

Woman Can't Find Words to Express Herself

"After six years of suffering from stomach trouble I am feeling fine. All the bloating and soreness is gone from my stomach and bowels. I can eat all I like now. I can't think of any words suitable enough to praise Mayr's Wonderful Remedy. I am sure it has saved my life. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists, Advs.

PRESS your Redipoint straight down on the paper and the lead sheathes itself in the barrel, where it can't break or damage the lining of pocket or handbag. Redipoint leads are double-length. Each one writes 25,000 words. The cap turns both ways, driving the lead out or drawing it in.

Redipoint is guaranteed against defects of material and workmanship. Made in standard and pony sizes; aluminum, nickel, silver and gold finishes. Prices ranging from 50c to \$3.50. Redipoint leads in seven degrees of hardness, 10 cents per box.

Redipoint Sold everywhere by reliable dealers.

Prices range from 50c to \$3.00

TOO MUCH THEORY IN TEACHING IS CANADIAN VIEW

SPOKANE, April 7.—The educational world has suffered from too much theorizing and until ideals and ideas are translated into actual practice, education will not occupy its rightful place in the world of affairs. Harry Charlesworth, president of the Canadian Teachers' Federation, declared in an address before the Inland Empire Teachers' association here today. "One of the greatest problems we face as educators today," Mr. Charlesworth said, is to furnish the tremendous forces of inspiration, enthusiasm and optimism which are aroused at our educational conventions and to concentrate them on the definite work of making essential improvements and advances in our educational system. "The first vital step to be taken in raising the standard of educational efficiency," he said, must be taken by the teachers themselves. He added, "When we each become a practical radiating center for the propagation of the doctrine that our schools are beyond doubt an essential vital factor of national life, then the effect on the general public will be such that we shall no longer have to mourn of the apathy and disinterestedness of the people." "The most important function of the school is the inculcation of right principles of living with the spirit of 'service not self' always predominant," Mr. Charlesworth said.

Ministers to Meet With Society Dancers

ASHEVILLE, N. C., April 7.—The ministers of Asheville decided today to call a mass meeting at which it was said they will "reason" with members of the "dancing set" and their parents in an effort to alleviate the necessity of keeping in force a city ordinance passed last fall forbidding public dancing.

Best Cough Mixture Is Home Made

Acts. With Speed—Loosens the Phlegm—Stops the Irritation and Coughing Cesses.

Fine for Chest Colds Too and Is Cheaply Made at Home

When you can make, in two minutes, a world beating remedy that acts directly on the membrane and often overnight causes stubborn coughs and even hard chest colds to disappear, why trifle with things that will probably disappoint?

Hawking and snuffling and also soreness of the mucous membrane go and you will feel fine in almost no time.

Just get one ounce of Parmint (double strength) add to it a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.

Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds. Adv.

NOW WE'RE TO HAVE BETTER HOMES WEEK

CHICAGO, April.—President Harding has given his personal endorsement to the movement inaugurated by the American Homes Bureau for a national "better homes week" to be instituted next October as an annual event. "It gives me special pleasure," wrote President Harding in reply to a letter from William B. Weagard, "to record my endorsement and approval of the 'better homes week.' It may be true but it is overwhelmingly true that the home is the cornerstone of our civilization. Better homes, more attractive homes, homes whose occupants will find true refreshment and real inspiration to increased efforts for education and culture,—such homes are the ones which assure greatest stability to our institutions, greatest security to our society. I cannot but feel that the effort you are making is one which deserves a wider protection and I would be glad if your example might presently be an inspiration to a nation-wide enterprise of the same kind. "The idea back of the 'better homes week' movement is to educate the American people to make the home beautiful and thereby create a home environment that will have a lasting cultural influence upon the nation. It is planned during the week set aside for the purpose to demonstrate in exhibition and exhibits of model rooms and homes in towns and cities throughout the country the facilities with which even people of small means may make their homes harmonious and attractive with artistic furniture, draperies, rugs and appointments of all kinds.

