

PRINCESS MARY'S HUSBAND IS GIVEN SOURDOUGH DEGREE

SEATTLE, Wash.—An A. B. degree of the northland—the sign of membership in the Arctic Brotherhood, an organization of Yukon and Alaska "sourdoughs"—was conferred in 1909 in Skagway, Alaska, upon Viscount Henry George Lascelles, who recently became the husband of Princess Mary of England.

Score of Alaska pioneers say the viscount proved to be red-blooded and worthy of membership in the frontier order when, as secretary to Earl Grey, then governor-general of Canada, he accompanied the earl on a trip to the Klondike. Three days were spent in Skagway, Alaska, where the A. B. degree was conferred upon both the earl and the viscount.

M. A. Snow, who was chief of the Skagway branch of the order at the time, conferred the degree. Mr. Snow, now in Seattle, told recently of the initiation work, which included a trip over the "Chilkoot Pass" in the lodge room.

"Lascelles, attired in a 'parka' and 'mukluks' the Arctic shirt and shoes, was started over the trail," Mr. Snow said. "Amid the howl of 'malamute' dogs and surrounded by shouting drivers urging him to 'mush on,' he reached the summit and was permitted to rest on a flat rock. The rock proved slippery and Lascelles 'bit the slide,' providing amusement for Earl Grey and the old-time members.

"Being weak from the slide and the sudden stop at the bottom my lord was led panting to the camp cook, who had prepared a 'malamute' stew of the finest 'mukluks,' dried salmon, soap berries and icicles. At this part of the initiation, Lascelles gained the admiration and respect of the members by drinking a cup of the steaming broth at a gulp, although he had accidentally had a peep into the kettle. After demonstrating his ability to carry a pack and his willingness to live on the northland fare, he was voted worthy of being an Arctic Brother.

"I, at that time Arctic chief of the camp, invested him with the insignia of the order, the gold pan, marked with 'A. B.' and holding little nuggets. Wan, but game after his experience in roughing it, Lascelles expressed himself as enjoying the trip over the pass. By his speech he made himself solid with all the members present."

SEX DETECTOR A FAKE, DECLARES U. S. AGR. DEPT.

WASHINGTON, March.—Beware of the sex detector, says the department of agriculture. It is widely advertised as one of the greatest "marvels" of the age, but there is nothing to it, the department asserts in a formal statement.

According to its manufacturers and publicity agents, the detector is a small instrument that will unfailingly indicate the sex and fertility of eggs, the department says, adding that poultry raisers were promised phenomenal hatches and as high a percentage of females as they might desire by its use.

"But this was only part of what might be expected of this simple, but potent little device," declares the department in a recent circular. "It was said to tell the sex of oysters, butterflies, caterpillars, beetles, and worms or even the sex of the animal from which were obtained such products as leather and cheese, although there would seem to be little difficulty in the case of dairy products. "Even the criminologist was offered assistance, for it was claimed that the unfailing little detective would tell the sex of the person who shed the blood found on clothing or elsewhere. One manufacturer said that by attaching a wire to his apparatus and running it through a keyhole he could determine the sex of any person holding the loose end of the wire."

At the suggestion of the post office department the bureau of chemistry of the agricultural department made tests of several such instruments with the result that all the manufacturers have now gone out of business.

SULPHUR CLEARS UP ROUGH OR RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It never fails to remove the torment and discomfort, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it liberally.

BAKU OIL KING AGED 101, WORKS AS STONE MASON

BAKU, Azerbaijan, March.—At the age of 101 years, Hadji Tagiev, Baku's former oil king, who was ruined by soviet nationalization of his property, has started to rebuild his fortunes where he began—as a stone mason.

Hadji Tagiev is an optimist. "A man isn't old so long as he can work," he declared and, like a true Mussulman, he continues to dye his white beard brown.

He is using his spare moments in earning to write. For more than 80 years he had signed his name to business papers by making his mark with a blunt stick dipped in ink.

"One must keep up with the times," he explained to curious friends when the centenarian began to take lessons.

Tagiev is known to Americans through his reception in his Baku palace two and a half years ago of the General James H. Harbord mission. He was and is known throughout Russia and the middle east as an example of a poor man who became immensely wealthy, first as a house builder and then, 60 years ago, through the purchase of a piece of oil land that yielded abundantly. This was in the days when oil was gathered close to the surface and taken from wells in buckets.

When the Azerbaijan republic was sovietized by Moscow his palace was converted into a children's orphanage and his treasurers of art and tapestry scattered. While trying to take some of his silver plate and paintings to the country in ox carts apparently laden with straw, a red sentinel at the outskirts of the city discovered and seized the escaping wealth. Tagiev was believed to be the workman of Baku and was not harmed in person.

He is now living in the village of Marda Kiani, near here.

SALE OF CHINESE BOYS AND GIRLS CALLED SCANDAL

LONDON, March.—The sale of boys and girls at Hong Kong has been denounced as "an abominable scandal in a British possession" at a meeting of the Anti-Slavery Aborigines' Protective society here.

St. Lee Strachey, editor of the Spectator, wrote that if the facts were as represented, the state of affairs in form of slavery in existence when young people were deliberately sold and subjected to the cruel lust and greed of their purchasers.

A resolution was passed declaring that continuance of the system amounted to the connivance of slavery under the British flag. It was estimated at the meeting that those held in bondage under this system numbered 50,000.

