

ASHLAND LEGION SPONSORS FOR U. O. CONCERT THURS.

ASHLAND, Mar. 29.—A cordial greeting and warm welcome await the University Glee club aggregation, visiting this community on Thursday evening, March 30. Aside from the patriotic auspices under which the college boys appear here, they will be made doubly welcome due to the circumstance that the resident alumni are also to be reckoned with when the full measure of greeting is to be taken into consideration, for the old time grads are devotedly loyal to the institution. Directly, the college singers appear here under auspices of Ashland post No. 14, of the American Legion, the concert to be given in the armory. The entertainment will not be confined to song exclusively, but will be varied in scope to well nigh the proportions of a bright and snappy vaudeville attraction on a high plane as reflecting a wealth of wit and humor. Ashland is not represented in the personnel of the concert aggregation this season, Aubrey Furry, of Phoenix, being the nearest in line of succession in this respect. The club is no stranger in this vicinity as an organization the many strange faces will be in evidence among the husky lads, to the number of thirty or more, who make up its membership incident to its present spring tour. Literally, the entertainment feature will be mutual as between the concert singers and their patrons, for whereas the club will entertain the public, enthusiastic patrons in the ranks of the alumni from the beloved old 'varsity will in turn play the part of generous hosts to the visitors while in this city. The big memory will respond to echoes of the college yell, supplemented by hearty encores from an attendance which ought to be one of the largest in the building's history.

No sentimental mayor or governor being on hand at the depot last Sunday to greet the Chicago Grand Opera company enroute from Portland to San Francisco, Mary Garden was compelled to pass through this terminal kissless.

April 4 has been officially proclaimed by Mayor Lamkin as "clean-up day," and it is expected that the annual observance this year will be in keeping with other records, even if not surpassing them in efforts to have the renovation more complete than ever.

Unmindful of either the initiative or referendum, the Ladies' Aid of the Presbyterian church pursued the old reactionary tactics in re-electing its board of directors, the official personnel including Mrs. Ella Garrett, president; Mrs. Sarah Walker, vice president; Mrs. Clara Wick, treasurer, and Sue Day, secretary. No show whatever was given the membership by way of an individual expression at a primary election, the entire matter of selection having been peremptorily disposed of according to cut-and-dried convention methods adopted at a recent quilting bee, the needle and thread acts connected with which possibly coming before the presbytery for review. Salaries on a war basis are continued to this directorate, the membership of the quilting auxiliary is 22, all on the active list.

District Superintendent Hunt, of Seattle, conducted services at the

Ethel Barrymore at Page, April 3

The famous star who appears in "De classe" on this date.

Nazarene church last Sunday, incident to a series of meetings which have developed an awakened religious interest.

Homer Patton, district superintendent of the Postal Telegraph Co., with headquarters at Seattle representing territory including Oregon, Washington, Idaho and Montana, was in town last week on business connected with the corporation, and incidentally renewing the acquaintance here of former residents of Grinnell, Iowa, in which place Homer was tutored in the rudiments of telegraphy, being a most apt student both in technical and business methods on an administrative basis, as is witnessed by rapid promotion to responsible positions high in the councils of the Postal.

Moving is being inaugurated early this season, without waiting for the proverbial first of May. Anticipating that date, L. J. Orres, merchant tailor, and Bob Middleton, of the Elkhorn gunstore, will move their respective places of business from the Bearer Arcade on First street to the former location of Square Deal Grocery on East Main. The Shook block on East Main, having been vacated by the White Star garage, is being rearranged for a number of new tenants by April 1.

Picture, song and story were exploited at an ideal entertainment, Presbyterian church, Tuesday evening. Among pictures was an art display by Miss Mabel Russell. Musical accompaniments were by a number of Ashland's favorite vocalists. Dick Dossy afforded poetic sentiments, while the "story" embellishment to a most enjoyable program was derived from legendary lore applying to Crater Lake. Devoid of formal admission charges as reinforced by federal excise taxes, it was a privilege to contribute

a free-will offering, as a fair return in a measure for value received far in excess of the voluntary donation made. Among University students at home for the spring vacation is Harold Simpson, pursuing a technical business course at Eugene.

J. E. Callahan, formerly right-hand man among Fruit Association employees, is now representative of the Albers milling products in this territory.

"Say it with bran and shorts" applied to several sacks of screenings left recently at the entrance to Masonic hall by mistake, which gave rise to comment that the Eastern Star chapter was planning another feed.

C. C. Welsenburger, building contractor, has on display a cabinet filled with unique specimens of his handiwork at carving, examples of intricate workmanship which exhibit wonderful evidences of skill. The collection ought to be displayed permanently in some center readily available to the public, the library for instance.

Emil Peil returned from Portland early in the week, piloting a brand new auto truck as gay as a red and wagon. The machine bears the Oregon number 91888, has nearly two tons capacity, is rated at 25 h. p., and could in an emergency speed at the rate of 20 knots. It is the handiwork of the International Harvester Co., and will be used exclusively in the transportation department of Peil's extensive operations throughout this territory.

