

ASHLAND HIGH GYM FLOOR TO BE PLAYED ON

It has been decided that the Ashland high school gym floor will be used in playing the Medford-Ashland basketball games. This is the same floor which has been used heretofore.

The decision was reached yesterday by J. W. Mishler of Grants Pass, secretary of the State Athletic association. The two schools agreed beforehand to abide by any decision rendered by Mr. Mishler and in view of the nature of it the Medford high school officials and student body are taking the decision with remarkable composure.

It was the wish of Medford that the games at Ashland be played on the Army floor because of the larger size of the floor. It is claimed that Ashland holds an advantage on the high school floor because the Red and White team knows every nook and cranny and every steel post as a bank clerk knows his adding machine. The steel posts are directly on the side lines which is a violation of regulations. Mr. Mishler recommends padding the posts to prevent injury to the men who don't know where they are with their eyes shut.

The first game will be played Friday night at Ashland from the silent determination which pervades in the student body. Team and other high school occupants in this city it seems as though a little of the old enthusiasm, fight and do-or-die spirit is liable to break loose about the end of the week when the team and rooters go to Ashland.

SHERIFF TERRILL COMMENDED IN AUDITOR'S REPORT

In a 46-page typewritten report on the financial condition of Jackson county, filed and completed by E. M. Wilson, public accountant, Sheriff C. E. Terrill, graced in the report of the last grand jury report for failure to perform his duty. "If not actually aiding wrongdoers," is given the following commendation:

"The sheriff is under great financial responsibility, almost equaling that of the treasurer, and the analysis of the tax records shows efficiency in this work, minor errors in the distribution of funds occur, but under the system of tax distribution errors are readily detected and by notice of delinquency to taxpayers, which is now required by law other collection errors are found and corrected. Very few small errors occur in the distribution of special funds by the sheriff as tax collector, and accuracy of the work in the sheriff's office in the tax collection totalling \$1,163,996.78 is commendable."

The report also shows that the net tax delinquency December 31 amounted to \$121,070.24, or less than 19 per cent.

County resources, according to the report, exceed that of 1921 by \$89,510.67, and the net liability reduction in 1921 is shown by the report to be \$44,279.42.

The report also shows that \$2,972,795.68 were disbursed in warrants by the county treasurer. The county valuation is placed at \$27,412,252.

The fines collected by Justices of the peace for the year amounted to \$2021.05.

"Very little of the report is written, practically all of it being tables showing the condition of each office, and the auditor in conclusion urges more interest in county affairs by the 'individual' to get the best in county management."

County Court Agrees To Repair Highway

The regular session of the county court were held today and yesterday, devoted largely to the approving and disapproving of bills for the month, and the transaction of routine matters.

A delegation of citizens from southwest Medford called on the court, and filed a petition requesting that a road in that district be repaired so they could get their mail, as the mail carrier had announced his inability to make delivery unless several mud puddles were eliminated.

The county court promised to send out a man to make improvements.

The application of the Rogue River Canal for the county to build fence on both sides of the Crater Lake Highway for a mile and a half between Agate Station and Cingade hill in order to protect their property will be granted. The highway bisects the land.

VOITURE LOCALE IS GRANTED MEDFORD LEGION MEMBERS

Medford post of the American Legion has been granted a charter for Jackson county for a Voiture Locale or chapter of the national American Legion fun degree, La Societe des 40 Hommes at 8 Chevaux.

Post meetings in keeping with the policy of the Legion are of a more or less serious and dignified nature and in order to keep them so and yet provide for the humor and good clean fun which must be present in any successful fraternal organization the national convention last November designated the "40-8's" as the official second degree of the Legion.

Eugene post is expected soon to send their Locale here for the purpose of initiating a class and applications for membership are now being received by A. J. Crose who was elected correspondent or secretary of the chapter here at the recent organization meeting. Other officers elected were: Paul McDonald, "chef de gare" (president), and Floyd H. Hart, "commissaire intend" (treasurer).

BUYER OF BLUE BLOODED BULL IS AWARDED VERDICT

The circuit court adjourned Wednesday afternoon till Monday, March 20th, owing to the pressure of business in the prosecuting attorney's office. All the civil suits scheduled were settled out of court or dismissed.

In the suit of Frank Randlov against J. C. Cass and Gillie Cass over an incapacitated bull the jury returned a verdict in favor of Cass, buyer of the bull, after half an hour's deliberation, as follows:

Cancellation of the promissory note for \$105 in half payment of bull.

The deduction of \$75 for hogs from the \$105 cash paid on the bull, leaving a balance of \$30.

For keep of bull \$30, leaving a total cash judgment of \$60.

In the civil action of the Mt. Vernon, Wash., National bank against George Morse, a motion of Attorney Porter J. Neff for a non-suit was allowed and a judgment returned against Morse for \$5,255. The suit involved land in Washington.

The new grand jury of which Mr. Mary E. Kleinhammer of Jacksonville is forewoman, will convene Monday, March 13th. The secret indictments returned by the last grand jury, will be among the matters probed by the new body, and their work will also include investigation of all matters left uncompleted by the last grand jury.

Retrial of John Goodwin and James (Shine) Edwards on bootlegging charges are scheduled for the next term of the petit jury. It is doubtful if Edwards will appear for trial. The last heard of him by local authorities, he was in Fresno, Calif., and is reported to have moved elsewhere recently.
