

ASHLAND'S AUTO CAMP ENLARGED AND IMPROVED

ASHLAND, April 12.—Whether we charge or not for privileges of using automobile camp grounds, the same are being enlarged and improved on a greater scale than ever. We now have both lower and upper camps available, the upper one on the west side of the creek. Another bridge has been built over the stream, making access to any portion of either reservations more readily available than heretofore. Up till recently the creek was forded at this point, this feature adding to the romanticism of the forest and stream surroundings, but it was found that heavy touring cars needed a more substantial crossing, hence the bridge on "how firm a foundation." Other conveniences at the camp grounds are either being added or enlarged upon among them well equipped supply stores and service stations where touring parties can be equipped with every requisite, in addition to the kitchenettes supplying gas service to all campers at a minimum tariff rate.

Ote Helman, local expert, smashed a lot of records at the state trapshooting tourney in Portland recently, having on the first day of the meet broke 141 clay birds out of a possible 150. This is a reminder of the matches of olden days, near the Helman Baths in this vicinity, when Ote also led the procession not only in trapshooting but in nearly every other phase of like sport, either with rifle or shotgun.

The hat is being passed in behalf of outfitting the baseball team with new suits, ere it is called upon to perform a number of hippodrome stunts, not only in meeting other teams throughout this county, but in visiting territory outside the pale of Jackson limitations.

Alpha Chapter No. 1, of the Eastern Star—rather the Embroidery club affiliated with that organization—is preparing an entertainment de lux at Masonic hall on the evening of Tuesday, April 25, when the romantic incidents connected with the experiences of Epoch Arden will be delineated. A number of Stars will be in the cast, also other home talent in the professional classification. Proceeds of this entertainment will be devoted towards refurbishing the lodge dining rooms, a phase of improvement which the chapter membership will assume on a financial basis.

Andy McCallen has been here of late from San Francisco on a brief visit to near "friends" and relatives. His residence proper is at the family home in Berkeley with his mother. He is a member as expert cornetist of Islam Temple's Shrine band, the personnel of which includes 75 star performers, and in June this organization will make the trip to Honolulu, being already booked on the steamer Great Northern. Another big steamer, the Matsonian, has been engaged by the Shirpers for the ocean tour.

Over a score of Neighbors of Woodcraft affiliated locally with Acorn circle, visited Grants Pass recently with delegations from the same affiliation throughout the valley. At the Pass they celebrated the silver anniversary of the order with routine work a sumptuous banquet, and program incorporating the social amenities.

The Modern Woodmen meet in Odd Fellows hall on Wednesday evening, April 12. District Deputy Welch will be present to inaugurate a campaign in behalf of increasing the camp membership.

On Thursday of this week at 7:30

p. m., at city hall, a meeting of unit holders of the Oregon-Montana Gas Co., will be held to nominate candidates to be voted on as trustees, at a meeting to be held April 26, at Eugene.

The remains of W. C. Galliard, who died in this city April 9, were taken to the old family home at Fossil for interment. The deceased was 36 years of age, his premature death being due to a heart affection.

Mrs. Pashburg, died April 10 at San Francisco. She was the mother of Mrs. D. M. Horn, of Hornbrook, the Horns being intimately known by many friends in this vicinity.

Pastor Koehler and Rev. C. Hulet, Sunday school missionary, attended sessions of the Southern Oregon Presbytery at Roseburg on Tuesday of this week.

Funeral services of the late Mrs. Latha Paxson, who died in this city last Thursday, were held April 8, at the Baptist church, interment being in Mountain View cemetery. Deceased was 64 years of age, and a native of Iowa.

The second Shrine dance, under Hillah Temple auspices, will be given at Grants Pass, April 14, Masons and their families being invited. The third and final one of the season will be held in Ashland early in May, preliminary to the ceremonial at Medford on May 26.

Having defeated a school bond issue at Roseburg, the board of education by a process of gradual elimination will discontinue four departments, including training as applied to both teachers and students, domestic art, also music. The essentials, however, remain incorporating the rudiments of "reading," "ritin" and "rithmetic." Viewed from the faddist standpoint in vogue throughout most localities, this action by the Roseburg school board is no less than high treason directed against our educational interests.

Nearly a dozen car owners have been arrested of late, most of them as offenders against the educational clause of the speeding act, which stipulates that the pace of autos while passing schoolhouses shall not exceed twelve miles per hour. These fines have ranged from \$5 to \$10 each. Most of these violations occur in the vicinity of Junior High, where car owners both incoming and outgoing too often hit the county limit of 25 miles per hour, un mindful of being within city boundaries.

Extremes meet, as is instanced of late by classified ads, one announcing the loss of a pair of nose glasses at a roadhouse dance south of town, and the other mourning the disappearance of a bank book in the vicinity of Hot Springs north of city limits.

Married, April 8, by Rev. C. A. Edwards, Wesley Driskell and Mattie Turner, the bride being from the Talent neighborhood. The nesting place will be in town where Wesley is employed by the Southern Pacific.

Would Place English Brains Above Birth

LONDON, April 12.—(By Associated Press.) An endeavor to substitute "an aristocracy of brains for an aristocracy of birth," is embodied in a bill for the re-constitution of the house of lords which Colonel Claud Lowther today obtained the permission of the house of commons to present.

He gave this description in making application for the privilege of presenting the measure, which provides for a reduction in the number of members of the upper house from 730 to 300, apart from princes of the blood. It also contains a provision for the creation of peers for life with uninheritable titles and privileges.

Spring Football at O. A. C. CORVALLIS, Ore., April 12.—Spring football practice will start Friday at the Oregon Agricultural college. Of the sixty men who responded to the call for spring football, seven scaled more than 210 pounds, while two weighed more than 240.

