

LOCAL WOMEN ATTEND MEETING AT GRANTS PASS

GRANTS PASS, Ore., March 14.—The annual meeting of the Woman's Presbyterian Home and Foreign Missionary Society of Southern Oregon, which opened in Bethany Presbyterian church Tuesday afternoon, is proving of great interest and profit to those who are privileged to attend. The reports from the various officers are encouraging.

At the meeting Monday night Miss Harriet Elliott, now stationed at Neshby, Wash., but formerly at Truchas, New Mexico, gave a most interesting account of the customs and religious ceremonies of that little known section of the United States. Mrs. Chas. W. Williams, of Portland, also gave an inspirational address. Mrs. Fletcher Linn of Portland gave a talk to the young people who were served with supper at the church.

Among the others in attendance from outside the city are: Ashland—Mrs. J. W. McCoy, Mrs. J. M. Rose, Mrs. Olive Page, Mrs. C. B. Lanken, Mrs. F. J. Shinn, Mrs. J. H. Wick, Mrs. Estelle H. Hays, Rev. and Mrs. Chas. Hallett, Rev. Kahler. Phoenix—Mrs. Angell, Mrs. John S. Bonar, Mrs. D. Grannis, Mrs. W. F. Brown, Mrs. Morgan, Mrs. Malmgren, Mrs. M. J. Morris.

Medford—Mrs. E. H. Hurd, Mrs. Volney Dixon, Mrs. E. R. Lawrence, Mrs. A. R. Clemet, Mrs. Litteral, Mrs. Card, Mrs. E. A. Welch, Mrs. Allen.

Jacksonville—Mrs. Hart. Rogue River—Mrs. Dyer.

The session closes this afternoon with an election of officers.

Spanish Murderer.
MURGIA, Spain, Mar. 16.—(By the Associated Press)—Julian Perez Lasso leader of the Spanish provincial reformist party, was assassinated yesterday. Seven bullets pierced his body. One of his assassins, Francisco Cascales, was arrested.

WENATCHEE ON RECORD IN FAVOR OF GROWERS CONTROL

WENATCHEE, Wash., Mar. 16.—Representatives of the Skookum units are in the city today to attend a conference at the Coal club, scheduled to begin at ten o'clock to decide on plans for the marketing of the 1922 fruit crop. The following momentous resolution was passed by the board of trustees of the Wenatchee district co-operative association in executive session last night.

"It is the sense of the board that we sell our own fruit through a grower-owned and grower-controlled selling organization. That before the formation of a selling organization, we invite other growers or groups of growers to unite with us in forming such an organization."

Skookum units are local co-operative organizations in each community which in the past have been functioning as units but selling their fruit through the Northwestern Fruit exchange. Recently they cancelled their selling arrangements with that organization.

The Wenatchee district co-operative association was organized one year ago and efforts are being made among a certain strong faction of the growers to unite the efforts of the two organizations.

To assist in this accomplishment, the Skookum units had practically agreed to swing in under the same eastern selling organization of which A. R. Rule is the head.

This move is now followed by this action on the part of the Wenatchee district co-operative association favoring the organization of a selling concern of its own.

Arthur Rule, vice president of the North American fruit exchange, spoke about the future of the co-operative movement, predicting that the grower co-operation will be the solution of the entire apple problem. He stated that at the close of the year's business, the results obtained by the co-operative association will compare favorably with the results obtained by other marketing organizations. It is not possible, he said, to get a correct view of the year's work until the year's operations are completed.

Local Bribe's ANTIGONISH GHOST, 14-YEAR-OLD GIRL SAYS N. Y. EXPERT

For the fifth time since last October the store of E. C. Faber was entered at Central Point Sunday evening and clothing, shoes and other articles of wearing apparel taken, the exact amount not being known. Entrance was gained through a bark window. Mr. Faber thinks the series of burglaries were all committed by the same thieves, and that they are as well acquainted with the store after dark as he is. The prowlers helped themselves to a lunch before departing.

New shipment millinery on sale tomorrow, \$1.98 to \$10.50. M. M. Dept. Store.

W. W. Harmon, a well known civil engineer, one time county surveyor of Jackson county, who was chief engineer on the Grants Pass railroad to the coast, has accepted a position on the city engineer of Oakland, Calif. force.

For business opportunities in S. Oregon consult the Four-Site Sales Agency room 421 Medford bldg., phone 900. tf

E. V. Carter of Ashland, spent Wednesday afternoon in the city attending to business matters.

A newly overhauled car needs working in carefully. Don't wait until the hot weather and then be bothered by an overheating motor. We are equipped to handle all makes of cars and guarantee our work. We guarantee to stop oil trouble. Have your cylinder work done by one experienced in that work and on a first class machine. De Luxe pistons; rings, pins. Work by hour or flat rate schedule. Riverside Garage, P. P. Close.

The Epworth League of the First Methodist church will give a St. Patrick's party Friday evening at the church at 8 o'clock. All members and friends are cordially invited to attend. Everywhere you look you see a Chevrolet.

No new indictments were returned by the grand jury Wednesday or today. Many witnesses were called Wednesday morning and afternoon, giving testimony on violations of the traffic laws on the Pacific highway and conditions at country dances, it was said. The present grand jury expects to conclude its sessions Saturday.

Walter N. Martin of the California Oregon Power company arrived this morning from San Francisco and will spend several days here on business.

A long distance telephone message received in the city last evening stated that Dr. J. J. Emmes was continuing to make an unexpectedly rapid recovery from the major operation performed on him last week in a hospital in that city.