HARDING LISTENS TO ROOSEVELT'S PLEA

WASHINGTON, April 6.—The navy department's side of its dispute with "little navy men" in congress was laid before President Harding today by Secretary Denby and Assistant Secretary Roosevelt who took to the White House detailed information on which the department based its request for a navy personnel of 96,000. A house subcommittee cut the figure to 67,000. No formal announcement of the president's program was made, but his conference with the department chiefs was said to have encouraged them in their hope that congress would eventually revise the sub-committee authorization upwards.

HAIL DAMAGES COUNCIL BLUFFS

OMAHA, Neb., April 7.—Hot weather in Nebraska and parts of western Iowa yesterday was followed by wind, rain and hail storms which did considerable damage in a number of instances. About \$50,000 damage was reported from a hail storm in Council Bluffs, Iowa, while considerable property loss occurred in suburbs of Lincoln, Neb., from hail. The temperature in Omaha yesterday reached 83 degrees.

RELIGIOUS QUESTIONS RULED OUT BY COURT

SPOKANE, April 6.—Questions concerning religious beliefs asked a prospective juror by Prosecuting Attorney W. C. Meyer in the trial in superior court here today of Maurice P. Codd, charged with the murder of Frank P. Brinton, a soldier at Fort George Wright, were ruled out by Judge W. A. Humeke. Disbelief in capital punishment and prejudices already formed caused four talesmen to be excused before noon adjournment. Codd, a former medical student at Northwestern university, is charged with having thrown Brinton over a railing in a local business block to the floor two stories below.

Mayor Offers Prizes Of Dogs and Canaries

YOUNGSTOWN, Ohio, April 7.—Anyone who finds a hole in any Youngstown street paving six weeks from now will be given a prize of one bulldog or one canary, Mayor George L. Oles declared today. Bulldogs for men, canaries for women. It was Oles' way of saying that he had put a force of men at work to repair the streets.

Princess Seriously Ill. ATHENS, April 7.—(By the Associated Press.)—Princess Elizabeth, wife of Crown Prince George, is seriously ill of typhoid fever. She has developed a high temperature and considerable concern is expressed by members of the royal family.

News of Jackson County

EDEN PRECINCT

Silliman, the Sugar Bowl man of Medford, was in Phoenix Saturday on a business call. Mr. and Mrs. Ray Coleman of Jacksonville, were over to visit Mrs. Coleman's parents, Mr. and Mrs. B. N. French of North Talent, last Sunday.

Mr. and Mrs. J. E. Fish of the L. X. L. Garden ranch in North Talent were over to the county seat last Wednesday to pay their taxes. This is Mr. Fish's first year in our valley for the tax paying season, and he is like many others who are trying to farm in this valley, he does not see how one can pay such high taxes, and make more than a bare living, and not many persons are willing to do more than make a bare living.

This is not the first new home owned that I have heard say this same thing. The fact is we are running out the would-be home builder from this little valley, with our inflated values, and water coming debt. Mrs. Reany Wells has returned to the county farm to oversee the work of caring for its inmates, but has to hire all the work done, as she is in very poor health, since she has had the flu.

Mr. and Mrs. M. L. Hartley have purchased an incubator, and will hatch their own baby chicks this spring. They intend to raise quite a good sized flock, to keep this winter. This will add another poultry yard to the already increasing number between Talent and Phoenix.

Wednesday morning at half past eight at the Sacred Heart hospital in Medford, Mrs. Neil Franklin, daughter of Mr. and Mrs. A. S. Furry, underwent an operation for appendicitis. Mrs. Franklin went through the ordeal fine and was resting easy when her father left the hospital late in the afternoon. Dr. Clancy was the operating surgeon.

Noah Chandler has the West garden place in North Talent, and has the land all sown to grain. Bud Johnson has given up his lease on the property. Mr. Button and wife have the house on the place and will remain at least a portion of the summer.

Mrs. Jack Allen went over to Ruch Sunday, and remained with her parents for a few days' visit and will return this Friday.

A. H. Houston of Phoenix bought at public auction at Jacksonville, one hundred and twenty-five White Leghorn hens. This will bring Mr. Houston's flock up to somewhere near two hundred hens.

Mr. and Mrs. Shaw of Ashland were down to visit their son and his wife last Sunday at their garden home in North Talent.

S. S. Stephens was out Monday morning asking the different ones who might be interested in the play grounds at the Phoenix school, to contribute toward the remaining amount which it is contemplated being bought.

