PUBLIC HEARING TAX COMMISSION HERE, APRIL 24TH

For the purpose of gathering at first hand information as to tax conditions in various parts of Oregon, the state tax investigation commission will hold a public hearing at Medford, Oregon, on April 24, 1922.

This commission was appointed by the 1921 session of the legislature to investigate the tax situation in the state, with a view to equalizing the tax burden.

Under the commission the most exhaustive tax study ever undertaken in the state is now being conducted. The commission must make its report and recommendations by November this year.

Members of the commission are J. N. Day, chairman; Henry E. Reed, Geo. A. McKenna and C. S. Chapin, of Portland; Walter M. Pierce, LaGrande; E. H. Smith, Lakeview, and Charles A. Brand of Roseburg.

REGULAR MEETING LEGION TONIGHT

As a result of the invitation extended to all veterans of wars previous to the world war by the American Legion it is expected a number of Spanish and Civil War veterans will be present at the regular legion meeting tonight.

A report of the dance committee which put on last night's entertainment will be given and a decision as to the date for the next legion affair, which is expected to take the form of a "pioneer days" celebration, will be made.

Although the dance last night was a very successful affair there is still some gloom among legionnaires over financial matters and C. Y. Tengwald has served notice he will deliver the most pessimistic address ever given before a Medford audience on the subject tonight.

TO SPEND \$50,000 ON B. FALLS ROAD

The county commissioners have decided to spend \$50,000 of the county market road fund on the Butte Falls road and will advertise for bids soon. They will grade and macadamize the road and expect the amount to complete the road from Butte Falls to the top of Rocky Hill, about four miles, and from the Crater Lake highway to the junction of Crooked and Butte Falls road, about seven miles.

The federal road department at Portland will open bids about April 29 for the Crater Lake road from Trail to Prospect, and will no doubt let the contract then. This is for grading and macadamizing the road, excepting about nine miles.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revolution if your hair is falling, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wavy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

POMONA COLLEGE CONCERT DECLARED BEST OF SEASON

The Pomona (Calif.) College Glee club which played before a large audience in the high school auditorium last night is admittedly one of the best which has ever appeared here, not excepting Oregon, O. A. C. U. of C., etc.

Many favorable remarks were heard during and after the performance and former members of the Oregon Glee club, which has always been a creditable body of singers, even admitted that the Pomona club outdid some of the best.

The program was varied sufficient to prevent any hint of monotony and all of the selections were carefully picked.

Among those which were especially effective and in which the work of the club as a whole were particularly noticeable were "The Chant of the Volca Boatman," and "The Ghost Dance," the latter being a college song.

Prof. Lyman, the director and former dean of music at the U. of O. is to be complimented on his excellent work with the club which makes possible the accuracy and precision of the wonderful shading effects of the different parts which was particularly noticeable in the "Chant of the Volca Boatman," by Gaul.

AUTO OWNER GIVES CHURCH \$2.00 FOR KNOCKING OUT TREE

The Dodge car which ran into the front yard of the Adventist church on North Riverside yesterday morning destroying a tree, belonged to George Tetherow of Grants Pass and was being towed by another car from Yreka to Grants Pass.

The front right wheel of the car ran over the top rope and the car was thrown to the left hand side of the street where it collided with the tree. The men who were towing it, and the driver, left it and went on to Grants Pass.

Chief of Police Timothy took the car into custody and had it towed to a garage where it rested until the owner came for it last night. The owner agreed to reimburse the church for the loss of the tree and \$2.00 was accepted by the church for the damage done.

The local police also recovered a Chevrolet car which was stolen from this city Saturday night. The car belonged to a man named Boardman. The license plates had been removed and those from the Ford truck of the Medford Lumber company had been substituted. The car was found Sunday near the Bear Creek bridge east of Central Point and was minus spot light and battery.

At the Rialto

The film adaptation of "The Cave Girl," will be shown at the Rialto theatre four days beginning tomorrow. The exteriors were taken in the Yosemite valley of California last winter and the grandeur of that justly spotted of the United States furnished excellent photographic material. The play abounds in thrilling situations and also unfolds a sweet love story. An all star cast portrayed the roles, including among them being: Teddie Gerard, Lillian Tucker, Charles Meredith, William Taylor, Eleanor Hancock, Boris Karloff, John Beck and Jake Abraham. Victor Miller was the photographer and the titles were done by Katherine Hilliker.

John Emerson and Anita Leos Kid Romantic Movies

"Red Hot Romance" is coming to the Page theatre tomorrow for a run of three days. The leading roles are played by Basil Sydney and May Collins.

"Red Hot Romance" is a satire on the romantic melodrama, with the scenes laid in Santa Granta, capital of the kingdom of Bunkonia. These scenes were modeled after a real two-by-four country, Andorra, a twenty-five-mile square republic in the Yreka mountains which Mr. Emerson and Miss Leos visited in order to secure data for their "sets."
