

U. S. EXPORT TRADE DECLINE IN JAN. 1922 SENSATIONAL

WASHINGTON, Mar. 8.—The decline in the value of America's foreign trade in January as compared with January of 1921 is further emphasized in statistics as to trade by continents and countries for the first month of the present year made public today by the department of commerce.

Exports to Europe totalled \$148,902,246 compared with \$325,218,637 in January a year ago and \$1,219,687,511 for the seven months ending January last, against \$2,440,597,216 for the seven months ending in January, 1921.

Imports from Europe for January last amount to \$68,113,493 compared with \$59,578,643 for January a year ago and \$457,179,132 for seven months ending in January last year, against \$21,562,233 for the seven months ending in January a year ago.

Exports to South America in January last were \$13,963,869 compared with \$61,130,289 in January a year ago and \$102,082,231 for the seven months ending last January against \$399,774,500 for the seven months ending in January a year ago. Imports from South America were \$22,803,943 for last January, compared with \$30,759,498 for January, 1921 and \$154,943,329 for the seven months ending last January, against \$362,517,876 for the seven months ending the previous January.

Exports to Asia were \$46,973,866 last January, compared with \$73,186,686 for the previous January and \$290,353,425 for the seven months period ending last January, against \$118,191,859 for the seven months ending January a year ago. Imports were \$62,780,681 for last January, compared with \$84,506,662, in January a year ago.

KU KLUX ACTION LEADS TO ARREST OF LADY FOR MURDER

DELAND, Fla., Mar. 8.—Acting on information which the authorities say was furnished by the Ku Klux Klan, Mrs. Alice R. Shields was arrested today at St. Cloud on a warrant charging her with the murder of her husband, William A. Shields, formerly of Moline, Ill., who was shot and killed near here February 6.

Peter Smith, a negro has been held in the county jail as a suspect here since the killing and after her arrest Mrs. Shields is said to have given officials a statement in which she charged the negro with the actual shooting.

The couple operated a poultry farm near here. On the night of the shooting they started home from Deland in an automobile. Mrs. Shields told the authorities that several miles from town her husband stopped the car because of an obstruction in the road and that when she alighted to remove it an unidentified person at the roadside fired upon him with a shotgun. Shields was instantly killed.

Singer Makes Record Recovery

Lucien Muratore, Chicago Opera Tenor, who was operated on recently for appendicitis, announced he will be able to sing in performances at Portland in March. He was ill just three weeks. He is shown on Fifth Avenue, with his wife, Lina Cavalieri.

OREGON INCLUDED IN NATION WIDE WHEAT COMBINE

DENVER, Colo., Mar.—A federation of all the state wheat growers cooperative societies on the 100 per cent pooling plan, to be known as the American Wheat Growers, associated, resulted from a series of conferences here, which ended recently.

The membership represented in the organization controls between 75,000,000 and 100,000,000 bushels of wheat, and this control will be further augmented as various states now either in the process of organizing or contemplating organization, complete their work.

In addition to the formation of this gigantic pooling plan for controlling the flow of wheat from the producer to the consumer, the conference resulted in removing the antagonism that has been growing between the various state organizations and the United States Grain Growers, incorporated.

The details of the federation provide for the establishment of a zoning system for the handling of wheat. The federation will function as soon as one more zone consisting of two or more states in one locality have perfected their state organizations. The Northwest Wheat Growers, associated, now in organized and has been operating for two years.

Another detail of the organization provides that each state organization will retain its individual organization, the national federation being pledged not to absorb the powers of the various states. The national federation, however, will centralize the activities of the various state societies and will handle all details of exporting grain and finding foreign markets for the wheat growers by the members of the society.

In addition, the national federation will supervise the work of securing funds for the various state organization members, will maintain a statistical department, the result of which will be available to all members and will work out a co-ordinate system for marketing the wheat controlled by the federation. Oregon wheat growers are to be included.

