CLEAN-UP PAINT-UP WEEK APRIL 3 TO 8

Dirt and rubbish in backyards and alleys and dingy unpainted houses will be a thing of the past after Paint-Up and Clean-Up week, which will be observed by public spirited Medford people April 3rd to 8th. This week has been set aside as a time for a city-wide spring cleaning.

We like to believe that Medford people keep their houses and lawns in order from an inherent love of the beautiful and not merely because they wish to impress the tourist. However, it is a fact that visitors to the city are greatly comforted with its cleanliness and carry away with them lasting thoughts of civic consciousness. Such cleanliness reflects the personal characteristics of the inhabitants. For this reason our Clean-Up and Paint-Up campaign each year serves the double purpose of satisfying our own aesthetic sensibilities and preparing for the critical scrutiny of the stranger entering our hospitality. Medford welcomes the inspection, no matter how searching.

The success of the Clean-Up and Paint-Up campaign, in its entirety, lies in the wholehearted manner in which the community itself adopts its various provisions. The application of paint and varnish here and there, the detaching and repositioning of boards with made and used the liberal use of rags and brooms certainly produce wonderful results.
