

BRITISH ENVOY AND WIFE HERE MONDAY PLAN AUTO RIDE

"A telegram from E. O. McCormick vice-president of the Southern Pacific company, was received by Bert R. Greer yesterday, announcing a visit to Ashland by Sir Auckland Geddes, ambassador from Great Britain to the United States, and Lady Geddes, Monday, March 27," says the Ashland Tidings.

"Plans are being made in Medford and Ashland to meet the party at Hornbrook and escort it over the Siskiyou to this city, a visit to Lithia Park, up the canyon, and thence to Medford. The definite plans will be published tomorrow. The message reads: "I am accompanying Ambassador and Lady Geddes and their retinue to Portland. Ben C. Sheldon, of Medford is requesting that we leave train 16 at Hornbrook, March 27, going by auto to Medford and re-embarking there. Please follow up with him your drive to Lithia Park and up the canyon a short distance at Ashland. Wire my office any arrangements made. Six in party."

"Some tall traveling will have to be done by the auto party which meets train No. 16 at Hornbrook, as the cars containing the distinguished guests will have to beat the train schedule over the mountain from Hornbrook, so that Ashland and Lithia Park may be visited, and connection made with the train again at Medford, where the trip to Portland will be resumed."

Members of Olive Rebekah Lodge No. 28 are requested to meet at the I. O. O. F. at 1 p. m., March 26, to attend the funeral of Sister Minnie Price. CARRIE M. RICKERT, Secy.

CHAMBERLAIN IS FREED BY JURY, ROBBERY CHARGE

Word Chamberlain was found not guilty of complicity in the robbery of the National Guard headquarters, after 4 hours deliberation by the jury. The verdict was returned about 7:30 last evening.

Closing arguments were made yesterday afternoon in the Chamberlain case by Prosecuting Attorney Moore and Defense Attorney Newberry. Three defense witnesses took the stand. They were Chamberlain himself, who took the stand and made a general denial of state testimony; Mrs. Chamberlain, who was not married to Chamberlain at the time of the robbery and Mrs. Bennett, Mrs. Chamberlain's sister, who testified that Chamberlain had been with them until after 11:00 o'clock on the night of the robbery. According to state witnesses, of whom there were seven, the robbery occurred about midnight.

The jury went out about 3:30 and returned about 5 o'clock to ask the judge a question which was, "We would like to know if the defendant was arrested at the same time that the other boys were arrested." The "other boys," meaning William McClain, William Brown and George Schaffer, all of whom pleaded guilty to taking part in the robbery and all of whom were sentenced and paroled by the court. The court did not answer the question saying that no evidence could be introduced at the time, the case having gone to the jury.

The jury returned about 7:30 and rendered a verdict of "not guilty." The jury list is as follows: Mrs. Kate Lindley, Helen M. Sears, W. W. Truax, Neis Erickson, W. H. Boren, Chas. W. Fraley, H. C. Mackey, Chas. McKimney, Luella Applegate, Hallet F. Platt, Wm. A. Shell and L. C. Charley.

PRISON TERM GIVEN TAILOR SHOP THIEF

William Miller, who was convicted of the burglary of Huber's tailor shop, was sentenced to two years in the state penitentiary.

Magnus Hall, who pleaded guilty before the circuit court yesterday to having liquor in his possession was sentenced to six months in the penitentiary and was fined \$500. He was paroled on the condition that he pay \$100 of the fine.

Hall had decided to contest the case and had engaged B. F. Lindsas as his attorney. Eleven jurors had been questioned and selected when counsel for the defense asked permission to change the plea to "guilty."

The jurors were discharged last evening until April 24 when the trial of Lloyd Elwood will take place. Elwood is charged with manslaughter, as the result of an auto accident, the victim having been Fred Hartzell of Eugene. The demurrer filed the first of the week by Elwood's counsel was overruled, and the trial will take place.

30 DAYS, \$500 FINE FOR MOONSHINER

Ed Payne was sentenced to 30 days in the county jail and to pay a fine of \$500 last evening when he pleaded guilty to a charge of possessing intoxicating liquor, before Justice Glenn O. Taylor. S. B. Sandefer arrested the man, who had eight quarts of moonshine in his possession. Deputy Sheriff L. E. Millard and S. B. Sandefer leading a searching party left yesterday morning for Foothills Creek and returned in the afternoon with a 30-gallon still, 4 gallons of moonshine and other liquor manufacturing apparatus, which, according to Mr. Sandefer belongs to Henry Woolridge of Foothills. The Woolridge place where the stuff was found is about four miles from the Elliott service station on the Pacific Highway. The confiscated apparatus and liquor is now reposing in official quarters and it is understood that the owner will soon be in a like position.

Portland Flour Mills Live-Wire Institution

The Portland Flouring Mills Co. make the important announcement in this paper that none of their products in their mills at Portland at the time of the fire last Wednesday will be sent out to their dealers or find their way through other channels to the public. They also announce that they will deliver, beginning Monday, a full line of their products, to the dealers, that is absolutely fresh stock. Considering the damage done to their mills by the fire and the work necessary to rebuild, fix the machinery and add new equipment their early delivery of goods proves that the company is composed of live-wire men and adopts up-to-date methods.

HENRY FORD PUTS 5 DAY WEEK IN FORCE IN WORKS

Sam Gompers Approves Plan As Means to Increase Efficiency in Production—Was Pioneer of Eight-Hour Day and Expects Good Results.