HOW TWO WOMEN ESCAPED OPERATIONS

Doctor Advised Use of Lydia E. Pinkham's Vegetable Compound

Happy Results in Both Cases

St. Joseph, Missouri.—"Both of my sides swelled and hurt me so that I could not move or do any of my work. There was heavy pressure and pains through my lower organs and the doctor told me to try Lydia E. Pinkham's Vegetable Compound for these troubles. He said I had this one chance, and if the Vegetable Compound did not help me nothing but an operation would. After taking several bottles I felt it was helping me and now I am able to do my own work. If my testimonial will help others I shall be glad for them to read it and hope your Vegetable Compound will do them as much good as it did me." —Mrs. Wm. LOCKMAN, 513 N. 4th St., St. Joseph, Mo.

White Plains, N. Y.—"I had such a pain that I could hardly walk and the doctor said that I needed an operation. I was sick for a year before I started taking your medicine and I could not work. I saw your advertisement in a little book and that is how I came to take Lydia E. Pinkham's medicine. I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine, also Lydia E. Pinkham's Liver Pills and used Lydia E. Pinkham's Sanative Wash and the capsules and prescription recommended. I am doing all my work and have gained twenty pounds. I am taking the medicines still, but I feel fine. You have my permission to use this letter for the good of others." —Mrs. MARY MARK, 37 Hamilton Ave., White Plains, N. Y.

Some female troubles may through neglect reach a stage when an operation is necessary. But most of the commoner ailments are not the surgical ones; they are not caused by serious displacements, tumors, or growths, although the symptoms may appear the same.

When disturbing ailments first appear, take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Harding Wants Coal Agitators to Quit

WASHINGTON, Mar. 8.—Belief of President Harding that the local operators and miners should keep faith and get together before the expiration of the present agreement on March 31, was reiterated today at the White House.

The president, it was said, informed Secretary Davis that the department of labor should insist on both parties to the present contract observing the provisions for a meeting of the operators and miners to renew the agreement before the expiration of the present one.

660 BARRELS OF WHISKEY 50 YEARS OLD AND \$2,000,000 IN GOLD LIE IN WRECKED SHIP OFF CRESCENT CITY

SAN FRANCISCO, Cal., March 8.—Romance of the sea and of treasure hunts center around the wreck of the steamer Brother Jonathan, supposed to lie about 20 miles off Crescent City, the northernmost point in California. The steamer was wrecked more than 50 years ago.

MILWAUKEE, Wis., March 8.—Gold valued at about \$2,000,000, 660 barrels of whiskey more than fifty years old, and a large amount of jewelry lying at the bottom of the Pacific ocean off the coast of California, is the prize which is luring a party of Milwaukeeans, who leave here Friday to risk their lives in attempting to recover it.

Off the California coast, the exact spot known only to the Milwaukee party which was learned from an aged "Digger" Indian, who died years ago, lies the government vessel Brother Jonathan, which went down 50 years ago and which is thought to contain in its hold the treasure.

The story of how the sinking of the ship came to light is a romance in itself. Years ago, Elias White, editor of the Crescent City, California, Courier, aided an aged Digger Indian in distress. Before dying, the Indian gave White the details of the sinking of the Brother Jonathan, which he had witnessed.

White later came in contact with E. E. Mansfield of Milwaukee. He told his story and Mansfield became interested and organized the Deep Sea Reclamation company which is incorporated at \$25,000. Under the terms of the incorporation, all the treasure recovered is to be divided equally among the 27 members.

Warden G. Smith was secured as diver and has completed his "diving cage," which will be shipped to Crescent City, Cal., from here Friday. This cage is able to go to a depth of 1,000 feet into the water without endangering the life of the operator, Smith declared today.

L. G. Guhl, one of the incorporators, says that a movie company has completed its plans to film the entire operations of Smith while in the water and perhaps use it as a plot in a movie treasure hunt.

