

SEND IN YOUR BALLOT, CHAMBER COMMERCE POLL

Forty votes have been cast in the primary election for directors of the Medford Chamber of Commerce and members have but forty-eight hours left to submit the ballots.

This election closes at seven-thirty on Friday evening, March 17th and it is the desire of the present officers that the members, of which there are more than two hundred who have paid their dues to April first exercise their privilege of the ballot in order that a selection of directors be made by a representative number of members.

Those of the membership who have not paid their dues may have the privilege of a vote upon the payment of the amount which they are in arrears.

Each member is to vote for eight directors. The sixteen members who receive the highest number of votes will have their names placed on the final election ticket. The members will then again vote for eight in the final election, seven of which will be selected for a two-year term and one for an unexpired term of one year.

TREE CAMPAIGN ENDS, 280 TO BE PLANTED

The "Buy a Tree" campaign for the county fair community grounds closed yesterday with the subscription of Miss Sara Van Meter for a tree to be planted in the name of the Roosevelt school.

This makes 280 trees which will be planted this spring and the committee in charge desire to express their appreciation to the many citizens of Jackson county who have made it possible to secure this splendid start in the beautification of these community grounds.

A plan of marking the trees is now being worked out and a permanent record will be kept as to the name given each tree.

ASHLAND PLAYS SALEM TOURNAMENT FRIDAY NIGHT

SALEM, Ore., Mar. 15.—Eight of the nine high school basketball teams which will participate in the Oregon State High School Athletic association championship tournament on Thursday, Friday and Saturday of this week, have been announced by Roy Bohler, director of athletics at Willamette university who is in direct charge of the tournament.

In one of the nine districts the championship of the district has not yet been decided. This is district No. 3, where the title rests between The Dalles and Redmond high school. The deciding game between the two schools will be played Wednesday night.

The championship teams in the other eight districts are as follows:

District 1, Joseph high school; district 2, Pendleton; district 4, Ashland; district 5, North Bend; district 6, Eugene; district 7, Salem; district 8, Newberg; district 9, Astoria.

Under the schedule arranged by lottery yesterday the teams which will meet in the first elimination games are between Newberg and Astoria, Thursday afternoon; Joseph vs. Eugene, and North Bend vs. Pendleton Friday afternoon; Ashland will meet the district 2 champions Friday evening.

BAPTIST PASTOR PLEADS FOR MORE SENSATIONALISM

NEW YORK, Mar. 15.—In a letter addressed to "discriminating New Yorkers" Rev. John A. Roach Straton, pastor of Calvary Baptist church, today pleaded for the overthrow of "pulpit pussy-footing," and the adoption of more "sensational preaching."

It was from Dr. Straton's pulpit that William A. Brady, the theatrical producer recently defended the morals of the stage and moving picture studio in an open debate with the pastor. The Rev. Dr. Stuart McArthur, pastor emeritus recently withdrew from the congregation after criticizing his successor for sensationalism.

"There is no use in trying to heal the cancer of sin with soothing syrup," Dr. Straton declared in his open letter, "and it is idle to sprinkle cologne water upon the putrid iniquities of a rebellious race."

The clergyman declared that if it were a crime for a preacher to be a sensationalist then Amos, Elijah, Daniel, Peter, Paul, "and even the Divine Son of God himself, would have been convicted as criminals in their day."

PRESENT RATES ON WOOL TO EAST ARE SUSTAINED

WASHINGTON, March 15.—Exacting rates on raw wool from the west destined to manufacturing plants around Boston are held responsible today by an inter-state commerce commission examiner, who reported to the commission his recommendations after investigating the complaint of the Boston Wool Trade association.

The rates attacked by the association were chiefly the charges for combination rail and water hauls on wool produced in the west and moved to the Pacific coast for trans-shipment via the Panama canal.

Though holding the present charges reasonable, the examiner declared that the railroad practice of refusing to halt cars moving to the Pacific coast at various points along the line to pick up small wool shipments, which privilege is given to cars moving east with an all-rail haul of wool in view, constitutes a discrimination against the rail and water traffic. This, it was suggested, the railroads should be required to move.

The report will not be made effective until approved by the commission itself.

Vale, a town character who is both philosopher and inventor, fits the acting methods and the temperament of Will Rogers perfectly. It is one of the best roles that an actor of Mr. Rogers' type can hope for. Whoever has seen Will Rogers' pictures, will know that his Noah Vale in "A Poor

relation" is certain to be a masterly characterization. In support of the star are such well known players as Sylvia Breamer, Molly Malone, Wallace MacDonald, Sydney Ainsworth, Little Robert De Ville, George Williams and Jeanette Trebaol.