A visiting clergyman conducted services at the Catholic church last Sunday, low mass having been celebrated at 8:30, and high mass at 10 a. m. respectively.

Kingsbury Springs club house will observe a formal spring opening on Saturday evening, April 1. Leodon's orchestra.

GREAT FUTURE FOR WEST COAST, SAYS CRATER C. SPEAKER

Meeting for the first time since February 28 the Crater club resumed the regular semi-monthly eruption last evening with renewed enthusiasm on tap. Charles Beede, of Portland as speaker of the evening gave a short talk regarding the vast possibilities for industry and transportation in the territory contiguous to Portland and the Columbia river. Basing his argument on logical comparisons with cities on the east coast which do not enjoy the vast natural resources found in this territory, Mr. Beede predicted a future for the northwest cities equally as great as some leading eastern cities when advantage is taken of the resources of this section now only partially developed.

Mr. T. L. Stanley, former secretary of the Klamath Falls chamber of commerce spoke in a complimentary vein of the Medford spirit which he said was well known among the neighboring towns.

John C. Mann was present as a sort of celebration of his birthday but refused to comment on the occasion. Dr. Clancy supervised the local merchant's diet and sent him home to bed early, thereby curtailing any tendency toward dissipation.

Definite decision was made to invite the ladies to participate in a meeting soon, and Big Eruption Alenderfer named seven of the best looking men of the club to prepare the entertainment, the committee including Messrs. Ulrich, Bromley, McDonald, Launspach, Sparrow, Sween and Hart.

Three members, Ulrich, Thomas and Pische, were named to co-operate with those who will represent various other organizations in the move which will start soon to secure funds for Medford's baseball team.

Dr. R. W. Stearns was elected to membership in the organization, a vacancy being created by Bob Boyle's removal to Spokane.

Sports

TIHUANA—Tiger Flowers, Memphis lightweight, knocked out Jimmy Barry Oakland in fifth round of 15-round bout. Young Joe River won decision over Kid Anaya, Albuquerque at end of ten rounds. Pete Brown, wrestler, beat Cyclone Briggs, El Paso negro fighter in three minutes 50 seconds.

EL PASO — Approximately 25 schools will participate in the fourth annual national inter-scholastic basketball tourney to be held April 5-8. Among western teams expected to enter are Weston high, Weston, Idaho and Missoula high, Missoula, Mont.

PRINCETON—Princeton won basketball championship of the intercollegiate league by defeating University of Pennsylvania 28 to 22.

DELMONTE—Delmonte overcame a three goal handicap allowed Monterey Presidio and won an 8 to 7 victory in the final round of the Pebble Beach of the junior handicap of the polo tournament.

DES MOINES — Ed (Strangler) Lewis successfully defended his title against Armos Laitinen, Finland, European champion, in two straight falls.

PINE BLUFF, Ark.—Sailor Friedman, Chicago, knocked out Ray Rivers California in fourth round of a scheduled ten round bout.

READING—Bob Martin, A. E. F. champion, knocked out Sailor Townsend, champion of the Pacific fleet in second round of scheduled 8 rounds.

SAN FRANCISCO—Ad Santel, lightweight wrestling champion of the world, won the decision over Toots Mondt, wrestling instructor at Colorado Agricultural college, in a two-hour limit match.

YAKIMA EMBEZZLER NABBED IN TEXAS

YAKIMA, Wash., Mar. 28.—Archie R. Mitchell, former rural mail carrier here, has been arrested at Galveston, Texas, as he was about to sail for Japan and will be brought back to face charges of embezzling postal funds and rifling letters. Mitchell is a native Yakiman and a veteran of the world war. He was indicted here on October 7 but the information was not given out until his arrest in the south. T. R. Rowan, United States postal inspector says this is the first time in his experience that an employe of the Yakima postoffice has been under suspicion of wrongdoing.

Prevent Vaudevillians From Singing Radio

CHICAGO, Mar. 28.—Singers on the vaudeville circuits are prohibited from singing for radio telephones by clauses, which are being inserted in their contracts. The Western Vaudeville Managers' association, which first began making such contracts, declares that the best efforts of the singers are needed for the stage.

BARGAINS IN RUGS

We have just received from the factory a large shipment of Rugs, purchased at the new low prices and our customers get the benefit. Come in and look at these beautiful new patterns, whether you expect to buy or not, 250 new Rugs to select from.

TAPESTRY RUGS
Big shipment, small and large designs, 85 rugs of this kind to select from.

- 6x9 Rugs, now \$12.00
- 7.6x9 Rugs, now \$14.50
- 8.3x10.6 Rugs, now \$23.50 up
- 9x12 Rugs, now \$19.50 up
- 11.3x12 Rugs, now \$29.25 up

AXMINSTER RUGS
New arrivals, 80 rugs to select from. Splendid patterns.

WOOLEN FIBRE RUGS
Big stock of elegant pattern in grey, blue and tan.

- 6x9 Rugs, now \$8.50 and up
- 8x10 Rugs, now \$10.00 and up
- 9x11 Rugs, now \$11.00 and up

GRASS RUGS
Nice assortment of all patterns, green, blue and tan.

