BURGLARS BUSY IN CENTRAL POINT, HOME RANSACKED

CENTRAL POINT, March 17.—Visitors, who work in the dark, and who are known only by their dark deeds, have been quite busy in Central Point the past week. Early in the week the home of Mrs. Cooksey, one of the most beautiful and comfortably fixed homes in Central Point, which has been closed for several months, while the owner was visiting a daughter in Portland, was entered by means of breaking a glass panel in an outer door. The house was thoroughly ransacked and everything turned topsy turvy. The caretaker noticed the disorder and the broken panels when he came to look after the place the next morning and surmised that night visitors had been there. Investigation proved that someone had been there undoubtedly and although the extent of the theft is not known it is thought that the intruder helped himself liberally.

Later in the week, the Evans store, better known as the Faber store, was entered and several dollars worth of goods taken. This is the fourth time this year that this store has had the unwelcome visitors, and the owners feel that they have had more than their share of company and would not regret it at all if the intruders visited elsewhere. Just why this particular store is always picked on is not known; but it is probably on account of its rather isolated and convenient position away from the center of the business district and on the corner of Main and on South Pacific streets, giving the lawbreakers a chance to work without much fear of detection.

"And Home Came Ted," is the name of a clever little play put on by students of the local high school, under the direction of Miss Beatrice Gaylord, Thursday evening, in Central hall. A good sized audience was present and received enthusiastically the successful efforts of each and every member of the acts. Music was furnished by the Central Point High school orchestra, and was very good. The entire evening's entertainment was a decided success and the effort and strenuous work put forth by all concerned was amply rewarded by the successful outcome.

The Ladies Aid Society of the local church was entertained at the home of Mrs. R. H. Stearns here Wednesday afternoon. A large crowd was present and everyone there enjoyed herself thoroughly. The meeting was very successful in every way.

Ernest Scott, who was reported seriously ill the first of the week is improving at this time and is thought to be on the road to recovery.

The windows of the confectionery department of the Thurber and Dixon store of this city are very artistically decorated with bunnies, ducks, small chicks, ponds, grass, logs, chicken-coops, and everything pertaining to the Easter season. We have some real window decorators here now, and people appreciating the artistic in

anything will love to look at these windows. They are a pretty sight for any one to gaze upon.

George Fox and Guy Tex have moved their real estate office to the Whiteside building on Main street, and the building formerly occupied jointly by them and John E. Ross, barber, has been converted into one room and Mr. Ross is now the sole occupant.

Mr. and Mrs. Horace Bromley of Medford were visiting Central Point friends and relatives Sunday.

Mrs. Royal Nichols of Willow Springs left Sunday evening for Portland, returning here the first of the week. While in the Oregon metropolis, Mrs. Nichols adopted a tiny son some two weeks old, and brought him home with her.

Miss Cowgill, a former Medford girl; but now of Spokane, Wash., who has been visiting relatives and friends in San Francisco for some time past en route to her home in the Washington city, stopped here Tuesday morning for a brief visit with her brother, Ralph Cowgill and family, who reside in the Willow Springs district.

There was born to Mr. and Mrs. Charlie Sanderson of Beagle at the home of C. S. Sanderson in this city, early Tuesday morning, March 7th, a son. The new arrival in the house of Sanderson has been christened Ernest Ray.

Mr. and Mrs. Charles B. Gay of Medford visited the former's parent, Mr. J. H. Gay at his home here Sunday.

Mrs. Merritt Hoagland, who has been quite ill with a severe attack of tonsillitis for the past week is somewhat improved at this writing.

Mr. and Mrs. George Howard and little son, Billy George, of Jacksonville made a business and pleasure trip here during the past week.

The funeral services over the remains of the late W. W. Scott, prominent pioneer resident of Central Point, who died last Thursday afternoon, were held at the family residence, Saturday afternoon. The reverend Carlton Jones of the local church officiated and interment was made in the Central Point cemetery. Hosts of friends, men, women and children, who knew and loved this venerable man of Central Point, wended their way early in the afternoon to his home and crowded the house and yard, and with bowed heads and respectful mein paid their last respects to one who will be greatly missed here among his fellow men. Mr. Scott was one of Central Point's oldest citizens, and was known and esteemed by everyone. Had he lived until the twenty-first day of March he would have been eighty-eight years of age. Mr. Scott was a prominent member of the local M. E. church and ever was one of the mainstays of that Christian organization. He was upright, conscientious, God-fearing and ever stood firmly for what was right. His long life was full of rich deeds and kindly Christian acts. With his passing Central Point loses one of its noblest citizens. To his aged widow and the several children which survive him the entire community extends its sympathy.

PARIS—Georges Carpentier may never fight again, according to the opinion expressed by medical men in close touch with Carpentier as he left for La Guerche, his country home.