PLENTY OF FARM LABOR IN OREGON DEMAND SLIGHT

More than the usual amount of winter crop damage, particularly in the western part of the state, is a feature of the April 1st Oregon crop condition report, issued by the U. S. Bureau of Markets and Crop Estimates. F. L. Kent, local agricultural statistician.

Oregon farm labor appears to be somewhat out of balance, the supply being estimated at 103.0 per cent of last year, while the demand is only 89.0 per cent of that of a year ago. The average monthly wage, with board, is reported at an average of \$35 to \$40, with a few reports as low as \$30 per month. Without board the monthly wage ranges from \$50 to \$75, depending to some extent on supplies furnished by the employer. Day wages with board are reported from \$1 to \$2 per day. Day wages without board, of which there is not much employed, is reported at from \$2 to \$3.

For the United States the farm labor supply is estimated at 99.5 per cent of last year's supply, with the demand only 89.0 per cent of a year ago.

Breeding Sows
Reports indicate that the number of brood sows in Oregon is only about 98 per cent of the number one year ago. Some localities report a decided increase in numbers, while others report a very much less number than a year ago. Considerable loss of early spring pigs in some localities.

For the United States the number of brood sows on farms on April 1, 1922, is estimated at 12,424,900, which is 111.1 per cent of the number estimated as being on farms one year ago.

Jackson County
Some damage to winter wheat and some reseeding. Most of this reseeding will be as much reseeding as the farmers anticipated a month ago. In a few instances barley has been used for reseeding where they thought the wheat was badly damaged. Current farm labor wage about 20c per hour or about \$2.00-\$2.25 per day and board, or \$3.00 without board. Monthly wage varies from \$49.00-\$75.00.

Josephine County
Winter wheat acreage rather small. Probably 15 percent winter killed, resulting in thin stands. Do not think there will be any reseeding. Current wages about as follows: Day help with board, \$2.25; without board \$3.00; month help with board, \$30.00-\$35.00; without board \$60.00-\$70.00.

SEMI-PROS OFFER BABE \$100,000

CHICAGO, April 12.—"Babe" Ruth with the gates of American League park closed to him for 38 days, has been offered \$100,000 for his playing services if he will join a semi-professional team here. That was the figure named by the team manager at a meeting of his association last night. He drew a laugh.

A call for cold facts produced a document from the manager of the Chicago, the City Hall team, in the Mid-West league, showing that he had signed Dick Kerr, former Chicago American pitcher.

The announcement was also made that Charley Deal, former Chicago National player had agreed a week ago to play with the same team but that he has asked for his release and reported to the Los Angeles club of the Pacific Coast league.

BLAMES BRAINSTORM FOR SHOOTING AT WIFE

SEATTLE, April 12.—A "sudden brain storm" caused John George Alouge, New York Life insurance agent to fire the shots at his wife that missed her and wounded two other persons, he told Presiding Judge Calvin S. Hall in superior court here yesterday when he pleaded not guilty to an assault charge.

Alouge followed his wife, whom he alleges deserted him, across the continent from New York to find her in a Seattle apartment house, and is said to have fired at her twice, missing her and wounding Patrolman Frank W. Spier and Mrs. Blanche L. Baker, who were entering her apartment to assist her.

Prepare for Another Revolution, Mexico

EL PASO, Texas, April 12.—Mexican political exiles in El Paso are purchasing horses and ammunition for another revolutionary expedition they plan to send into the southern republic in this vicinity, according to information laid before authorities in Juarez by Mexican secret service men. At the same time it was reported that Esteban Cantu, former governor of Lower California, came here two days ago to meet Candido Aguilar, son-in-law of the late President Carranza.

Why the \$10.90 USCO is better than just a \$10.00 tire

On November 10, 1921, the 30 x 3 1/2 "USCO" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "USCO" still occupies a place by itself. A good old

standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.

\$10.90

YOUNG GIRLS NEED CARE Mothers, watch your Daughters' Health Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established, she needs all the care a thoughtful mother can give.

The condition that the girl is then passing through is so critical, and may have such far-reaching effects upon her future happiness and health, that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let them over-study. If they complain of headache, pains in the back and lower limbs, they need a mother's thoughtful care and sympathy.

A Household Word in Mother's House writes Mrs. Lynd, about Lydia E. Pinkham's Vegetable Compound.

"My mother gave me Lydia E. Pinkham's Vegetable Compound when I was 14 years old for troubles girls often have and for loss of weight. Then after I married I took the Vegetable Compound before each child was born and always when I felt the least run-down. Both my

sister and sister-in-law take it and have only the highest praise for it. It has been a household word in my mother's house for years." — Mrs. KATHERINE LYND, 2431 Gladys Ave., Chicago, Ill.

A Little Book Helped Her to Decide Milwaukee, Wis. — "My daughter took Lydia E. Pinkham's Vegetable Compound as she was so weak and did not feel like going to school. She was like that for a whole year before taking your Vegetable Compound. I found a little book of yours in our mail-box and decided to give her your medicine. She is now strong and well and attends school every day. We recommend your Vegetable Compound to all mothers with weak daughters. You may use this letter as a testimonial." — Mrs. E. KLUCZNY, 917 20th Ave., Milwaukee, Wis.

"I was always feeling tired and sleepy, was losing in weight and would faint at times. I had other troubles too, that made me feel badly. I read your little books and heard friends talk about the good Lydia E. Pinkham's Vegetable Compound had done them, so I have taken it too. The results are most satisfactory, for I have gained in weight and my bad symptoms are gone. I recommend your Vegetable Compound to all my friends and you may make whatever use you like of this letter." — GLORIA RAMIREZ, 1116 9th Ave., Tampa, Florida.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Go Get 'Em Boys
