S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano... your blood is so thick full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood cleansers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Light oil, it clears the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known. Try it.

## JAPAN GIVES A ROYAL WELCOME PRINCE OF WALES

TOKIO, April 12.—(By the Associated Press.)—The Prince of Wales arrived here this afternoon on a special train from Yokohama and was driven in an open carriage, escorted by cavalry to the imperial palace, where he was received by the empress. Later he went to the Alhambra palace where he will reside while in Tokio.

YOKOHAMA, April 12.—(By the Associated Press.)—The Prince of Wales arrived today for his official visit to Japan. Thousands greeted him as he landed from the British battle cruiser Renown which brought him from India.

The Renown was escorted in from sea by the Japanese light cruiser division and in the bay six battleships, including the famous Mutsu joined the convoy. As the vessels neared the harbor there was a roar of guns and the shrieking of sirens. Every class of society was represented in the crowds on the wharves.

The prince was conveyed from Yokohama to Tokio in a special train, three coaches of which were especially built for his visit.

TOKIO, April 12.—Tokio, with its cherry trees in full bloom, was applying the finishing touches to its festive attire today, preparing to welcome Edward, Prince of Wales, who is due today for a week's visit to the capital and a tour of Japan until May 9 as guest of the Japanese nation.

When the battleship Renown steamed into Yokohama with its royal passengers, one of the most eager of the throng of welcome was Prince Hirohito, regent of Japan, whose visit to London last year brought about the exchange of courtesies culminating in Prince Edward's visit to the Orient.

The seven days the British royal visitor will spend in Tokio will be absorbed largely by court and official visits, as well as by numerous state banquets. There will be short periods, however, in which the prince may see the interesting sights of the city. The program has been planned in such a way that it will allow the visitor to see as much as possible of the ancient customs and of Old Japan.

With this in view, a visit has been arranged to the Meiji shrine, where the prince will see the people's loyalty and reverence for the greatest Japanese of modern times. At a special performance to be given in one of the leading theaters, he will see a gorgeous spectacle of Old Japan, while in the royal gardens he will be introduced to that curious blend of art and nature—landscape in miniature.

British subjects living in the Orient who desire to meet their future ruler have not been overlooked. He will be "at home" for one entire afternoon in the British embassy, where all Britons will be welcome. It also is planned to have him attend special Easter services in the English church.

His week in Tokio ended, the prince

The aches and pains left my back and my kidneys were strengthened."

## BEWARE BRETHREN OF SLEEPY SERMON

LONG BEACH, Cal., April 12.—A sermon from within the Church of Christ here today attracted citizens, who called the police, who opened a door and found Robert E. Cook trying to get out. Cook said he had been imprisoned in the church building since Sunday. He said he had come to town from Arizona where he was working as a miner, had eaten a hearty breakfast, had gone to church and to sleep. He said he slept straight through both the morning and evening services Sunday and when he awoke he was locked in. He said he was without funds anyway, he had not worried about getting out until the pangs of hunger grew severe, when he began to call for help.

The police took Cook to the station, but decided he had done nothing criminal so they took up a collection to buy him a meal, released him and he left hurriedly, after asking him the way to the nearest restaurant.
