N. Y. Stocks

NEW YORK, Feb. 28.—Indications of peal activity in selected stocks caused the general industrial list to work higher after noon. Sugars and oils were pushed up steadily and many less active shares advanced seasonally. Jewel Tea preferred improved eight points, Kellogg Wheat six; Harman company and Liggott and Myers four and American Sugar and New York Shipbuilding three. High grade railroads pursued a downward course, Union Pacific and Canadian losing a point each.

Passing of the dividend on Retail Stores occasioned further weakness in that stock but the general list rallied substantially on renewed buying at junior rails. The closing was strong.
