Where some of the scenes were taken is a mystery, the pack horses being led along miles of "precarious trails" and through a tunnel in a cliff behind a beautiful waterfall. Phantom Ship was entitled Wizard Island by the film manufacturers, and not a scene of Wizard Island was included in the reel. The film gave the impression that for one precious glimpse of this natural wonder a person would be compelled to ride horseback or hike and endure all manner of hardships.

an infected to given medical attention at Fort Klamath, after which he decided to come on to Medford to get some camera supplies, and to say how-do and good-bye to relatives here. John is one of the most ardent camera friends in Oregon and has become an amateur expert in this line. He has \$200 invested in cameras of various kinds, his last purchase being a \$109 camera last fall. He has taken some wonderful scenes in the lake vicinity during the winter.

John lives alone in the Crater Lake lodge, which is all boarded up except one or two holes for him to crawl out and in. He does his own cooking and while not working at something passes his solitude in reading or talking to himself. When he gets so tired of this one-sided conversation that he finds it unbearable he puts on his skis or snowshoes and hikes down to visit the park ranger stationed at Anna Spring camp, five miles below.

Recently Maben absent-mindedly kicked one of his biscuits lying on the floor, forgetting that even during the regular season it is a foolhardy trick with a deserved physical comeback to kick a government camp biscuit—and thereby so injured his foot that a toe became badly infected.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a tea-spoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.
