

LADY ASTOR WILL SPEAK AT MEETING BALTIMORE WOMEN

BALTIMORE, Md., April 18.—Lady Astor, formerly Miss Nancy Langhorne of Virginia, is about to make her first visit "back home" since she was elected the first woman member of the British parliament. She also will deliver her first address outside of England since she spoke at the International Woman Suffrage convention at Geneva, Switzerland, in 1920. Soon after her arrival in America she will come here to attend the convention of the National League of Women Voters and the Pan-American Conference of Women, April 20-29.

Lady Astor will be one of the speakers at a mass meeting of the conference following the state president's dinner, and will tell what women have brought to politics in Europe since they became active in governmental affairs. She will come to Baltimore after addressing an evening mass meeting in New York City under the auspices of the League of Women Voters and also will speak in Chicago. She will be the guest in Washington of Mrs. Gifford Pinchot of Milford, Pa., a girlhood friend, and finance chairman of the National League of Women Voters. Miss Mary Garrett Hay, chairman of the New York City League, appointed a reception committee to receive Lady Astor on her arrival.

Lady Astor expects to visit her home and relatives while in this country. She recently joined her sister, Mrs. Charles Dana Gibson of New York City, in launching a movement to aid the education of southern women thru scholarships. Her subscription for this purpose was accompanied by a note saying that "women are needing education, now as never before."

WAIKIKI SWIMMERS MUST PUT ON SUITS

HONOLULU, T. H., April 18.—Consternation struck the habitués of Waikiki beach who following the admonition "hang your clothes on a hickory limb, but don't go near the water," when Sheriff Charles Rose, descended on the strand yesterday with a new order "get into the water or get home and put on some more clothes."

OREGON GETS MILLION U. S. LIVESTOCK LOAN

WASHINGTON, April 18.—Approval of \$4 advances for agricultural and livestock purposes aggregating \$2,722,000 has been announced by the war finance corporation. Distribution of the loans included: California \$131,000; Oregon \$1,000,000; Washington \$12,000.

JAPAN WITHDRAWS FROM CONFERENCE CHITA GOVERNMENT

TOKIO, April 18.—(By the Associated Press)—Japan has instructed her delegates to withdraw from the Dairien conference with representatives of the Siberian government at Chita.

The ground for withdrawal of the Japanese, it was said, at the foreign office today, was that the Chita government made proposals in reply to Japan's notification of the date for the evacuation of Siberia which upset the agreement reached regarding the protection of lives and property and the adoption of the open door policy.

"In consequence of Japan's decision the government is sending the staff of the eighth division with a brigade of infantry, a regiment of cavalry, field artillery and a battalion of engineers "to replace the troops now stationed in Siberia," according to an official announcement today.

The Dairien conference between representatives of the Far Eastern republic of Siberia and Japan opened last August. It has been reported on the verge of breaking up several times, due to the divergencies of opinion as to the conditions under which the Japanese troops in Siberia had been withdrawn. Secondary fighting between Japanese forces and those of the Chita government has been reported recently.

TOKIO, April 17.—(By the Associated Press)—A meeting of the committee appointed to consider the agreements reached at the Washington armistice conference held here today is looked upon by the local press as preliminary to the ratification of the pacts. The committee is composed of Viscount Kyoura, president of the privy council, Viscount Ito, Viscount Kaneko, Baron Hamano, Premier Hozumi and other officials. Premier Takahashi explained various points of the question.

PHYSICIAN GUILTY OF MOTHER'S DEATH

LOS ANGELES, April 18.—Joseph Studer, formerly a physician of Peoria, Ill., has been sentenced in the superior court here to serve an indeterminate sentence of one to ten years in San Quentin prison. The sentence followed Studer's conviction on a charge of manslaughter based on the death of his mother, Elizabeth Studer, here last September. Studer was granted a five day stay and his attorneys gave oral notice of appeal from verdict and sentence.

Studer was accused of having shaken his mother, who was 86 years of age during the course of a family dispute and as a result she either fell or stepped from a high porch receiving injuries that resulted in her death.

Studer was tried twice, the first jury disagreeing.

Lachman Shows Oper. Tomorrow Night

Madame Irene and Teddy with the Lachman Exposition Shows that open here tomorrow night.

PRINCE OF WALES TAKEN ON FISHING TRIP BY JAPANESE

TOKIO.—On a moonless night, illuminated only by blazing torches, Edward, Prince of Wales, will be taken for a trip along the River Niagara to witness the strange cormorant fishing industry while on his visit to Japan as guest of the imperial government.

This curious method of catching fish with birds instead of hook and line has existed in Japan from time immemorial. Twenty-eight men, four boats and 64 birds constitute a working unit of these picturesque fishing fleets to be seen in many sections of Japan, but particularly along the Niagara river.

The cormorants are trained when quite young and will continue to work for 15 and even 20 years. When well trained and properly handled, each bird will average about 150 fish an hour.

The master fisherman, distinguished by his peculiar hat, stands in the bow handling no fewer than 12 birds with remarkable skill. Another fisherman, with four birds, is situated amidships, a third member of the crew is stationed between the two, armed with a piece of bamboo which he strikes to keep the birds at their work, at the same time encouraging them by shouts and cries.

Each cormorant has a ring of metal or bone around the base of its neck permitting it to swallow the smaller fish as food but effectively stopping those of marketable size from passing through.

