

Many of the greatest experts prefer Mazola as a salad oil because it blends more perfectly with the other ingredients of the dressing. This is one reason why Mazola is so extensively used today by the best clubs and hotels as well as in dining cars, on lake steamers and trans-Atlantic liners.

TROTZKY FORSEES WAR WITH JAPAN IN NEAR FUTURE

MOSCOW.—The possibility of a new Russo-Japanese war, because of mutual encroachments in the Far East, has become a subject of discussion in military circles here because of the shipment of army physicians and large numbers of officers for troop training purposes to Chita (Siberia) and other points. Also troops subject to discharge at the expiration of service terms are being held.

George V. Chitcher, soviet minister of foreign affairs, has sent many notes to the Japanese, none of which appears to evoke an acknowledgment.

Leon Trotzky, in his speech at the Ninth All-Soviet congress, plainly stated that Russia could not indefinitely endure the advance of Japanese troops on territory of its ally, the Far Eastern republic. He had reference, in particular, to the menace to Chita from Mongolia, by Japanese.

It is felt here that Russia will not and cannot enter into any real war with Japan, partly because of the great distance from Moscow and also the lack of food for any large bodies of troops, but that in the spring there may be more advance guard skirmishes.

In the meanwhile, the weapon of Russia will continue to be propaganda against Japanese militarism by working through the Third Internationale among the socialists and communists of Japan, Korea, Mongolia and China.

This is the main purpose of the forthcoming congress here of Far Eastern peoples. Many inspired articles continue to appear in the Moscow press in an effort to show that the interests of Russia and the United States are identical, as related to Japan.

At the armament conference in Washington Baron Shidehara, made a statement declaring that Japan had no territorial designs in Russia and giving assurances that Japanese troops would be withdrawn as soon as a stable government could be established there.

Baron Uchida, the Japanese foreign minister, had announced to the Japanese diet a few days before that Japan intended to evacuate Russian territory as soon as guarantees could be given for the safety of the lives and property of their nationals.

No date when this could be accomplished was suggested in the Japanese statement to the Washington conference. Secretary Hughes announced in the conference that these Japanese assurances were taken to mean that Japan did not seek through her military operation in Siberia to impair the rights of the Russian people in any respect.

EAGLE POINT EAGLETS

By A. C. Kowitz

Mrs. J. Monia and son of Brownsboro were among the business callers last Tuesday. The same day the stage from Medford was loaded to capacity this far and four passengers went from here on up toward Derby, Prospect and Butte Falls.

J. L. Robinson, Sr., one of our leading farmers in this section, and one of our frequent visitors as a general thing, for he acts as choreboy, running to the blacksmith shop and keeping things in place, was in town about mid-week, the first time for some time. He has several boys helping with his work but the flu had kept him at home as it has most of the people in the country for the past month or six weeks.

W. S. Hoagland, who owns a farm and orchard near Central Point, and another farm near Brownsboro, was a passenger on the stage Tuesday from Medford and went up to Brownsboro on the Lake Creek stage.

Mrs. Cadzow was also a passenger for Butte Falls on the stage Tuesday and so was Roy Davis of Derby on son. Our town mayor has been helping their way home.

Mrs. Mattie Brown, one of the members of the town council and a member of the street commission, has been putting out or rather replacing those trees that were put out last season and died, not for want of proper attention, but on account of having too much water, as where the water has been taken across the street it has been necessary to dam it up in some places and that caused the water to stand in ponds and seeped through into the roots thus causing the damage, but she trusts that she will be able to obviate the difficulty this season.

OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY

Kidneys cause backache? No! Listen! Your backache is caused by lumbago, sciatica, or a strain, and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of St. Jacobs Oil from your druggist and liberate up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest St. Jacobs Oil whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

ing along in the good work. Her attention has been called to a needed improvement on the street running from the main street past the postoffice to the railroad track.

J. W. Isbell who lives on the Wm. Van der Hellen farm and stock ranch on Reese creek went to Medford Tuesday and came out in the night with Wm. Van der Hellen and spent the latter part of the night at the Sunnyside.

Mrs. A. L. Simons of Central Point came out on the Butte Falls stage Wednesday morning and went on up to Butte Falls where her husband is working on the extension of the P. & E. railroad.

Miss Rose Whaley who has been working as an assistant in the Sunnyside hotel also went up to Butte Falls Wednesday morning to visit her parents for a few days and expects to be back again today, Saturday.

George Holmes who has moved into their new home has laid water pipe and connected with the Sunnyside water system as his well does not furnish enough water at all times.

Sam Coy was among the business callers Wednesday.

J. Jordahl of the Independent Cracker company, Portland, was a diner at the Sunnyside hotel Wednesday.

W. G. McDonald, proprietor of the Elk Resort was here Wednesday morning on his way up home.

C. E. Bellows and son and his brother-in-law, W. H. Wyant were here for dinner Wednesday, and so was Carlyle Natwick. He reports that the snow at Butte Falls interferes with the work on their contract very materially.

In speaking of Mr. Nisby moving to Butte Falls in my last letter I stated that he was going to work for Mr. Natwick on the extension of the P. & E. railroad, etc., but in that I was misinformed and since have learned that he had taken a contract for Mr. Cowley to cut sawlogs for the Hawk mill near Butte Falls.

W. E. Lewis, with H. S. Brack Co., Seattle, calendars and stationary, was here Thursday for dinner. He reports that there has been from 9 to 21 per cent gain for January 1922 over January 1921. These are facts secured from the postoffice banks and other sources in his investigations throughout the state.

Dr. J. E. Spatz and wife of Fairfield, Nebraska, and son Ward of Medford, called on your Eagle Point correspondent Thursday forenoon simply to meet him and assigned as a reason that the doctor and his wife had been reading the Eagle Point Eaglets regularly for the past five years and wished to meet him. The doctor asked how long I had been writing for the Mail Tribune and being told that it was about 35 years, just it was the Medford Monitor, the first paper started in Medford, and then the name and ownership was changed to Bilton and York and the name changed to the Medford Mail, and later sold again to a company and several papers consolidated and the name changed to the Medford Mail Tribune under the editorial management of George Putnam, now of the Capital Journal of Salem, and under the business management of S. S. Smith, and now under the editorial management of Robert W. Ruhl, and that I had continued to write regularly all the time. He then inquired how long I had been in the business as a newspaper correspondent and I told him 63 years last September and that I had not missed a week but what I had written from one to four letters each week for 45 years. He then asked my age and was told that I only lacked less than a month of being 90 years of age, and Mrs. Spatz remarked that my appearance so far as longevity was concerned was a recommendation for the healthfulness of the country. I then told her that I had just been in company with three men who were each past 85 years of age.

HEAD STUFFED BY CATARRH? USE A HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or straggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.
