ASHLAND DECIDES TO CHARGE 50C DAY AT AUTO CAMP

ASHLAND, April 14.—The charge of fifty cents a day per car for the privileges of the auto camp grounds was ratified at a meeting of the park board recently, the matter having been agitated for sometime past, not only locally but also in connection with like utilities in various towns both north and south of us. Albany has voted to continue the free privileges, and Roseburg is almost persuaded to follow suit. The fee is a moderate one any way and very reasonable. Gas service is not included in this charge, the tariff being levied for the parking of cars and incidental privileges about the grounds, the kitchenette and picnic burners continuing to function as heretofore on the slot basis. Other conveniences will be a rest room and washhouse, the big fireplace having been installed last season. The grounds will be personally conducted this year, Rev. J. H. Duran having been engaged by the park authorities to extend the glad hand and attend to registration duties. If the suggested chapel annex is erected, the chaplain could also attend to the spiritual needs of a widely diversified congregation, ordinary caretakers being engaged to promote their welfare temporal. Mr. Duran is a pleasant, companionable fellow, entertaining in the pulpit as well as a clever outside of it. In fact he is one who might aptly be termed "a good scout." A lover of nature and the great outdoors, the large army of tourists will find in him a genial information agent, well posted in lore regarding all the scenic beauties of both this and neighboring localities.

There will be a merger of Christian Endeavor societies of the Presbyterian Congregational and Christian churches at the first named place of worship, on Easter Sunday at 6:30 a. m. The young people to partake of an early morning breakfast to be served on a war rationing basis, the cost not to exceed ten cents per plate, the membership being levied upon accordingly.

The "Come when you can, and if you can't come, stay away club" held an overflowing meeting early in the week. Reservations for the April basket cabaret, occurring April 21, are at ready hand disposed of.

Twenty dollars in additional fines have been collected within the past few days from speedy car owners.

The rite of baptism and reception of new members will occur at the Presbyterian church on Easter morning. The Sunday school will give a program, "The Paganism of the Lifting Hands" in the evening at 7:30, with music by the school's orchestra. At the morning service musical selections will predominate. The Endeavor society of this church has elected Edith Robinson, president; Paul Koehler, vice-president; Gertrude Brown, secretary, and Walter Kiksch, treasurer.

C. W. Nims, grand commander of the Templar organization in Oregon, will leave on Monday, April 17, for New Orleans, to attend the triennial

conclave of that order, the gathering to be in session from April 24 to 29. Several other members of the grand commandery will join him in this pilgrimage to the southland. He will be gone several weeks.

H. Muller is laying the foundations of a new residence, to be located at the Ashland and Guthrie street intersections.

The meeting of the Wednesday Afternoon club this week assumed the phase of an Arbor Day affair, witnessing the planting of flowering shrubs to beautify the church grounds, a number of pioneer members of the Presbyterian following being honored in this respect, notably Father Williams, Rev. and Mrs. Wm. Clyde, also Mesdames Gilbert, Dunn, Russell, Ketterer and Giddings. In a social way the club membership were the guests of its new officers, the personnel of this directorate including Mesdames Wilson, Winter, Whittle and Wick, a peculiar coincidence being that each individual officer's surname begins with a "W." Refreshments and much chatter were reported incident to the social hour, the attendance being a goodly one notwithstanding stormy weather conditions prevailing.

Miss Margaret O'Neill, of Hornbrook is an Easter week visitor in this city, calling on numerous friends and shopping at the leading emporiums of fashion.

The Christian church's Women's Missionary society will hold a prayer meeting circle on Friday, preparatory to Easter services.

Bill Pennington is in San Francisco, employed in a leading mercantile establishment.

Henry and George, sons of the late Frank Carter, with their families enjoyed a family reunion at Talent recently, Henry being a resident of Ashland, and George living in the vicinity of Talent. The reunion marked a birthday anniversary of the twin brothers.

The Ashland unit of the W. C. T. U. is studying law enforcement as a special topic, notably the phases of the subject applying to national prohibition. This study course meets at the city library the 23 and 4th Tuesdays each month at 7:30 p. m.

Parent-teacher association officers include Mrs. Olive Swendenburg, president; Mrs. A. N. Humphrey and Geo. Rose, vice presidents; Mrs. Walter Herndon, secretary. As sponsors for the upkeep of the children's playgrounds, the association will see that these are well provided with adequate equipment, and an effort will be made to secure further reductions in behalf of the children for swimming pool privileges the coming summer.

Irwin's pool hall management is the residuary legatee to the former Cook billiard headquarters out on East Main street, and a number of improvements will be installed before the grand opening by the new management occurs.

Following custom established in metropolitan centers, local store windows are resplendent with fine displays of Easter goods incorporating latest fashions.

C. POINT OFFERS A SCHOOL CENTER RURAL DISTRICTS

CENTRAL POINT, April 13.—The Central Point school board has made a proposition to several rural school districts adjacent to this one to school the children of those districts for \$20 per capita for the nine months, provided the children are delivered here. This, it is said, would give the children of those districts nine months of school instead of eight, and at the same time much greater educational advantages than would be possible in a one-teacher school.

It is also claimed that the cost of educating the children in the districts concerned would be materially lessened and would be mutually beneficial to both Central Point and the rural schools.

The proposition made is not one of consolidation or permanent arrangement, but rather an offer for the coming year for the purpose of trying out the scheme. Letters carrying this offer have been sent to all board members in the following districts: District 14, Willow Springs; District 44, Table Rock; District 100, Howard school, and District 102, North Medford.