- 6x9 Rugs, now \$3.65
- 8x10 Rugs, now \$5.45
- 9x12 Rugs, now \$6.85
- 36-in.x75-in. Rugs, now \$1.35

CONGOLIUM RUGS
9x12 now only \$15.00

- 27x54-in. Rugs, now \$4.95 up
- 36x70-in. Rugs, now \$7.50 up
- 6x9 Rugs, now \$27.00 up
- 8.3x10.6 Rugs, now \$40.00 up
- 9x12 Rugs, now \$36.00 up

HALL RUNNERS
In Wilton Velvets
27-in.x9-ft. and 27-in.x12-ft: at \$13.50 up

—says a big fruit company:
"Less engine trouble since using Cylcol"

The MOTOR OIL FREE FROM DESTRUCTIVE "SULPHO" COMPOUNDS
Produced under the new HEXEON process.

The importance of the Lubrication Chart

Different brands of motor oils have different bodies. The safest, surest way to get the best performance from your motor and avoid expensive engine troubles due to incorrect lubrication is to use the grade of motor oil specified on the Lubrication Chart.

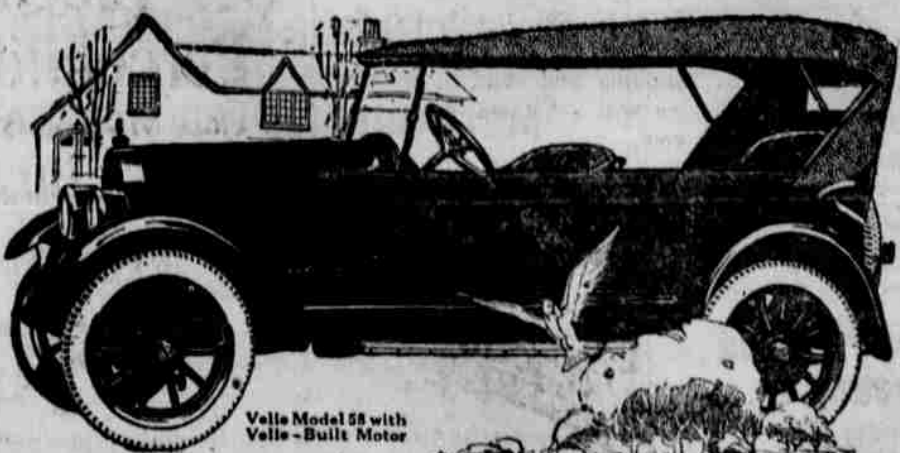

NEW Velie HERE!

The new 1922 Velie—the great feature six of the shows—with its nationally heralded Velie-Built Motor is here! On our salesroom floor. Come in and see it.

Car and motor are all that was promised—and more. You never saw such a beautiful six. Its new soft flowing body lines, its lavish equipment and rich furnishing set a new standard in automobile value. And the new motor—with the Velie's advance in overhead valves, automatic lubrication and dirt-proof construction—is the ideal of flexible power. See this wonderful car! Try it at your first opportunity.

Velie Model 25 with Velie-Built Motor

CYCOL MOTOR OIL

FREE FROM DESTRUCTIVE "SULPHO" COMPOUNDS

ASSOCIATED OIL COMPANY, San Francisco

Here's the letter:

Associated Oil Company, San Francisco

Gentlemen:

I always make a practice of giving any new oil that I try a very thorough test, and I have followed that rule during the last month while I have been using your new oil, Cylcol.

I have had less engine trouble, such as heating, etc., and dirty spark plugs, since using Cylcol than I have had in using the other oils, and I find it less expensive as it costs less and lasts longer.

Yours truly,
Earl Fruit Co. of the Northwest
Per J. H.

THE EXPERIENCE of the Earl Fruit Company with Cylcol as shown by the reproduced letter below is the same experience that thousands of other truck, tractor and car owners have had.

Motor oil that breaks down quickly under engine heat is responsible for most motor troubles. This heat causes a damaging chemical reaction when the oil contains destructive "sulpho" compounds. The oil decomposes, leaving a thin liquid of little lubricating value. Metal-to-metal contact and friction wear then take place, resulting in burned out bearings, slapping pistons and other serious damage.

After many years' effort to increase the durability of motor oils, the new Hexeon Process was developed. It removes the destructive "sulpho" compounds from oil. This process is used only in refining Cylcol—the new and different motor oil which is made from Cyclo-Naphthenic base crude petroleum.

Cylcol in your engine prevents troubles that usually follow the use of oils containing destructive "sulpho" compounds. Cylcol does not break down, thin out or evaporate rapidly. It maintains a protective lubricating film between all moving parts and forms an "oil tight" piston seal because it is free from destructive "sulpho" compounds.

Don't wait until your engine develops trouble. Head it off with Cylcol—cut down operating as well as repair costs. Flush the crank case, not with kerosene or so-called "flushing oils" but with the grade of motor oil your Lubrication Chart recommends for your engine, and refill with the correct grade of Cylcol as shown by the Cylcol Lubrication Chart.