B. F. Irvine Refuses To Be a Candidate

PORTLAND, Ore., Mar. 15.—B. F. Irvine, Portland newspaper editor has announced his decision not to enter the field as a democratic candidate for the governorship, taking the position that his field of service as an editor will be wider and more effective.

He announced his decision in a letter to the Women's Democratic club, representatives of which were instrumental in getting his name before the people and circulating petitions for his nomination.

PAUL'S ELECTRIC STORE INSTALLS RADIO SET

Keith Baughman, a local high school student and wireless fan is perhaps as well posted on radio as any one in Medford. During the last two years he has built up a complete sending and receiving set that enables him to keep in touch with the entire coast.

Concerts "broadcast" from such places as the St. Francis hotel and the California theater in San Francisco as well as from the new Wm. P. Hawley, Jr., station in Portland and even as far as Denver are a regular evening occurrence at the Baughman home.

Keith is a regular licensed operator a government requirement for all sending stations. Messages from as far west as the Hawaiian Islands and from the east as far as the state of Illinois are picked up with his equipment.

For the price of a good phonograph, a receiving set may be installed in one's private home and if desired, a "Magnavox" or "loud speaker" will proclaim throughout the entire room the world's latest news, the daily market reports or the cities best concerts. At the present time there are only two licensed sending stations in this section, Keith's and Hamilton Howell, who is located between here and Central Point. There are, however, several receiving stations and from the interest shown and the inquiries made, there bids fair to be several more.

The Grants Pass Courier has ordered a complete receiving set in order to pick up the latest news and Keith is now engaged in assembling a set for use at Paul's Electric Store, where he is a regular employe and where wireless news may be "sampled" and where radio fans may listen in. One of the experimental stations known as the Colin B. Kennedy station and located at Low Altos about 40 miles south of San Francisco, has some of the most modern equipment and is "broadcasting" almost every evening the latest of music. This station is also sending out every Monday evening at seven-thirty the latest commercial news for the Journal of Electricity of San Francisco. The demand for wireless apparatus is so great that deliveries are now thirty to sixty days behind and radio supply houses intimate still further delays due to the inability to meet the present needs.

WORK FOR ALL AT RED CROSS SHOP

The Red Cross Thrift Shop is making it possible for every woman in Medford who is interested in Red Cross work to be of real service to the cause. If you can sew, knit, piece quilts, braid rag rugs, or do any kind of needle work, you can help with the sewing work. For those who do not sew there are many other kinds of work, such as helping in the shop, helping collect bundles, and many other things.

Call up, or drop into the Red Cross office, and see what particular thing you can do to help. This is a place where service rather than money counts.

G. O. P. LEAGUE OF NATIONS OFFERED

WASHINGTON, Mar. 15.—Creation of an association of nations was formally proposed in the senate yesterday by Senator McCumber, republican, North Dakota, during debate on the four-power Pacific treaty.

The North Dakota senator read the plank in the republican platform of 1920, regarding such an international agreement and then placed in the record his proposal which he said would carry out the pledge.

The draft which he submitted would provide for consultations on all subjects threatening war, would condemn wars of aggression and would fix a six months period of investigation when hostilities were threatened. The parties to the association would be the United States, Great Britain, France, Italy, Germany, Austria, Spain, Japan and Russia.

Leaking Suit Case Leads to Capture

TACOMA, Mar. 15.—William Walters, 50, the first suspect arrested in connection with the robbery of the bank at Centerville, Wash., last Thursday night, was taken in custody yesterday by Sheriff M. M. Warner of Klickitat county.

Walters was arrested here through a trick of fate. He bought a ticket for Tacoma in Vancouver, Wash., and checked his suitcase. It burst open while being handled by baggage men and revealed a quantity of Liberty bonds, stamps and currency.

Gold Certificates To Be Issued Again

WASHINGTON, March 15.—Issue of gold certificates without demand, discontinued in 1917, was resumed today by the treasury.

The treasury now holds approximately \$3,000,000,000 in gold and it was said there is no reason why gold certificates should not be freely available.

The Fordson Farmers' Calendar

THERE'S PROFIT EACH DAY THE FORDSON WAY

1922 SUN 1922 RI SAT

The Cleanest Farms In Any Community

FORDSON farms have that reputation. Early fall plowing is what keeps these farms free of weeds.

"That's easy to talk about, but how are you going to plow when the ground is so hard and dry, and the weather so hot that a team can't work?" That, probably is your objection to the formula.

"Use a Fordson-Oliver Plowing Outfit," is the answer. Heat and hard soil and dry weather don't bother a bit when you use Fordson power instead of horses. Early fall plowing with a Fordson tractor and an Oliver No. 7 plow will enable you to turn over the soil the time you know it will do the most good.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Dandierine" costs only 35-cents a bottle. One application ends all dandruff, stops itching and falling hair and in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Dandierine" is to the hair what fresh hoppers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic elips thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. 31
