falls came out on the stage Friday and took dinner at the Sunnyside. They had quite an experience on the way out, as the roads from Derby are so very bad that it is to say the least of it, very difficult to get through with an auto, so have to carry the mail from Derby to Butte Falls in a hack, and on the new road. The trail out off, the horse and Mr. Nichols and wife were both sick in bed with the flu and snow on the roof of the house, but notwithstanding the orders from the doctor for them both to stay in bed, and Gua jumped out of bed, climbed onto the roof and tore off a lot of the shingles.
