

# A. L. PARKHURST TO HAVE CHARGE CRATER L. LODGE

The outlook now is that Alfred L. Parkhurst and his son, Asa L. Parkhurst, of Portland, will operate the Crater Lake lodge and other Crater Lake concessions this year, as the Crater Lake company, which ran the concessions last year, and Mr. Parkhurst have failed to come to terms, and Parkhurst is making all preparations to operate the coming season.

The option of purchase held by the Crater Lake company, composed of Portland and Medford men, who operated the concessions last year by lease from Mr. Parkhurst, has expired and the lease has not been renewed. The company which held this option to purchase for \$80,000, in recent negotiations offered Parkhurst \$25,000 for the property, which sum he refused. In return they raised their bid to \$50,000, and he reduced his price to \$60,000, which he says is his lowest figure. It is said he does not believe the company will accept this offer.

According to Mr. Parkhurst's plans as reports reached here, the Crater Lake lodge will be opened July 1st, or as soon as the snow clears away from the park. It will be operated on the American plan, the rates of which have not been established yet.

It is also understood that Parkhurst will soon leave Portland for California to procure a manager and help for the hotel, and that he will operate 10 and 7 passenger cars and one baggage truck daily between Medford and Crater Lake, and will farm out the transportation business between Klamath Falls and Crater Lake.

## ANNUAL MEETING OF PRESBYTERIAN CHURCH IS HELD

The annual congregational meeting of the Presbyterian church was held in the chapel last evening with a good representation of the members present. A cover dish supper was served at 6:30 p. m. which made of the event a pleasant social feature. This being the first annual meeting since the coming of the new pastor, Rev. E. P. Lawrence, much interest was manifested in the reports of the various organizations and officers.

Dr. Charles T. Sweeney was chosen chairman and Dr. Wm. W. P. Holt, clerk of the meeting. Reports from the various organizations were read and commended. The Sunday school under the superintendency of Carl J. Brommer reported a membership of 250 with average attendance of 165, with all bills paid and a small balance in the treasury. Funds to the amount of \$371 have been raised and expended.

The reports from the Christian Endeavor both Junior and Senior and the Westminster Guild, while not showing large memberships reported good interest and growing attendance with good outlook for the new year.

The Woman's Missionary society under the leadership of Mrs. E. H. Hurd as president and Mrs. Volney Dixon, secretary reported missionary study interest maintained and funds raised to the amount of \$188, which go to Home and Foreign missions and Freedman work. The work for the new year will be under the leadership of Mrs. E. P. Lawrence as president and Mrs. E. A. Welch as secretary.

The Woman's association, Mrs. Charles T. Sweeney, president, Mrs. John Perl, secretary, and Mrs. Dr. Howard, treasurer, have had a good year, reporting many social gatherings, dinners and other gatherings of a social nature as well as for the purpose of raising funds to help meet growing needs of the church. They reported having raised and expended close to \$850 during the year, which includes \$195 which was in the treasury at the beginning of the year. They have also a small balance in the treasury with which to start the new year under the leadership of Mrs. J. F. Newman as president, and Mrs. John Perl secretary and Mrs. C. W. McDonald, treasurer.

The report from the session showed a present membership of 254, a net increase of 28 over last year. During the year eight have been added to the church on confession of their faith and 61 by letter from other churches, making a total of 69 additions during the 11 months since Mr. Lawrence's coming. The report showed losses to the membership through removals and other causes of 41. The attendance and interest has grown steadily during the 11 months, making the prospects for the new year one of the best in the history of the church.

The board of trustees through their treasurer, reported close to \$4,000 raised and expended, many old as well as new bills paid and a small deficit in the running expense fund which was quickly raised among those present, so that the church will start the new year clear as far as running expense accounts are concerned. The treasurer reported \$297 paid out for benevolences during the year which was much smaller than it should have been but the hopeful condition of the church will undoubtedly make it possible to multiply that many fold this year.

The pastor's message brought forth an enthusiastic response and the outlook is for a fine spirit and cooperative effort for large things for the new year.

## Schedule Committee Y. M. C. A. Meets Tues.

There will be a meeting of the schedule committee of the Y. M. C. A. league in the small lecture room at the library Tuesday evening at 7:30.

Plans and policies will be discussed and a schedule of games set up for the baseball season. Persons interested as well as regular committeemen are invited to attend.

Several of the church teams are already in working order and are doing some practicing. At least on paper there seems to be considerable championship material.

There is some talk of a playground ball league among commercial houses or some such basis of organization. Playground ball is known in some parts of the country as "kitten ball." Some of its advantages for the man who is not an athlete in training, are the smaller diamond, the softer ball, the elimination of masks, gloves and protectors.

All the regular features and sporting hazards of the league game are present and in many ways the game itself is faster than the outdoor game. The common baseball injuries which the business man can hardly afford to incur are much less common. It is hoped to establish the league.

**Pocahontas Attention**  
 P. P. Fisher, Great Sachem of Oregon, will be here Friday and Saturday evening. Work in the Chief degree. Feed and good time is assured. You will miss a good time if you are not there.

A blue-bellied lizard about six inches in length was taken from between the radiator and fender of a northbound automobile this morning when that car stopped at the Associated service station. The lizard had in some way gotten aboard in California and was near the radiator endeavoring to keep warm. The fellows at the station tied a string about his neck and placed him in a position under the oil heater where he soon came to life. His attempts to escape threatened to choke him and the loop of the leash of grocery string was shifted from his neck to his body. During the struggle which ensued between "Irish" and the lizard the string was being shifted the reptile lost about an inch of his easily detachable tail.

## A FRIEND IN NEED A FRIEND INDEED

Writes Mrs. Hardee Regarding Lydia E. Pinkham's Vegetable Compound

Los Angeles, Calif.—"I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed,' for you were a 'friend in need.'"

—Mrs. GEORGE HARDEE, 1043 Byram St., Los Angeles, California.