ASHLAND W. C. T. U. CONDEMNS DANCING IN PUBLIC SCHOOLS

ASHLAND, Mar. 17.—"The tumult and the shouting dies," and it is a relief to invoke some sort of a recession as a change from the hickering and invective which have been indulged so freely locally for the past month. Hence we turn, by way of contrast, to the quiet, the peaceful and the undisturbed, a halcyon condition prevailing in an ideal atmosphere created by the W. C. T. U., and although the county convention of that organization was held here sometime ago, the union desires to emphasize the following cardinal principles as a main objective:

Resolved, that we continue our efforts for law enforcement and secure the nomination and election of men to office who will be an honor to our community and state and fearless in the enforcement of law.

That we encourage and aid the teachers of our public schools in following the state law requiring the scientific teaching of temperance in the schools.

That, whereas, dancing cannot be classed among the requirements for education, that it lowers the moral tone and interferes with all legitimate efforts to secure learning, therefore,

Be it resolved, that we protest against the practice of dancing in our public schools.

That we believe that the Bible should be read, without comment, in our schools.

That we urge good citizens everywhere to uphold, by the presence and moral support the enforcement of laws and in the trial of offenders.

That we do everything possible to co-operate with city and county officials in regard to enforcement of the cigarette law.

Furthermore, in its practical creed, the union declares that "Prohibition was not won by idleness, neither will it be kept in force by idleness, and it is clear that our work is not done, in the face of problems more vital than ever. To recapitulate its main activities, purity of social life, Sabbath observance, anti-narcotics, refined dress for refined women, scientific temperance instruction in our schools, supplemented by evangelistic work, are only a portion of the twosome avenues of service enunciated by the union in the world-wide scope of its activities."

The Madrigal club of O. A. C. will be in Ashland on Friday evening, Mar. 24.

The story goes that a home missionary was canvassing remote territory way beyond Trail recently, and inquired of a native if there were any Episcopalians in that region. Unfortunately the h. m. carried a shotgun, implying membership in the game killing association. The native replied, "I've been the boys did kill one under the barn last week."

Mrs. H. G. Enders has returned home from a winter's visit in southern California.

San Francisco and Oakland papers have published sensational accounts, connecting Leslie Schwimley, senior student at the University of California, in an escapade involving an alleged secret marriage, abduction, etc. At first it was thought the matter was simply the result of a college prank, several fellow students being also implicated in the forcible detention of Leslie at the home of a prominent family in Oakland. As a result members of the district attorney's staff were called upon to straighten out the tangled affair, the exact particulars connected with which are not even yet thoroughly understood. The young Schwimley is the son of Rev. W. A. Schwimley, former pastor of the Congregational church in Ashland. From here the family went to Lodi, Calif., and afterwards to Oakland, where the father was recently pastor of Calvary Congregational church in that city.

The Shepherd and Vaupel families are home from a tour to the orient, having left Seattle last January for China and the Philippines.

The new billiard parlors, yet without a distinctive name, retains the signs "Munsing's Underwear," prominently displayed at its main entrance.

Repair facilities are being afforded at the Norton Auto Co., on Pioneer avenue, by Hugh McKenzie, who has installed an annex dealing with this class of work.

The death, near Talent recently, of Mrs. J. J. Walker, formerly Mrs. Creighton, calls to mind the passing of an industrious and kindly disposed woman, favorably known in this vicinity, whose death will be lamented with regret by a large circle of friends. Funeral services were held at Stock's chapel, Thursday afternoon, interment being in Mountain View cemetery.

Hall & Lindstrom have opened up their new foundry and machine shop, the construction of which has been underway for some time past.

A talk on the "service class," an enrollment which will be taken throughout the state in the near future, was the topic of an address given by Geo. Coddling, of Medford, early in the week before a representative gathering of the American Legion.

Uncasy lies the head that wears a correspondent's hat. The writer during the late chamber of commerce un-

POLAND WILL BE CENTRAL EUROPE'S RICHEST COUNTRY

In an interview with Mr. F. de St. Fallo, vice-president of the Baldwin Locomotive Works, on his return recently from Poland, he said, "Poland's industries have developed so rapidly that she is now able to export textiles, oils, lumber, iron, grain, and of course salt. With her great natural resources she is likely to be one of the first countries of Central Europe to acquire a satisfactory currency suited to future conditions."

pleasantness was taken to task, on the one hand, in making a forecast that Greer would poll only twenty per cent of the chamber's strength, and on the other, was accused of publishing in these columns gross inaccuracies regarding the status of the chamber numerically, although the figures were merely quoted from the Tidings' authority. No credit, however, seems to have been granted the writer for chartering a jitney post haste in hustling Homes' screed to the Mail Tribune, in which Fred declared fealty to both factions in the common bonds of a mutual sympathy. Somebody owes an apology to H. P. Holmes, his name having been used in the list of directors, instead of that of Fred Homes, as intended. If there ever was a non-combatant, "H. P." is one, and he was not mixed up in this fight.

