

---and we are a healthy, happy family now

Louis Gingras

TRIPLING with abundant energy, appetites hearty, nerves strong and steady and their faces radiant with the glow of perfect health, the entire family of Louis Gingras, 9 Harrison Ave., Providence, R. I., are an eloquent tribute to the powers of Tanlac, the greatest family medicine the world has ever known.

"I've put Tanlac to the test four times right in my own family and it hasn't failed me once," declared Mr. Gingras. "My wife, my son and my daughter, as well as myself, have all been built up from a half-sick, run-down, worn-out set of people into a healthy, happy family brimful of new life and energy."

And the experience of this family is only typical of thousands of others whose statements are on file in the Tanlac offices. Hardly a day passes that does not bring scores of such messages of praise from every part of the United States and Canada from families where mother, father, son and daughter have all found health, contentment and the joys of living through simply taking a course of Tanlac.

Take, for instance the case of John Widner, 1571 Roosevelt Ave., Los Angeles, Calif., who says: "My wife, myself and little boy are now as healthy, happy family as you will ever see—and it's all due to Tanlac."

Or that of Mrs. John Marquis and her family of sixteen, living in Manchester, N. Y., at 292 Belmont St. She says: "Tanlac has been the only medicine used in our house for two years and it has kept every one of the sixteen here in the best of health."

In Chicago, Frank R. Richards, of 441 South Wood St., writes: "We will never be without Tanlac in our house after the remarkable way it has built up my wife, my son and myself to where we are the very picture of health."

Representative of New York is the

case of Chas. E. Van Colt's family, residing at 129 Fourth Ave., Albany. He says: "Every member of our family is enthusiastic over Tanlac. It's certainly a medicine for all the family."

From far-away Canada comes this message: "My little girl, my son and myself are all enjoying splendid health now and Tanlac brought it all about." Mrs. Bert Hower, 193 East Avenue, Toronto, Ontario.

"We call Tanlac 'The Family Medicine' here in our Virginia home, because it restored my mother and sister to perfect health, just the same as it has done me," is the enthusiastic statement of Mrs. J. F. Robertson, Danville, Va.

And on through the list, men, women and children from every state in the union and every province of Canada unhesitatingly come forward and tell in words ringing with sincerity of the wonderful benefits of health and happiness that Tanlac has brought into their homes that were formerly darkened by the gloom of sickness, suffering and despair.

And should yours be one of those homes where any member of the family is thin, run down and weakened from loss of appetite, caused by indigestion and stomach troubles, you have at your very door the means that will no doubt bring the sunshine of vigorous health back into their lives and yours, just as it has done in so many cases. Do not delay. Get a bottle of Tanlac from your druggist today.

COSTA RICAN GIRL WINS BIG ALIMONY

CHICAGO, Mar. 24.—An agreement in the legal battle between Herbert C. Crane and his former wife, Miss Elida Piza, Costa Rican beauty, was said to have been reached by attorneys representing the principals in the case last night and will be signed in court next week.

According to the agreement, Miss Piza will give \$25,000 bond to either keep Antonio Raphael Crane, three year old son, in the jurisdiction of the Kane county circuit court or produce him in court on order. Mr. Crane will pay approximately \$74,000, representing the unpaid portion of the \$100,000 alimony award that went with the divorce decree with interest as computed by her and Miss Piza and will waive all other claims against Crane.

LAST DAY TO VOTE IN C. OF C. ELECTION

One hundred and thirty-two members of the Medford chamber of commerce have cast their ballot in the final election of directors and those who desire to vote must send in their ballots before 7:30 this evening.

The tellers will undoubtedly complete the count by 9 o'clock and the names of the directors elected will be posted.

Seven of the directors are being elected for a two year term, and one for an unexpired term of one year.

IRISH TABLEWARE IS FINE ERIN WHISKEY

CHICAGO, Mar. 24.—Postal clerks sorting dead letter parcels today found a package labeled "knives and forks," mailed from Ireland to an unrecognizable Chicago destination. Opening it to catalogue the contents for an auction, they discovered the Irish tableware had been distilled and bottled.

Two quarts of cutlery, according to the official records, were then poured into the sewer.

EAGLE POINT EAGLETS

By A. G. Elliott

R. A. Petty and W. P. Holbrook were among the business callers Saturday morning, and J. P. Clayton, the bookkeeper for C. H. Natwick, one of the contractors on the extension of the P. & E. R. R. from Butte Falls to near the base of Mt. McLaughlin, and Carlyle Natwick, Buster Matweas, Chris Beals, the mail carrier from Derby to Butte Falls. Mr. Beals came out on the stage and went on to Jacksonville as he had been summoned to serve on jury duty, were here for dinner Saturday.

John Miller and family, who bought the Dr. W. W. P. Holt property, has moved from his farm on the S. Little Butte creek, into our town.