The Southern Pacific depot here, which for a long time was closed to the public at five o'clock each evening, thus leaving it in darkness and unopened to the traveler or arrival on Train No. 15, which arrives here at 7:45, is again open to the public at the time of the arrival and leaving of the evening train. This will be welcome news to the people who travel on that train. While the going and coming of people on train 16 here is not large, not infrequently they do come and go and it is good to know that tickets, information, light and heat are again provided at the station.

Special programs in keeping with the Easter spirit will be the big thing of the day's observance. In the afternoon there will also be a beautiful sermon and wonderfully inspiring music at the Christian church in charge of Reverend Millard of Medford. This will be in addition to the Sunday school exercises in the morning.

A tempting array of delicious salads, meats and everything will be on sale there that day and those who desire these things would do well to be on the scene early.

Mrs. Trollinger formerly resided here for many years and has many friends and acquaintances in Central Point and vicinity. She is best remembered to them as Mrs. Belle Pleasant.

Reverend Beatty, newly appointed pastor of the community church here is in Cottage Grove this week, looking after business matters.

The Golden Chimes concert given here last Friday evening, was a most enjoyable affair, and very pleasing to all who were there. The music was, perhaps, the best that has ever been heard in Central Point, and the audience was highly appreciative. On account of the threatening and unfavorable weather, a large crowd was not present, and from a financial

BAD WEATHER IS DELAYING R. ROAD WORK BUTTE FALLS

BUTTE FALLS, April 13.—Since my last letter to the Tribune, we have been having some very disagreeable weather. The sun comes out and shines for a short time, then comes the wind and snow whirling around the trees like a young cyclone, and it is cold and damp. The railroad work has been tied up on account of bad weather for the past three days. It was reported the train would come up Tuesday but it hasn't come yet and the day is gone.

Mrs. Day's fractured arm is still painful and she has to carry it in bandages yet. Mr. and Mrs. Ward and son are making their home with the Days until school is out, not being able to get a house furnished until then.

There will be an Easter program at the church by the school children Sunday at 7:30 p. m.

Mrs. B. Hodson and children are here visiting her brother Ray Spencer and family, also friends, as she used to live here. Her home is in or near Minneapolis, Minn., but she has been to San Pedro, Calif., the past seven weeks visiting her parents, W. S. Spencer who used to live at Dudley, or better known as the unsurveyed four miles above Butte Falls.

Mr. and Mrs. Ray Spencer entertained in honor of their sister, Mrs. Hodson, Monday evening with five hundred. The following guests were present: Mr. and Mrs. J. Cadzow, Mr. and Mrs. J. F. Carson, Mr. and Mrs. Stoddard, Mrs. Hodson, Barker and Cleveland, Mr. and Mrs. S. Johnston, Mr. and Mrs. B. Hildreth, Mr. and Mrs. Ira Tuzgate, Mr. and Mrs. Chas. At the community dance in the hall Saturday evening there was an unusually large crowd and a very good time. Sixty-five dollars was taken in for improving the park. It will be seeded to grass just as soon as it is fenced, which will be soon now. Most everyone here responded freely whether they wanted to dance or not, and Butte Falls is noted for a large attendance on such occasions. The Jones orchestra played most of the evening with guitar, piano and violins. Mrs. Whaley joined in occasionally with the ivory chimes. Several people were there from Medford, some from Eagle Point, Central Point and Derby. There may be another dance of the kind in the near future if the funds run-out before the fence is completed.

Our program which was held at the Elk Creek school house Friday the 7th, was a complete success. About 55 persons were in attendance. We did not expect that number as it was storming off and on during the day. The program consisted of a few songs, recitations and three dialogues. After the program Miss Burr showed slides on Oregon scenery, which was interesting as the slides were colored, and looked real. She also gave a lecture on each slide.

The last event of the evening (or morning) was a basket supper which was enjoyed by all.

A few were unfortunate enough to arrive at the end of the program as the rain delayed them. But were on time to see the slides and help eat the goodies.

SAMS VALLEY IS VICTORIOUS OVER MODOC BALL TEAM

Mr. and Mrs. Geo. Zimmerman were very happily surprised recently by a visit from their old time friends, Mr. and Mrs. Reitenmeyer from Loop City, Neb., their old home town. The Reitenmeyers are touring the west having left their home in January and spent their time in Washington, Oregon and California.

A good attendance was present Sunday afternoon to witness the ball game played by Table Rock and Modoc boys against our "home team." The game was too one-sided to be very interesting, but both teams are in need of much practice. The Modocs were defeated by a large score.

Eats Like Wood Chopper

"After many discouraging years of suffering from stomach trouble and bloating, in which I could eat only sparingly of the simplest food, I am now feeling entirely well. Thanks to Myr's Wonderful Remedy, which has done wonders for me. I can now eat like a wood-chopper and enjoy it."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation, which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. Adv.

Getting Rid of a Stubborn Cough is Child's Play Now

Make the Medicine Yourself at Home—It's Cheap—But You Can't Beat It.

If you want to take care of that bad, hang on, cough and do it in a few hours, better get one ounce of Parmit (double strength) and mix a half pint at home.

You can do this in two minutes by adding a little sugar and enough water to fill a half pint bottle.

You'll travel the world over before you get a medicine that will act so surely and quickly on the mucous membrane of the nose and throat. It hails the inflammation, the tickling sensation stops with the first spoonful, the heavy breathing goes and clean membrane, free from irritation and mucus follows.

For Catarrhal conditions, such as Mucus droppings, clogged nostrils and watery eyes, it won't disappoint—ask for Parmit (double strength). Speak plainly so that the druggist will know exactly what you want.