Mr. and Mrs. Downing, former residents of Medford, returned from a year's stay in California, to their new home which they have recently purchased near Medford. Although they have done real well while in the Golden State, they could not remain away from the Rogue River valley.

J. M. Rader and A. S. Furry have both turned their cattle out on their pastures, the last of this week. They say the grass is beginning to grow quite rapidly the past few days and that feed will soon be good.

Mrs. M. Reese went to Medford last Wednesday to stay with her daughter, Mrs. C. Cate for a while. Mrs. Reese has been with her daughter, Mrs. A. S. Furry of Phoenix for the greater part of the winter.

Mr. Mayfield, who has lived at Phoenix for more than a year, has bought a small tract of land just east of Talent, known as the Johnson place. Mr. Mayfield contemplates getting a soldier's loan in lieu of his bonus, and in that way be enabled to work out a home for himself and family. This is a most worthy way to take advantage of the opportunity given an ex-serviceman. Mr. Mayfield remarked he did not want anyone to give him anything, he only wanted an opportunity to earn it, if many others took this view it would look more like a real service man.

Mr. and Mrs. Douglas Steadman of Phoenix were visiting Mrs. Steadman's mother, Mrs. Works, of Talent last Sunday.

Rev. Mrs. Angel and son Joseph were calling at the Rader home south of Phoenix, last Sunday.

Mrs. Fred Furry has been quite ill with bronchitis, the past two weeks, but was better Monday.

Several of the members of Oak Circle, Neighbors of Woodcraft, of Phoenix, went to Grants Pass to celebrate the 25th anniversary of the founding of the order.

Mr. Neil Franklin of Medford, made a business trip to Talent Thursday forenoon in connection with some printing work.

Mrs. A. S. Furry went to Medford Thursday to be with her daughter, Mrs. Neil Franklin who is at the Sacred Heart Hospital.

Mr. W. M. Carless of Phoenix was at the Plant farm Thursday morning on business.

Illinois Triumphs Basketball Tourney

CHICAGO, April 6.—The beef and brown of the Watecka, Illinois, high school basketball team triumphed over the speed of the Greeley, Colorado five in the first game of today's play in the University of Chicago national basketball tournament, the Illinois boys winning 39 to 22 although the Colorado boys really played a prettier game. The second game of today's play found a smooth working team from Missoula, Mont., which seemed to know basketball from A to Z, triumphing by a 28 to 21 score over a hard fighting but outclassed five from Antigo, Wis.

EAGLE POINT EAGLETS

By A. C. Scovitt

In my last letter for the readers of the Mail Tribune I omitted to tell of the wonderful improvements that have been made in our town park. The Ladies' Circle Improvement club donated quite a sum toward the cause and some of the patriotic citizens also donated work and cash, and the work is being superintended by our street commissioner, with the result that now our town park begins to look as though there were other "bird hay-seeds" among us for it is quite well covered with a fine selection of ornamental trees neatly planted, and many of the river boulders that were scattered over the surface have been wheeled together and arranged so as to enclose the trees and shrubbery so that it looks very attractive, and being situated along the bank of our beautiful Little Butte creek and on the other side by the boulevard, and that connected with the Crater Lake highway will attract the attention of the tourists as they are on their way to and from Crater Lake, and also be right in line for those going and coming from the different soda springs that are becoming pleasure resorts during the summer and fall seasons.

Mrs. Hessler, Mrs. George Brown and Miss Montie, all of Brownsboro, were among the visitors last Saturday. Miss Montie and another young lady started on the stage for Butte Falls to resume their studies in the high school.

Herman Meyer and wife of Lake creek, and Herman Meyer, Jr., passed through here Saturday with two cars, each having dressed hogs and veal for the Medford market.

J. P. Brown is having quite a lot of improving done on his residence, he having the house repainted inside and out and new floors laid. He is doing the carpenter work himself as that is or rather was in his line of business, but now is a member of the mercantile firm of George Brown & Sons.

There were four passengers on the Butte Falls stage Saturday going to Butte Falls.