Round the body of the bird is a cord, to which is attached in the middle of the back a short strip of stiff whale-bone, with which to lower the bird into the water or lift it out again and a thin rein of spruce fibre, twelve feet long.

The master lowers his 12 birds into the stream and holds the reins in his left hand, manipulating them with his right as occasion requires. The second fisherman does the same with his four birds while the third man begins his volleys of noise.

The birds start diving and ducking with wonderful swiftness as the fish come swimming toward the blaze of light. The master has a busy time handling his 12 strings to prevent them tangling while the birds are dashing hither and thither.

When one of the birds becomes engaged, it swims about in a foolish, helpless way, with its head and swollen neck erect and the master hauls it in. He forces its bill open with his left hand, still holdin the other lines, and squeezes out the fish with his right, after which he returns the bird to its work. This is all done with such admirable dexterity and quickness that the other birds have not had time to become entangled and immediately the whole team is again perfectly in hand.

GOV. SMALL'S TRIAL IS AGAIN POSTPONED

COURT HOUSE, WAUKEGAN, Ill., April 18.—Governor Len Small's trial on charges of conspiracy to embezzle state funds was postponed again yesterday, this time next next Monday when the state agrees to the request of the governor's attorneys.

The postponement will permit leaders on both sides to attend the republican state convention at Springfield.

Marines Killed in Air WASHINGTON, April 18.—Two marine officers and a marine private were instantly killed today at Quantico, Va., when two airplanes in battle practice locked wings in the air and plunged to the ground.

GRANITE INDUSTRY DECLARES OPEN SHOP, CUT WAGES

DENVER, Colo.—Virtually the entire granite industry of the United States had declared for the open shop, with a reduction in wages from \$8 and \$9 to \$6 a day, according to H. C. Hefner of Denver, president of the Memorial Craftsmen of America, a national association of monument dealers.

"An era of prosperity will smile upon the builders of memorials now that the buying public is assured of a substantial cut in prices as a result of a decided decrease in the wages of all workmen employed in the production of memorials," said Mr. Hefner.

"The drastic restrictions upon the operation of cutting and polishing machines likewise have been removed. This removal will so greatly increase production that prices will drop to the lowest possible level. Formerly the unions allowed a very limited number of apprentices, which was also detrimental to the trade.

"The Memorial Craftsmen of America have for some time made a determined fight for the open shop principle, to obtain justice for the buying public. The fight has been made largely from the standpoint of patriotism in industries.

"We are now on a basis from which to make a new start, and we will build upon a foundation of equity and justice to all which gives every man a chance to work and do his best. We have adopted the American plan of equality, which puts individual rights on a pedestal and will defend them against all attacks not sanctioned by the law and the golden rule."

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that kind of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

MOB ABANDONS LYNCHING FOR A TOWN CLEAN UP

HAYNESVILLE, La., April 18.—Persuaded to wait until the mob they were after had been identified by his alleged victim, a mob violently estimated at 500 to 500 which surrounded the Haynesville jail Sunday night bent on taking Ralph Coleman, suspect in the assault and robbery of Tony Pierce left 100 of its members at the jail and started on a "cleaning up" of Haynesville.

As the crowd went about its self-appointed task it grew rapidly until by the time it started for Oil Center and Broussard Spur, with the announced intention of "cleaning up" those oil field settlements also, it had grown to 3000.

The mob visited a number of hotels and rooming houses, notifying certain men and women among their occupants to pack and depart and then went to the negro quarter and gave orders to about three-quarters of the population to leave. Doors and windows were smashed at several places, but none of the negroes or others warned to leave was injured.

The assault from which the excitement developed occurred when Pierce was on his way home. He was struck on the head and robbed of \$100 which he said he had received from his sister in California earlier in the day. He was unconscious when found and had not fully regained his senses several hours later. He is seriously but not fatally injured, it was stated after an examination of the wound.

Meantime while police were searching for the highwayman, a reward fund was being raised by subscription. The town was quiet this afternoon.

Feels Like a New Woman

"I was a sufferer from kidney trouble for several years," writes Mrs. Arthur Demulle, R. F. D. 1, Grasmere, N. H., "and suffered so much I felt completely lame all over. Since I have been taking Foley Kidney Pills I am not so lame. My back ached all the time and my eyes were all a blur. Now I can see fine and feel like a different woman. Since I have taken two bottles of Foley Kidney Pills I don't have that tired feeling. I can do my own work now." They bring quick results. Sold everywhere. Adv.

The Fordson Farmers' Calendar THERE'S PROFIT EACH DAY THE FORDSON WAY **1922 SUN** **The Cleanest Farms In Any Community** **1922 RI SAT** FORDSON farms have that reputation. Early fall plowing is what keeps these farms free of weeds. "That's easy to talk about, but how are you going to plow when the ground is so hard and dry, and the weather so hot that a team can't work?" That, probably is your objection to the formula. "Use a Fordson-Oliver Plowing Outfit," is the answer. Heat and hard soil and dry weather don't bother a bit when you use Fordson power instead of horses. Early fall plowing with a Fordson tractor and an Oliver No. 7 plow will enable you to turn over the soil the time you know it will do the most good. Over 200,000 Fordson Farmers Use Oliver Tillage Implements **C. E. GATES AUTO CO.** Don't let the blaze from your match start a blaze in the woods.
