Free Wiring Plans by Experts

Any electrical contractor-dealer can be of decided assistance to the owner in helping him plan to use electricity in his home. The place for switches, for lighting outlets, for base plugs, floor plugs, etc., may make a real difference and the size of the wire which should be used is a technical matter which few home owners understand.

This technical service is free for the asking. It adds to the value of your house to have it properly wired, and the work of wiring it will be materially lessened if the man who does the work has intelligent and unmistakable plans to follow.