The public tourist camp in Portland is contemplating charging fifty cents per day for camping privileges, instead of the half-dollar for a ten-day limit. This question of a nominal charge for these accommodations, heretofore free, is being agitated among the several towns up and down the line.

Ashland high school basketball tossers are having headquarters at Salem this week, engaged in a series of games both at the capital city and in neighboring towns. Preliminary to this northern tour, Nate Bates, proprietor of Hotel Ashland tonorial establishment, treated the entire personnel of the team to the privileges of the shop, not even a lipstick massage being barred.

"The World's Judgment Day—Is It Here?" was the topic defined by L. F. Zink, lecturer of the Bible Students persuasion, at the Lyric theatre Thursday evening.

Now is the accepted time to heed the admonition of the official horticultural commissioner, and spray against scale.

EDEN PRECINCT CLAIMS RECORD BIG HEN'S EGG

By Mrs. Mary O. Carey.

EDEN PRECINCT, Mar. 16.—Eden Precinct holds the record for big hen eggs. One from J. M. Rader's measured 6 1/2 by 8 inches in circumference, while Mrs. C. Carey has one that measures 6 1/2 by 8 1/2. The weight had not been ascertained when these items were sent in.

Mrs. Lester Fay has returned home from the hospital with her infant son, mother and child are doing nicely. This is the first son born to Mr. and Mrs. Lester Fay.

John Gore makes his regular trips to Ashland with fat porkers which he has raised on his ranch south of Medford, and which he has butchered on the farm. Mr. Gore has several hundred head running in his green alfalfa fields which will soon be ready for the block.

Last Tuesday the big derrick which is built for the drilling work at the Trigonon well, fell down. This is the second time the timbering has collapsed. When the near residents heard the noise of the falling timbers they rushed to the scene expecting to find someone killed or badly injured, but fortunately there was no one at the well but the driller, and he was not in the main building but in the shed, the corner of which was torn off by falling timbers. Had there been spectators within the building, as there often are, there is no doubt but there would have been someone killed or injured.

Several ladies from Phoenix were in attendance at the Presbytery missionary board meeting which convened in Grants Pass this week. Among those who went from the Phoenix church were Mrs. Donna Grafes, Mrs. Angel, Mrs. Walter Brown and others.

Leslie Halk left Phoenix for the north Tuesday. Mr. Halk has been offered a good position when he arrives at his destination. He would have preferred to have remained in Medford, but work in his line seemed scarce.

Mrs. Julia Knighton who died at her home in Eagle Point, was for many years a resident of Talent. It was while Mr. and Mrs. Knighton lived here that their daughter Arvile Hunter was accidentally killed at Ashland. After this great sorrow they moved to Eagle Point, and within the next few years they lost their other two children. Charlie Knighton was killed also by accident, by the explosion of

some dynamite which was stored in his shop. Later their last child, Eddie Knighton, was drowned, falling into an irrigation ditch while in a fainting spell. Notwithstanding all these great trials, Mrs. Knighton was ever patient and resigned to her sorrows. She was a sufferer for many years and bore her afflictions with great fortitude. Mrs. Knighton was a Christian since early life. She leaves her aged husband to mourn her death, also several grandchildren. Interment was in Phoenix cemetery, Saturday, March 11, 1922.

For some time I have been observing the destruction wrought by the wharf-rat. I believe they are doing more harm to the stored crops than the ground squirrel is doing to the growing crops. Few farmers are giving the matter as much serious thought as they should. The time will soon be here as it is in the east, when every outbuilding will have to have a concrete floor, and be made rat-proof. It will be almost impossible to raise young chickens, which is fast becoming one of our chief industries. Grain hay cannot now be kept over winter without great loss. Corn is almost impossible to keep as fast warehouses are entirely rat-proof. This is a matter which should be called to the attention of the agricultural department, and steps taken to compel the work of extermination of these pests as they do the ground squirrel.

Mr. and Mrs. Dave Watt of Phoenix, were in Medford Saturday doing trading and attending to other business.

Tomorrow morning—set KELLOGG'S Corn Flakes before the family! A feast for the eye and a feast for keen appetites! For, Kellogg's are as extra-delicious as they look—all sunny brown and wonderfully crispy, crunchy! My, but how they delight everybody!

Kellogg's Corn Flakes are not only distinctly superior to any imitation, but are the most fascinating cereal you ever ate! Kellogg's appeal to every age! Little folks and old folks find in them the same joyous pleasure! For Kellogg's have a wonderful flavor—and Kellogg's are never tough or leathery or hard to eat!

Insist upon KELLOGG'S—the original Corn Flakes in the RED and GREEN package! It bears the signature of W. K. Kellogg, originator of Kellogg's Corn Flakes. NONE ARE GENUINE WITHOUT IT!
