

CARS COLLIDE NEAR GOLD HILL EARLY SUNDAY

A Ford car driven by R. R. Smith of this city and a Chevrolet driven by Frank Carter were both damaged by a Maxwell driven by Ray Moore of Gold Hill at 1:10 Sunday morning following the Saturday night dance in that town. The accident occurred about a quarter of a mile north of the dance hall.

Both cars which Moore collided with were filled with people and several young lady occupants of the Ford sustained minor injuries. The running board and one wheel of the Ford were torn off and a front wheel of the Chevrolet was knocked loose from its connection with the axle. Bud Nelson of this city, Smith and two young ladies occupied Smith's car.

It is alleged that Moore refuses to pay for the damage to the cars. It is also alleged that a young man claiming to be a deputy sheriff threatened the victims of the accident saying that he was a "Two-gun man" and that inasmuch as Moore was a friend of his that Moore was in the right.

Moore and the alleged deputy sheriff wished to compromise as to the disposition of the expense in repairing of the cars, advancing the proposition that each man pay for the damage to his own car. The Maxwell was not badly damaged.

SAYS COWARDICE ENTIRELY MATTER OF PSYCHOLOGY

EVANSTON, Ill., Mar. 6.—Cowardice is a matter of psychology and not of mentality and character, according to a theory advanced by Dr. Charles Louis Mix, professor of clinical medicine, Northwestern university.

"Fear is caused by the suspension of secretion by the adrenal glands, which are just above but not connected with, the kidneys. It is this stopping of the secretions at the moment of fright that causes the dilated pupil of the eye, the dry mouth, shaking knees and quivering heart that are the symptoms of fear," says Dr. Mix.

"After the first moment of alarm, the glands renew their secretions with more than normal activity, thus restoring the balance of courage and enabling the animals under observation to cope vigorously with the situations confronting them."

The new discovery opens the possibility of making all men highly courageous, eliminating congenital cowardice and establishing absolute tests of the capacity of individuals for perilous adventures where the individual's safety depends upon quick, cool head action, the doctor asserts.

The scientists who are following the investigation expect to evolve some means, medical or surgical, that will increase the flow of deficient adrenal glands and speed up the reactions if the glands are tardy in their recovery from the fright inhibition, he adds.

Genoa Meet April 10
PARIS, Mar. 6.—(By Associated Press.) The Italian government today informed the French office that April 10 was a satisfactory date for the opening of the Genoa economic conference. This information was in response to the request sent to Italy following the recent meeting between President Poincare and Minister Lloyd George at Boulogne.

Seattle Petition Denied.
WASHINGTON, March 6.—The supreme court denied today the application of the Puget Sound Power and Light company for review of a decision rendered against it by the United States district court for Western Washington in proceedings brought against S. B. Asis, Daniel W. Bass and others, to dissolve receivership of the company.

Col. Lambert Dies.
CHICAGO, March 6.—Colonel John Lambert, president of the American Steel and Wire company, and prominent in Illinois political circles, died today at his winter home in Pasadena, Calif., according to private advices received by relatives here. Mr. Lambert's home was in Joliet, Ill.

LOCAL AUTHOR WINS PRIZE
(Continued from Page One)

In the years 1916 and 1917, Marshall was presented with "Roll of Honor" stickers, supposed to have permanent literary value. In 1919 he was included in the prize volume for the first time, with "The Elephant Remembers," but did not win a prize. In 1920 the committee said of his work. "Edison Marshall, represented in 1919 volume, by 'The Elephant Remembers,' has written the epic of Brother Bill the Elk." In spite of its length, some fifteen thousand words, the committee was mightily tempted to request it for publication. Its western author knows the animals in their native lairs.

The prize story, the "Heart of Little Shikara," was laid in India, and was published in Everybody's, January, 1921.

CHAMPION BAT BREAKER, AS HE BROKE THREE BATS. WE WILL HAVE ANOTHER RALLY LIKE THIS ONE SOME SUNDAY IF THE WEATHER WILL PERMIT. ANNOUNCEMENT WILL APPEAR A FEW DAYS BEFORE DATE. EVERYONE IS INVITED TO JOIN IN THE FUN. THOSE WHO ATTENDED WERE MR. AND MRS. DAVE PENCE, ALBERTA PENCE, MRS. J. MILLER, MRS. W. WAGNER, MRS. LUCY MOORE AND BOY, ALSO ALL THE PUPILS WERE IN ATTENDANCE.

