ENGLAND GRANTS U. S. CLAIM NOT UNREASONABLE

LONDON, Mar. 12.—(By Associated Press.) Although America's claim to priority of payment for the upkeep of the United States army in the Rhine-land has been featured in the news columns, the first extended comment appeared early today.

The Daily Chronicle, under the caption "America's bombshell," says: "Intrinsically the claim is not unreasonable and if the practical effect is to make some of our continental friends less zealous to prolong the occupation of German soil this would be quite as much to the taste of British public opinion, as American."

The Westminster Gazette, using the same headline, says there is not much doubt that every penny the United States takes will have to come out of the allies' share of the reparations.

This action by the United States compels the allies to face the fact that the cost of occupying German territory is altogether out of proportion to the debt for which the occupation is security and that the whole scheme of payments need to be revised."

The Gazette adds: "The Morning Post's Berlin correspondent says news of the American demand was received there with undisguised satisfaction at the embarrassment it was likely to cause the allies."

The Taegische Rundschau is quoted as saying that the moment has come for Germany to inaugurate an active foreign policy aiming at obliteration of the treaty of Versailles.

3 FLOATING BOOZE PALACES FOR N. Y.

NEW YORK, Mar. 12.—Plans for a floating liquor palace off New York beyond the three mile limit are going forward, according to James V. Martin the promoter, in spite of the announcement of Ray A. Haynes, federal prohibition commissioner, that the vessel will not be permitted.

Furthermore, declares Martin, a second and possibly third liquor palace will be constructed, should the first be successful.

In answer to Commissioner Haynes' assertion that he will seek to thwart the scheme Martin says that there is nothing in international law that forbids a resort of this character.

Martin asserts that the vessel will be as large as the Leviathan, that it will be constructed in Europe and that the investment will amount to \$10,000,000.

ANOTHER PACKER CLAIMS A LOSS

CHICAGO, Mar. 12.—The annual statement of Wilson and company, packers, revealing an operating deficit of \$8,462,650 during 1921, was made public today.

Including payment of preferred dividends, the deficit for the year was placed at \$9,206,265, compared with profits of \$1,590,990 in 1920 and \$5,900,000 in 1919.

The statement said that while sales totaled fewer dollars in 1921 than in previous years, the tonnage was nearly the same.

Wilson and company was the last of the big five packers to issue a statement and each company reported a loss for the year. The aggregate deficit of Wilson and company, Cudahy and company, Armour and company, Swift and company and Morris and company was \$77,517,460.

SCIATIC FOR 30 YEARS—FREED BY INTERNAL BATHS

Mr. Geo. E. Thurston of 1700 Hurst St., Portland, Ore., writes to the Typo-rell Hygienic Institute of New York: "I have suffered nearly thirty years with Sciatic Rheumatism. Two years ago I purchased a 'J. B. L. Cascade' I haven't suffered one pang since I used it. It is a wonderful treatment. The 'J. B. L. Cascade' cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

EAGLE POINT EAGLETS

By A. C. McNeill

We are having our regular March weather now, wind, snow, sunshine and heavy freezing all about the same time, for one can get up in the morning and find the air cool and bracing and will conclude that our disagreeable weather is about over, and perhaps in the course of two hours there will be a change and a man will need an overcoat and the next change will be warm and he will begin to think of leaving his coat and about that time here comes a snow squall and the next morning the ground will be covered with snow, and the poor old ewes who have been anticipating a warm spell and the starting of the grass will droop their heads and almost give up in despair.

But then this is our regular March weather and while it works a hardship on the poor stock that have, if not neglected, not been properly cared for, and on the owners who have been so eager to accumulate a band of stock at small expense and anticipate a warm spring, and trusting to Providence instead of forethought instead of management, but we are glad to state that the most of the cattle have been kept so that they will come out fairly well, although I hear the reports from different directions of quite a number of cattle on the range who are in a very bad condition.

AT THE RIALTO

Manager Attie takes great pleasure in announcing the appearance of Mary Pickford in her greatest triumph, "Little Lord Fauntleroy," at the Rialto theatre next Wednesday matinee. This adaptation of Frances Hodgson Burnett's fascinating story of the little boy whose mother never allowed him to grow up is one that appeals to every person, parents and children alike. It makes a charming picture since it details with all the sentiment, pathos, humor and characterization intact. The picture takes the spectator from America to England and the charm of the settings, the wonderfully fine acting by the star and her able assistants are sufficient to enlist the sympathy and regard of every audience.

One of the strongest and most delightful pictures in which Thomas Meighan, the well known star, has been seen this season is "Cappy Ricks," which was shown with considerable success at the Rialto theatre yesterday. Mr. Meighan is seen as a seaman in the story which is colorful, dramatic and at times quite thrilling. The story takes one to the South Seas and every scene following the murder of Matt's captain, his thrashing of a burly Swede and his triumphant return home to Florrie, is filled with genuine drama. Agnes Ayres has the leading feminine role while Charlie Abbe gives an artistic portrayal of Cappy.