Saturday afternoon there was a company composed of Mr. and Mrs. Hagen Mrs. Hagen's mother, Mrs. Kanaff, and four or five children passed through here on their way to beyond Butte Falls with two horse teams and a one-horse buggy leaving here about 5 o'clock and Mrs. Hagen was carrying a babe only three weeks old and no shelter and the weather cold and damp. The next I heard of them they were trying to pull up Rocky Hill about 14 miles from here. Tuesday, a part of four days, and it raining a good part of the time up there. Mrs. Kanaff is a woman sixty years of age and has a homestead four miles beyond Butte Falls and had been up a few days before, walked out to her homestead where she had left plenty of provisions and horse feed, but when she reached there found that the house had been broken open, the grub all taken and the horse feed left exposed to the rats and mice and that about destroyed, so had to walk back to Butte Falls, spend the night and the next day here and two of her children walked out to Talent. That experience tells something of the hardships the homesteaders have to undergo out in the hills. Mr. and Mrs. Hagen are from San Francisco and Mrs. Hagen has been a magazine and movie writer, quite an experience from city life to homesteading in the Butte Falls mountains.

Mr. W. Burg and daughter who are on the old Caton place near Rogue river, about six miles above here were here trading and having his team shad Saturday.

The Stanley Bros. brought in quite a bunch of mixed cattle Saturday. There were quite a number of young calves among them and they all looked fine.

Messrs. Ralph Tucker and Staub of Brownsboro, were among the business callers Saturday. Mr. Staub is the present mail carrier on the Lake Creek route but he has arranged with Mr. Van Dyke to fill the contract for the rest of the time till June 30th.

Alex Vestal of Reese creek, and Clarence Robinson and wife of Medford also came in to visit Mr. Robinson's mother, Mrs. W. L. Childreth and family, and Mrs. Robinson's father and her stepmother, Mr. and Mrs. William Perry.

W. L. Hurst and son who went down to the oil fields near Bakersfield, Cal., a short time ago have returned, and report that times are good and plenty of work; also plenty of men to do it.

Sunday was a passably pleasant day and there was a good attendance at the Sunday school. We had no preach-

ing at the pastor, H. G. Adams was holding services in Butte Falls but expects to hold services here both morning and at night next Sunday, April 9th, and the following Sunday, April 16. Easter Sunday there will be a union Sunday school service at the Reese Creek and Brownsboro schools have been invited to meet with us and have a picnic dinner.

Among the guests here for dinner Sunday, not counting those of our town who came in for dinner, were H. A. Van Scoyoc, Vera Van Scoyoc, Margaret Van Scoyoc, of Medford, Scabella Wattenbarger, Ashland, Mrs. W. E. Tamy, Mrs. Vilas and son Edward Vilas of the Vilas ranch on the Eagle Point-Medford road via the old Big Stucky road, Carlyle Natwick of Butte Falls, and Miss Ruth Nichols.

Mrs. Vilas and her son were on their way to Wellen to visit the Von der Hellen families and came by here for their dinner.

Earl H. York of the force in the distributing department in the Medford postoffice came in Monday to spend a few days recuperating his health. He had an attack of the flu and is taking a week's vacation.

E. A. Hildreth of Butte Falls, came in Monday for dinner. Left the horse with Sam H. Harnish, went out on the stage to Jacksonville via Medford to procure the assessor's books, etc., to assess his district, returned this Wednesday, took dinner at the Sunnyside and started assessing along the foothills via Reese creek.

E. T. Hoefe of Butte Falls, came out on Saturday's stage, took dinner at the Sunnyside and went on out to Medford.

NEW YORK, April 7.—The Yankees were unable to get a man across his plate while Brooklyn amassed five runs in the game at Norfolk yesterday.

Mrs. Blake's Favorite Recipe Cream of Spinach Soup. This makes an economical cream soup of very delicious flavor. 2 tbs. flour, 2 tbs. butter, 3 cups boiling water, 2 qts. or 4 lbs. spinach, pepper, 2 tsp. salt, 3 cups water, 1 cup Carnation Milk. Wash spinach thoroughly and cook 30 minutes in boiling water. Drain and rub through sieve. Melt butter, add flour, then milk, and cook 5 minutes; add the spinach and season with salt and pepper. This recipe serves six people.

Carnation Milk. If you haven't our illustrated booklet of 100 tested recipes, write for copy to Carnation Milk Products Co., 303 Concord Bldg., Portland, Ore.
