

C. OF COMMERCE ON RECORD FOR A NEW BOOKLET

The directors of the Medford chamber of commerce went on record last evening as favoring the publication of a real Medford booklet similar in character to those booklets published prior to 1911 by the old commercial club.

The cost of this booklet and the extent of a publicity campaign for its distribution will depend upon the financial support which the large land owners and business interests of Medford will back the proposition.

The budget committee of the chamber of commerce was instructed to recommend to the directors the amount of money which should be taken out of the funds of the organization toward the cost of this booklet and advertising campaign.

The directors in comparing notes last evening as to the criticism which has been directed against the chamber of commerce during the past years found no complaint of any consequence that members had rightfully misjudged the efforts of the organization other than their failure to provide an elaborate booklet.

The one object which the board had last year was to keep their expenditures within the income, which was accomplished and had all of the members paid their pledges of dues and budget subscriptions there would have been a cash balance of \$2500 instead of \$91.55 on hand at the end of the fiscal year, March 31st, 1922.

With the 1900-1911 Medford spirit firmly established in the members of the present board, there is every reason to believe that with support in the same spirit by the citizens of the Rogue River valley, that big things can be accomplished this year.

England Reduces Discount LONDON, April 13.—(By Associated Press.) The bank of England today reduced its discount rate to 4 per cent. The last previous reduction was on February 16 last when the rate was dropped from 5 to 4 1/2 per cent.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Herself Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimonial for the good of others."—Mrs. BLANCHE SILVIA, 59 Grant St., Taunton, Mass.

It's the same story—bne friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

59.7 PER CENT OF SERVICE MEN IN STATE GET CASH

SALEM, April 12.—Of the approximately 23,000 Oregon ex-service men who have filed their bonus claims with the state bonus commission, 59.7 per cent received 40.3 per cent bonus, according to a tabulation compiled by Henry Brumbaugh, secretary to the commission.

The applications filed to date involve an aggregate outlay of \$39,136,200 including \$3,412,000 cash and \$35,724,200 in loans.

While in the aggregate the cash applications exceed those for bonus loans, in many counties this situation is reversed. For instance, in Gilliam county but 26.7 per cent of the applications are for cash, while 79.3 per cent prefer the loan. Virtually the same percentage applies to Deschutes county.

Ex-service men of Columbia county are strong for the cash provision. 74.2 per cent requesting cash, while but 25.8 desire loans.

Of the 3463 non-resident applicants, 3259 want cash, and but 213 loans.

The following tabulation prepared by Captain Brumbaugh shows the situation by counties:

BERRIAN WANTS MORE EGG HATCHING PONDS

J. W. Berrian, superintendent of the Butte Falls fish hatchery is having wonderful success this year in taking fish eggs and has appealed to the game commission to either allow him to build more ponds or to take part of the eggs to other hatcheries.

He has already taken two million steel head eggs from Little Butte and the antelope and the rain continues. Mr. Berrian says it is the largest run in years.

From squaw lake he has taken 300,000 cut trout eggs.

EUROPE'S SHIPLOAD OF GAME BIRDS SAILS FOR U. S. A.

NEW YORK, April 13.—For the first time since 1914 a shipment of more than 1000 game birds for stocking the game preserves of the west has started on its way from Europe to the United States. R. P. Holland, vice president of the American Game Protective and Propagation association, announced today.

The cargo of live wild birds, Hungarian partridges, consists of 640 pairs in sixty cases aboard the Panamanian, which left Hamburg yesterday and is due in New York on April 25.

The state of Montana, through its department of fish and game, of which Thomas N. Marlow of Missoula is chairman, has purchased these birds," said Mr. Holland. "The Hungarian partridge, introduced in small numbers in the east has not been much of a success, but the state of Washington released 80 pairs in the county of Spokane about ten years ago and last year Mr. Marlow informed me there were 150,000 shot during the season and it is estimated that about that many more can be shot this season without impairing the brood supply. The birds have wandered over into Idaho and are multiplying rapidly. The Hungarian partridge is also doing very well in the province of Alberta, Canada."

GOVERNOR REILY TO STAY ON JOB

WASHINGTON, April 13.—Another angle developed yesterday in the row over Governor Reilly of Porto Rico. At the White House it was announced that President Harding received a cablegram signed jointly by Governor Reilly and Antonio Barcelo, president of the Porto Rican senate and leader of the unionist party, saying the two men had arranged their difficulties and restored harmony between them. The text of the telegram was not given out.

At the office of commissioner Davila, it was said another cablegram between Barcelo and the governor and declaring Barcelo's name had been used without his authority in the cablegram to President Harding.

Commissioner Davila, who had been one of the leaders in the fight to oust Reilly, took his cablegram to Secretary Weeks with whom he held a conference. When the White House gave out the substance of the joint cablegram, it was announced that Governor Reilly would remain in Porto Rico and there was no truth in current reports that he would be recalled and given a post in Washington.

Chairman Tower of the house insular affairs committee discussed the Porto Rican situation with President Harding today.

PLAN REVIVAL OF MEDFORD SPIRIT

A pausing annual membership meeting of the Medford Chamber of Commerce is the plan of the directors and a committee is to be appointed within the next few days to arrange for same.

It is the wish of the directors that this meeting be held following an evening dinner at the Medford hotel. Every effort will be made to renew the old-time Medford spirit and in addition to the regular business, a well known outside speaker will be called upon for an address.

The annual report of the activities and accomplishments of the Chamber of Commerce will be issued in a very short time, the same being reviewed by the directors last evening.

Ben Lampman Will Leave Meier Party

PORTLAND, April 14.—News has been received here that Ben Hur Lampman, who has been traveling with Julius L. Meier on his trip around the world in behalf of the 1925 exposition, is leaving the party and will return to Portland. Lampman was acting as correspondent for all the Portland papers on the journey, writing of the progress the exposition movement was having and general articles of interest gathered on his travels. A cablegram from Shanghai stated that Lampman would leave the party and start back on some steamer leaving late this month.

Ben Lampman, former editor of the Gold Hill News is well known throughout southern Oregon.

WANTS UNIVERSITY PRESIDENT AS WISE AS BAMBINO RUTH

LOUISVILLE, Ky., April.—A university president as brainy as Babe Ruth is the need of America. Dr. A. E. Winship, editor of the Journal of Education, Boston, declared before the Kentucky Educational association here today.

"Babe Ruth has a larger salary than any five university presidents," said Dr. Winship, "any ten state commissioners for education, any eight city school superintendents, and if he makes as many home runs as in 1921 he will have \$30,000 more than the president of the United States. His remuneration is not the result of trick work, is not made at the disadvantage of anybody, not due to striking oil, and not due to politics nor business combination. It is pure, intensified brain power, such as no other American equaled."

"Ruth's mind accurately estimates when and where the ball that is coming like lightning will cross the plate. At the same time he has decided just where to have his bat and send the ball."

"America is waiting for an equally brainy university president to estimate what is best to equip students in college to give the best service in life."

TRUTH ABOUT YOUR HEALTH

The Truth about your Health can readily be explained by asking you a question.

Would you expect to get the Best Music from a Piano if never tuned? Certainly not!

Then why expect the Best of Health from your human body if you never tune it up?

Just as the Piano gets out of tune, and cause the music to be inharmonious, likewise does your various bones in your body get out of tune and cause you to be unhealthy.

All the drugs in the world won't accomplish what Chiropractic treatment will.