Permits have been obtained by the company to bring the whiskey, when recovered, to Milwaukee, where it will be divided.

SCHOOLS GIVE UP FIGHT TO INSIST ON VACCINATION

TACOMA, Mar. 8.—Several thousand school pupils whose parents refused to permit them to be vaccinated against smallpox, will go to school again tomorrow despite the ruling of the city health department last month that all unvaccinated pupils should be barred after March 7. Superintendent W. F. of the city schools today ordered all school principals to suspend the order and to admit all pupils.

Dr. Joseph Kane, city health officer said he "stood pat" on his original order but did not indicate what steps he would take to enforce it.

"The smallpox menace is now negligible," Superintendent Geiger said. "Every day a student stays out of school costs the school district 36 cents from its state school fund allotment. There is no question but that it would cost from \$35,000 to \$40,000 to enforce the vaccination order and the schools can't stand that loss."

NO RESERVATIONS NEEDED, 4 POWER PACT, KELLOGG

WASHINGTON, Mar. 8.—Advocating ratification of the four-power Pacific treaty without hesitation or qualification, Senator Kellogg, republican, Minnesota, told the senate today that the pact was as free from "entangling commitments as to make reservations possible sources of embarrassment rather than of advantage. The Minnesota senator declared no agreement to employ force or to defend any other nation's rights was contemplated by the instrument, and characterized the "no alliance" reservation approved by the foreign relations committee as wholly superfluous.

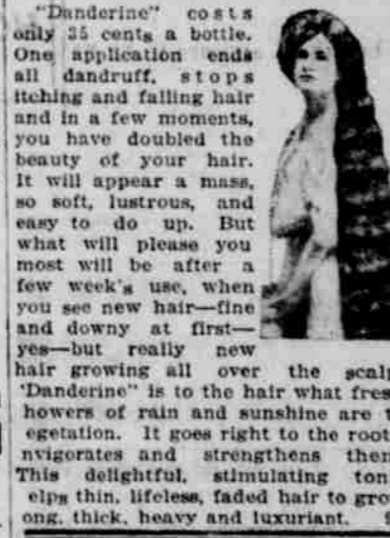

"There should be stronger ground for the adoption of reservations by the senate than the argument that they can do no harm," he declared. "If we are going to ratify the treaty covered over with unnecessary reservations, because they can do no harm we may find that other countries will do the same and some of the reservations—theirs or ours—may hinder the ratification or weaken the effect of the treaty."

Senator Kellogg reviewed the negotiations leading up to the treaty and asserted that one of its most important provisions was that abrogating the Anglo-Japanese alliance which he said long had been viewed with suspicion. He alluded to the Bryan arbitration treaties and similar international agreements as furnishing precedent for the four-power pact.

\$150,000 Stolen From Phila. Dental School

PHILADELPHIA, Mar. 7.—Bonds and other negotiable securities valued at more than \$150,000 have been stolen from the strongbox of the Dr. Thomas W. Evans dental school and museum funds of the University of Pennsylvania. It became known late last night, Walter A. Unger, assistant treasurer of the fund, is being sought in connection with the case. Unger, who is 27 years old disappeared from his home here last Tuesday.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Dandarine" costs only 25 cents a bottle. One application ends all dandruff, stops itching and falling hair and in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Dandarine" is to the hair what fresh hovers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic elips thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. 91

Trowbridge Cabinet Works

For cakes and pie making, Mazola is equal to butter—at a remarkably lower cost. Follow your usual recipe using 1/4 to 1/2 less of Mazola than the amount of butter called for.

PIE CRUST

1 1/2 cups Sifted Pastry Flour 1/2 teaspoon Baking Powder
1/2 teaspoon Salt 1/2 cup Mazola
4 tablespoons Cold Water

Sift dry ingredients. Add water to Mazola and beat until creamy. Mix quickly into dry ingredients. Toss onto slightly floured board and roll to desired thickness. This recipe makes one double pie crust.
