A number of local people will journey to Ashland Friday night to see the basketball game between the Roseburg and Ashland high schools. Roseburg beat Ashland last week, and much interest is being manifested, as both teams are fast and clever. Many more from this city and other valley points would attend, but for the lack of facilities to handle over 100 people in the Ashland high school basement. It is hoped for the Ashland-Medford games the contest will be held in the armory, or some other quarters, where all who wish to see the games can, but it is too much to ask Lathia to yield a fancied advantage it has on a "cigar box" floor. In this connection all good Ashlanders refer to the Medford Nat as "a barn."

MOVE FIRE CHIEF LAWTON TO GET A CLOCK IS FOILED

Fire Chief Lawton and the firemen have long ardently wanted a clock for the fire department, but always a hard boiled city council refused to authorize such an expenditure.

Therefore when the chief beheld the councilmen and mayor in such an amiable mood last Tuesday night in discussing and passing the curfew ordinance he was seized with what he thought was a bright idea, and when he realized that Dr. J. M. Keene himself had smilingly given the motion for the passage of this ordinance under suspension of the rules, the always heretofore unusually cautious fire department head waded out boldly with the following:

"Now gentlemen, this ordinance says that the fire whistle or signal must be sounded 15 minutes before the curfew hour, and therefore it is important that we must have an accurate clock, and I respectfully ask the council to—"

Chief Lawton went no further as he saw the faces of the mayor and every councilman freeze up and eyes glare coldly with amazement at his audacity at this proposal to waste the taxpayers' money.

"No, no, positively no!" thundered Keene, chairman of the council fire committee, and who makes a specialty of canine guardianship of the city's money. "From this time on I am determined to see that not one cent of city funds is spent except as an absolute necessity. You boys continue to keep time in the fire house by your watches."

Mayor Gates and Councilmen Gaddis, Miles and Dressler nodded their heads approvingly.

As a psycho-ologist Chief Lawton proved himself one of the biggest frosts in the valley. At that he was only going to ask for an alarm clock.

Hips, Back and Legs Would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lower part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. SIBBERT, 4022 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

It has done this for many, many women; why not give it a fair trial—now.
