An article in the last issue of Harper's magazine tells how Yreka, Calif., happened to be named, and no less a personage than Mark Twain is authority for it. When Yreka was a small mining village, so the story goes, a bakery sign was painted and hung up to dry, upside down, with the "B" out of sight. Along came a prospector, and after studying the sign for a few minutes, said: "It's Yreka!" So ever after the county seat of Siskiyou county was thus designated. Word has reached the Crater National forestry office here informally from a recently returned trapper that the depth of snow at Diamond Lake is 7 feet. Inasmuch as Diamond Lake is at the same level as the south of Klamath Falls entrance of Crater National park it is probable that there is about 15 feet of snow at the rim of Crater Lake. The trapper who gave the above information reported that he had trapped quite a number of otter this winter in the Diamond Lake vicinity.

Organize Man Hunt For Woman Whipper

MADISON, Wis., Mar. 8.—Residents of the fourth ward today began to organize for a man hunt to find the whipper who for a week has attacked women with a rawhide lash. Police still have failed to establish a clue to his identity after an attack made Monday night on Mrs. Hanson and still continue to deny knowledge of the whippings.

Mrs. Hanson put her assailant to flight by her screams and blows.

SERIES BASKET B. GAMES OPENS AT NAT TOMORROW

The last games of the basketball season in this section of the state will be played this week-end. A veritable carnival of games, all of which promise to be the real thing, await the fan's Tomorrow night Medford meets Ashland at the Nat in this city. It is the general opinion locally that the Medford boys completely outplayed the Ashland five last Saturday night and a hot battle is looked for. One of the Medford forwards is indisposed not having attended school the past few days, but it is hoped that he will be able to play tomorrow night. If the team is in shape tomorrow night, many local fans expect a victory for Medford. 298*

Ashland supporters state that the consensus of Ashland opinion is that the Red and White will have to play real basketball to win. When it is taken into consideration that Ashland made but two field goals to Medford's five in the first half of the last game it appears that Ashland will have to play real basketball to avert defeat. The student body spirit in the local high school is improving as was demonstrated by the good support given the team in the last game.

Medford plays Ashland at Ashland Friday night and a crowd of Medford rooters is expected to attend.

To finish an interesting season, Ashland and Roseburg teams will meet in this city on the Nat floor Saturday night and a record breaking crowd is expected. Each team has won one game from the other, Roseburg winning on the Roseburg floor and Ashland winning on the Ashland floor. It has been decided that the two teams will meet on neutral ground to decide the question of supremacy and admittance to the state tournament at Salem.

Inasmuch as the state tournament question is involved this game should be a contest of hot rivalry and it is expected that a real fight will be witnessed by the spectators.

The young lady was the only one caught in the raid who appeared for trial, and denied the police allegation that she was drunk, claiming that her condition was due to cigarette smoke and the odor of the joint. She was fined \$5 by the police judge, which she paid.