A score of societies were represented at the conference which was held to determine what steps should be taken to stop the sale of children. Viscountess Gladstone, who presided, declared that the system ought to be abolished. She said she did not think that any British man or woman could have believed it possible that anywhere under the British flag, children four years of age and upward could be openly sold and handed over as chattels to their purchasers to become drudges or victims of prostitution.

She said, however, that the matter was not so simple as it looked because "the adoption" system was not a wrong thing in itself. Charles Roberts, formerly Under Secretary for India and president of the Anti-Slavery society, said it was an established fact that Chinese girls and boys were sold and bought in Hong Kong at from \$10 to \$15 per year of age and it was a significant fact that higher prices were obtainable when girls were sold for purposes of prostitution. Yet they could not get the colonial office to admit that the system was one of slavery. It was enough for him that it constituted traffic in human beings which ought to be put down by law.

Censure Poindexter For Newberry Vote

YAKIMA, Wash., March.—The Sunnyside Pomona Grange, which claims a membership of several hundred, today issued resolutions severely criticizing Senator Miles Poindexter for his vote in the Newberry case. The resolution, first presented by Walter Price, is:

"Whereas, Senator Poindexter voted to seat Senator Newberry of Michigan, resolved by this and other acts that Senator Poindexter has shown that he is a tool of the capitalistic class and an enemy of the producing class and that therefore, we recommend to the farmers and laboring class that they refuse to any longer support him at the polls, but in the future cast their votes for one of their own class who is class conscious and true to their interests as shown by his record in the past."

The resolution was made public by Secretary W. H. Ehler of the grange. And No Exemption. WARSAW, Mar. 23.—The government has adopted a resolution giving women equal rights with men sitting on juries. American and English precedent was quoted in the debates on this question, the settlement of which makes Poland the first country of continental Europe to legalize women jurors.

AMERICANS BEST IN RUSSIAN RELIEF STATES BRITISHER

LONDON.—Sir Benjamin Robertson, who has just returned from an investigation of the famine in the Volga River district of Russia on behalf of the combined British relief agencies, has just reported that all famine operations in Russia should be placed under the American Relief administration because of its efficiency.

Sir Benjamin is regarded here as the world's foremost famine authority. He was British governor of the central provinces of India for 35 years. In his report to the British relief fund he said:

"Nothing should be done to interfere with the operations of the American relief administration. Its organization is perfect and its work in the Volga kitchens splendid. My heartiest congratulations to the A. R. A. "It must have absolute right of way for its transportation for the next two months, so that it can rush the food and seed grain to the Volga before the spring thaw and mud make the roads impassable. The crop must be planted at all costs.

"If anything can save Russia from complete disaster," he continued, "it will be the \$20,000,000 gift of corn from the American people which is now on its way. That gift of corn is Russia's only hope of life. Child-feeding alone is not adequate. The adults must be kept alive to sow the fields for this year's crop. We cannot preserve a nation of babies, or the famine will be perpetual."

Sir Benjamin said that he never saw a famine in India that equalled the present conditions along the Volga.

GAVE MURDERED WOMAN WEDDING RING WORTH 150

SEATTLE, March.—Fifteen cents was the value of the wedding ring James E. Mahoney placed, a little more than a year ago on the finger of Mrs. Kate Mahoney, for whose murder he was later convicted and sentenced to be hanged, it was revealed today when appraisers of her estate filed their final report in superior court here.

The total value of the estate, which had been previously estimated at as high as \$200,000, was fixed at \$24,252.25. The Mahoneys were married in February, 1921, and in August Mrs. Mahoney's body was found in a trunk at the bottom of Lake Union here. The state charged Mahoney killed her for her property. He is held in the county jail here pending an appeal to the supreme court from his conviction.

SEARCH VESSELS FOR BOOZE PARCELS

WASHINGTON, Mar. 23.—All naval vessels except combatant craft arriving at the Hampton Roads naval base from foreign ports will be searched "for suspicious packages" under orders issued by Rear Admiral Rodman, commandant of the fifth naval district.

"Recently cases of liquor have been found concealed under the coal in the bunkers and under the tared chain in the chain lockers," Admiral Rodman's letter of instructions said, adding "bill of lading and the cargo itself should also be scrutinized for suspicious packages."

MICHIGAN WILL RAISE REINDEER

LANSING, Mich., March.—Michigan, through its conservation department, will attempt to propagate reindeer in the upper peninsula of the state.

A consignment of 50 cows and 10 bulls, ordered months ago from Norway, recently arrived in New York. The herd will be brought to Michigan and turned loose. For the present, because of demoralized transportation conditions, the reindeer will be allowed to roam in the northern part of the lower peninsula, but in a few weeks, they will be transported across the Straits of Mackinac into the country that is to be their permanent home.

Good for That "Flu" Cough For quick relief from the wearing coughs that "hang on" after the gripe or influenza, take Foley's Honey and Tar. Mrs. K. D. Drake, Childs, Md., writes: "After an attack of the flu that left me with a severe cough nothing seemed to relieve me till I tried Foley's Honey and Tar, which I can highly recommend." It is also good for croup, whooping cough and colds. It puts a soothing, healing coating over the inflamed surfaces, cuts the phlegm, eases hoarseness, clears the air passages. Sold everywhere.