Claude Moore has been sawing wood for Mr. Miller with his draw saw.

P. E. Sandoz made a trip to town Monday, returning Wednesday.

Mr. Peterson, our mail carrier, is ill with the flu. Raymond Schimhorn is carrying the mail now.

Mr. Schimhorn hauled a load of hay the other day.

Elmer Ivey has an increase in his rabbit industry, as five little rabbits were born Friday, February 24. They are all healthy and the mother rabbit is doing fine. We're going to have some feasting next summer.

William Ivey visited his relations at Persis, Saturday.

The Miller boys are completing their job of grubbing for Mr. Fred Sturges.

We have had fine sunny weather this week, but at this writing it turned stormy with a little snow and the sun trying to break through the rifts in the clouds. The roads are drying off.

Mr. W. Wagner has been ill with the flu.

Antonio Ring went down the road the other day and returned Friday. I was not informed as to his destination.

Howard Ash has built a barn on his place.

A few strangers passed by on horseback last week. Also the new forest ranger has been visiting these parts counting cattle.

Hazel Pence and Daisy Wagner have joined a sewing club.

Lincoln Pence has joined a pig raising club.

MAZAMAS FAVOR DIAMOND LAKE INCLUSION BILL

PORTLAND, March 6.—Proposed inclusion of the Diamond lake area in Crater Lake national park, as provided in a bill introduced by Senator McNary of Oregon, was indorsed at a special meeting of the Mazamas Friday night in a resolution adopted with two dissenting votes. About 25 members of the club attended.

This action followed the reading of the club's committee by John A. Lee, chairman, and general discussion of the project by members present.

Addition of the Diamond lake area to the national park would bring it under the control and jurisdiction of the national parks service. The area is now managed by the United States forest service.

Mr. Lee presented a report of his committee, urging that the area in question, which includes Mount Bailey and Mount Thielsen in addition to Diamond lake, be included in Crater Lake national park. The report was signed by Mr. Lee and James A. Ormandy. The third member of the committee, L. A. Nelson, did not concur fully with the committee report, and did not sign it.

His own report on the matter was presented by Mr. Lee. Mr. Nelson did not attend the meeting, but expressed his regret at being unable to be present in a letter. Richard W. Montague, president of the club, presided. Copies of the resolution will be sent to the Oregon delegation in congress.

N. Y. Stocks

NEW YORK, March 6.—Selling for both accounts caused loss of one to four points among popular industrial and specialties in the first half of today's active session, but these were largely cancelled later. Sales approximated 800,000 shares.

"Stops Laxatives— Health Regained By Internal Baths"

Mr. A. Czarnicki, 657 Montgomery street, San Francisco, Cal., writes Tyrrell's Hygienic Inst. of New York as follows: "I must admit that the use of the 'J. B. L. Cascade' has cured chronic constipation from which I suffered. Since May 12th, 1913, I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, keen, intelligent Americans have found that internal bathing is more essential to their health than external baths. Have found that used occasionally at night they feel like different people the next morning. No more of that bilious, tired, nervous feeling but having by nature's own cleanser—antiseptic warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their faculties acting properly, clear headed, happy, confident and eager and efficient for the duties of the day.

At your drug store, the local store, will gladly explain to you the simple operation of the 'J. B. L. Cascade,' why it is so certain in its results, and will give you free of cost, an interesting little book containing the results of the experiences of Dr. Chas. A. Tyrrell of New York, who was a specialist on internal complaints for 25 years in that city. Why not get this out as a reminder to get this book as soon as possible. Remember, please, it is free.

GOOD WOOD ALWAYS CHEAPEST

Do not be deceived by so-called special, cut rates, or right prices, but go up to the

OLD RELIABLE
where you find us 365 days in the year, with the best and cheapest wood on the market.

WHY?
Because we sell more than half the fuel handled in Medford, treat our customers right, and do not go on the theory that we can "do" the public, and are positively the only yard that has strictly dry wood.