The card party that was to have been held tomorrow, St. Patrick's day, by the Altar society of the Catholic church for the benefit of the Red Cross chapter has been indefinitely postponed.

The rainfall of last night amounted to .15 of an inch, and rain is the prediction for tonight and Friday. Much snow fell in the mountains, and there was a liberal covering to be seen in the foothills this morning.

ANTIGONISH GHOST, 14-YEAR-OLD GIRL SAYS N. Y. EXPERT

HALIFAX, N. S., Mar. 16.—White Dr. Walter Franklin Prince, New York scientist and lover of ghosts is satisfied that entirely human and not super-human agencies constituted the Antigonish ghost it was learned today that residents near Caledonia Mills, which is near the MacDonald home were reluctant to accept his version that Mary Ellen MacDonald, 15, was at the root of their phenomena.

Dr. Prince, in a lengthy report, the fruit of a week's stay in the "haunted house of Alexander MacDonald," declared the adopted daughter of the old farmer was author of the supposedly supernatural fits and pranks among the livestock which drove the family from the old homestead in the lead of winter. The ghostly slaps, which Harold Whidden, reporter and P. O. Carroll, provincial detective, claim to have received, were attributed to natural phenomena by Dr. Prince.

Skeptics of Antigonish county today, however, are seemingly loath so easily to relinquish the importance that attached to their section of the country so long as the outside world was fascinated with tales of what they are wont to believe was a prankish youth with designs on the MacDonalds. They characterize as absurd the scientist's nomination of Mary Ellen as combined author and cast of their mystery, while in a "dazed state," and the victim of an "altered consciousness."

PRESIDENT EXTENDS VACATION ONE DAY

ST. AUGUSTINE, Fla., Mar. 16.—(By Associated Press), President Harding has decided to remain one day more here and to leave for Washington Saturday afternoon instead of Friday, it was announced today by Sec-

retary Christian. The party expects to reach Washington Sunday. Speaker Gillett, as a result, plans to leave tonight for Washington.

Congressman Will Recover
FORT WORTH, Texas, Mar. 16.—Congressman Lucien Parrish of Henrietta who was seriously injured near Roby, Texas, last night when his automobile overturned, will recover, according to a long distance message from attending physicians at Stamford this morning. His skull is not fractured it was said.

MOTHER! CLEAN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

APPOINT TELLERS C. OF COMMERCE

The polls for the primary election for the nomination of directors for the Medford Chamber of Commerce close tomorrow evening at seven-thirty and ballots received after that hour cannot be counted.

The following tellers have been appointed: J. R. Woodford, Thomas C. Beckett, Ivan H. Corner, C. L. Goff, E. M. Wilson, Dr. Robert D. Coe, Carl Fichtner and Jack Swem.

The sixteen members receiving the highest number of votes in the primary election will have their names placed on the final election ticket. This final election takes place in the week following the primary and the eight receiving the largest vote will be the directors of the Chamber of Commerce.

After the first of April, the newly elected and the hold over directors will meet and elect a president, vice-president, treasurer and secretary.

Ballots for the primary election have been coming in very slowly.

Ford Sedan Smashed N. Oakdale Avenue

A Ford sedan, bearing an Oregon 1922 license plate, No. 25,458, was badly damaged last night when it collided with the delivery truck belonging to B. J. Palmer of Palmer's Piano House.

The front springs and fenders and radiator of the Ford were badly cracked and battered and the car was taken to a local garage this morning for repairs.

Palmer's truck, which was parked slightly south of the Christian Science church on North Oakdale, was pushed across the street by the impact, but suffered no appreciable damage.

The driver of the Ford is said to be a resident of Ashland, but his name is as yet unknown.

Jackson County School Notes

The last two local council meetings at Phoenix and at Bellview schools have been successful sessions. The Phoenix council mustered a larger number of teachers than any other so far. And what good Saturday appetites the pedagogues exhibited over the choice luncheon prepared by the ladies of Phoenix! Better methods, new methods, and how I do it, were all thoroughly presented and discussed in various branches and lines of work. No one is afraid to speak out what he knows at these small gatherings, which is much to the advantage of all. At Bellview the elected chairman presided for the first time, and teachers were present who had come many muddy miles in order to be here. Some patrons were present for the sessions and for lunch hour which made it all the more a helpful getting together.

The Jackson County Athletic association met at the Medford library on Saturday last and laid plans for the track and field meet at Talent on April 28. All schools in the county outside of Ashland and Medford can enter for the various contests. It was ruled that volley ball and baseball games shall be played among the town schools at their pleasure, but no league arrangements will be made for match games. Volley ball will be played by rural teams at the field meet. All rural schools are urged to plan for the meet and to participate in it.

There are 350 boys and girls enrolled in boys and girls club projects. Sewing is the most popular so far with 152 members; cooking, especially the camp cookery, comes next with over a hundred; poultry work enrolls 59, home-making 16, garden work 9, pig raising 8, calf raising and potato growing six each. More enrollments will follow to judge from word received from various districts asking about rabbits, canning, etc.

As part of daily physical exercises, schools are learning the uniform county drill which will be given en masse on Jackson county school day in May.

Teachers' contracts for next September are already being filed in the county superintendent's office. Now is the time for school boards to notify their teacher if she is the one they want in their school next year.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."—Mrs. MARY SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing the merit of this well-known medicine.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Vegetable Compound?

A MILESTONE on the HIGHWAY of HAPPINESS! NOW PLAYING!