WASHINGTON, Mar. 25.—Action of the Ford Motor company in inaugurating operations of its plants on a five-day basis was generally approved today by the American Federation of Labor officials. "Mr. Ford will find the introduction of his new plan—the five day week," said Samuel Gompers, president of the federation, "as beneficial for men and in the aggregate as he found the introduction of the eight-hour day, both as to quality of output and as to quantity." Matthew Woll, vice-president of the federation, in a statement, said: "Whatever may be said of Henry Ford no one will question his ability as production manager. His reduction in the working day to eight hours, as well as his reduction in the working week just announced, demonstrates clearly that he fully understands the human element factor in production. This action of Henry Ford's is demonstrative evidence of the act that a reduction in working hours does not mean reduction in production."

MARBLE CHAMPS MEET IN FINALS

YAKIMA, Wash., March 25.—Frank Blizard, 10, was this afternoon declared the marble champion of Yakima at the close of a marble tournament in which each grammar school in the city was represented by two contestants. Blizard and Eugene Neve tied in the finals and had to play three games before the supremacy was settled. The games were played on the high school athletic field before several hundred cheering youngsters with whom Blizard, the smallest contestant, was easily the most popular. The winner received a silver trophy cup.

BABY BORN WHILE MOTHER IN JAIL

SPOKANE, March 25.—Because officials at the city jail were not aware that the stork was contemplating a visit upon Mrs. Minnie Kamantha, a resident of Millwood, near here, the bird found her in the city emergency hospital when he called with a lusty baby boy early today. The mother was serving a 30 day sentence on a minor charge. The boy is her fourth child.

COLLEGE LECTURES RADIOPHONE PLAN

MEDFORD, Mass., Mar. 25.—Tufts college today announced plans for a course of lectures by radio. The plan was described as including a wireless college with a faculty made up of Tufts professors. The lectures will be sent broadcast twice a week to more than 35,000 persons scattered in a circle, the circumference of which extends from Wisconsin to northern Florida.

DR. LORENZ' CLINIC IN DETROIT ENDS

DETROIT, Mar. 25.—Adolf Lorenz, Austrian orthopedist, ended his week of free clinic here today with five operations and plans tonight to return to New York. During the week he examined 271 crippled children and operated upon 14, three of the operations being repetitions of the Lolita Armour operation.

CHICAGO, March 25.—A million dollar band of automobile thieves that is alleged to have stolen 1,000 machines in the last few months was exposed here last night by Chief of Police Fitzmorris. Thirteen of its alleged members are under arrest. Among them are a woman stenographer at an automobile sales agency and a mounted policeman. Others under arrest are said to be widely known in the automobile business here.

PILOT ALONE SAVED

a younger man and may be able to come through but I cannot hold out any longer."

Then he, too, dropped into the water. Moore said nine boats passed the Miss Miami after she was down, one so close that he could read her name but they did not see the wrecked craft. He said that on Wednesday and Friday he saw planes flying overhead but saw none on Thursday.

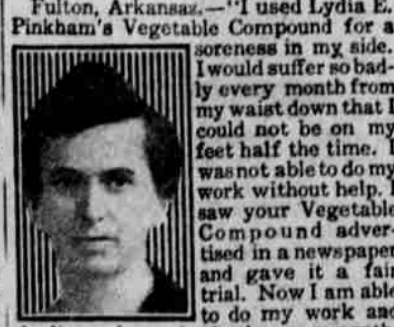

Mrs. J. Stewart Williams, wife of a consulting engineer of the Pan-American Petroleum company was aboard the William Green and took charge of the stricken pilot when he was rescued.

That Divine Providence had something to do with the rescue is the firm belief expressed by Captain William Wachsmuth of the William Green. He said that something impelled him to go a point off his regular course and that when he did this he sighted the wrecked seaplane with its sole survivor.

It was dusk when he came from his cabin for the last time Friday night before going below and as he looked out over the waters he noticed an object. Using his glasses, he saw that it was something waving. He turned his ship toward the object and although a high sea was running, lowered a small boat. As the craft reached the side of the overturned flyer, Moore fell exhausted in the arms of his rescuers.

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a headache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

Its this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman after another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and can not work at certain times. Here is a woman who is so grateful and glad to be relieved from a painful and nerve racking physical condition that she wishes to tell all sick women.

NAVAL RESERVES TO BE RE-ORGANIZED FOR WAR NEEDS

WASHINGTON, Mar. 25.—Reorganization of the naval reserve is proposed in a bill drafted by the navy department and submitted today to Secretary Denby to Speaker Gillett for introduction in the house, with the comment that enactment of the measure "will create a naval reserve organization on sound, enduring lines and will provide the vitally important reserves so necessary to supplement the regular navy."

The bill provides for organization of a naval reserve into three classes—one to be the fleet reserve providing men for combatant ships and aviation, the second a merchant marine reserve providing for a war fleet of naval auxiliaries and a third a volunteer reserve the personnel of which, as a result of civil occupations, would be especially fitted for naval service in time of war.

RAIN PREDICTION ON COAST NEXT WEEK

WASHINGTON, Mar. 25.—Weather outlook for the week beginning Monday: Northern Rocky mountain and Plateau regions—Generally fair and cold greater part of week with a probability of local snows the middle of the week.

Pacific Coast states—Considerable cloudiness, temperature somewhat below normal; rain over the north portion and probably in California the first part of the week.

Beavers Expect to Win Pennant This Year

PASADENA, Calif., March 25.—Chiefs and players of the Portland Beavers of the Pacific Coast Baseball league, now in training here, say that the team this year will not occupy the cellar position it held last season.

In fact Business Manager Fred Rivers has so much faith in the team that he says he is thinking of ordering a tall Oregon pine to be placed in the Portland ball park for the 1922 league pennant.