After I finished writing my last letter for the Daily Mail Tribune I learned that the ladies E. P. C. I. C. of E. P. concluded that as they had succeeded so well in improving the park that they would hire men and teams and do a lot more work, so had a lot of new soil hauled in and having the ground properly prepared for the planting of trees and I understand that one of our county commissioners, James Owens, has proposed to donate the trees necessary to supply the demand, and the prospect now is that if our present mayor and lady street commissioner live that we will soon have a park to be proud of.

A. Mayfield and wife, who have been here helping to care for Mr. Mayfield's sister, the late Mrs. Wm. G. Kreighton, have gone to Ashland to live in their old home.

Mr. and Mrs. F. W. Reid of this place went to Grants Pass Saturday and to Ashland Sunday. Mr. Reid is the engineer who run the steam roller on the C. L. H. last summer and says that he expects to run a roller on the road from Grants Pass, putting on the hot stuff, the finishing touches, this season.

Mrs. W. Mills, who is living on the Fred Petonza farm, was in town on her way to Ashland, her old home, to visit her daughter, who is there taking lessons in music. She said that her husband was now in the Southern Pacific hospital, that he had been in the employ of the S. P. R. R. Co., and while in the discharge of his duties was hurt in his spine, and while working, moving onto the farm, hurt himself, and as a result, was taken to San Francisco to be treated. They have a five year lease on the Pelouze farm.

Among the callers Sunday for dinner were Mr. and Mrs. A. W. Hubbs, shoe dealers, of Medford, Mr. and Mrs. E. J. Feldman, also of Medford, Wm. Merritt of Reese Creek, Anton Ring of Trall, he and Mr. Merritt spent the night; I. P. Clayton, B. F. Natwick and his sister, Mrs. Gladys Cooker, A. B. Shelby, a traveling salesman for Baker Hamilton Pacific

Co., Portland; Wm. Lewis and two brothers, Thomas and George; Thomas F. Nichols and wife, Wm. Von der Hellen, Louis Martin and Miss Mabel Tedwick.

Monday among the business callers were W. E. Hammett, Marshal Minter, Fred Pettygrove, John Blass, Wm. Butler, J. H. Carlton and his brother Lyle Carlton, Wollen; Benj. Brophy, Ed Cowdon, Lem Courtney, our painter and paperhanger, he is now employed in painting and papering for J. F. Brown on his home. Sam is introducing an oil cloth to be used instead of paper, especially in the kitchen and rooms exposed to smoke and slopping of water.

I met Jesse Hartman, our old bridge builder, and S. M. Halk, at the postoffice Tuesday morning on their way up to the Big Butte country. Mr. Hartman was on his way to take the measurement and order the timber for a new bridge across Big Butte, so that Mr. Halk can haul out his lumber. He says that he has a fine lot of lumber ready to haul out as soon as the bridge is completed.

John Lane of Derby drove in Tuesday morning and while here was giving his listeners an account of some of the hardships of the people in that section on account of the roads. He told us that during the last two years the county have paid out \$42,000 on the road between the Reese Creek school house and the Frank Neil corner (Derby) and that there is only one short space but is covered with deep mud from six to sixteen inches deep, and that last year the supervisor spent \$1,000 on a piece of road, and then it all had to be dug up and made over in a different way. He said that he helped to build it and helped to dig it up. How long will it be before the authorities will learn the folly of having the county road work done in the way it has been done, instead of letting it out by contract. It is estimated that there has already been money enough appropriated by the county and citizens to make a good road from Reese Creek to Butte Falls and still the people up there are hemmed in with mud. Mr. and Mrs. E. T. Hoefa of Butte Falls, and little son, came out Tuesday on the Albert car on the railroad track, took dinner at the Sunnyside and went on to Medford on the stage.

Wm. Nichol of Lake Creek was a business caller Tuesday.

ZS. A. Croshel and E. A. Russell of the Jackson County Creamery were here Tuesday. They were out soliciting for three different makes of

Chesterfield Cigarettes advertisement featuring an illustration of a man reading a newspaper and the text: "Taste is a matter of tobacco quality... Chesterfield CIGARETTES of Turkish and Domestic tobaccos—blended... Lower Prices 20 now 18c 10 now 9c (Two 10's—18c) 'I like 'em' 'They Satisfy'"

silos and claimed that they were quite successful.

Roy A. Conroy, Butte Falls, came in Tuesday and spent the night and to dinner at the Sunnyside today.

Wednesday. He had been out to Medford for a few days having his hand treated where he bruised it, for blood poison. He spent this Wednesday forenoon looking after a lot of beef

cattle he has being fed on the George Given ranch and went up home this afternoon.

Mr. S. King, who has a homestead on the Obenchain mountain, spent Tuesday night at the Sunnyside.

H. G. Adams, the minister in charge here, will preach here Sunday, March 26, both morning and evening.

Tru-Blu Graham advertisement with illustration of a large building and the text: "For Springtime Vigor EAT MORE TRU-BLU Grahams"

Graham Crackers are high in energy value, averaging 1906 to 1955 Calories to the pound!
