Twice as long, but the usual Lloyd comedy and ten times as funny.

Paint Creates Prosperity

Save the Surface and You Save All.

The "run down" house (there is one near you) is fast going to ruin merely because the owner unwisely neglects to keep it protected with paint.

It costs more NOT to paint than to paint. Paint saves the surface and protects the building from sun, rain, frost and varying weather conditions that bring destruction.

Prosperity demands the protection of all exposed surfaces with good paint.

ACHME QUALITY HOUSE PAINT

gives lasting protection and beauty.
It costs less because it takes less and lasts longer.

Call at our store and let us show you color samples and assist you in selecting the proper color combinations that will make your house appear to the best advantage.

Crater Lake Hardware Co.
