

WORK STARTED TODAY ON COUNTY FAIR GROUNDS

Work was commenced at the county fair ground this morning and will be pushed ahead from now on until completion. Teams and men are employed in leveling the picnic section upon which trees are to be planted.

A meeting of the directors of the Fair association has been called for next Friday evening at which time building plans and estimates of their cost will be submitted.

The same architectural design will be employed on all buildings and the whole will give a pleasing effect of substantialness of the entire project. An impressive entrance is on the program and the lighting effects of each building is being carefully considered.

Provision will be made for boys and girls club work; and the woman's building will probably cost more per square foot than any structure on the grounds.

The annual meeting of the Jackson County Fair association will be held at the Medford Public Library on Tuesday afternoon, April 25th and all stockholders are requested to be present to assist in the election of directors.

TALENT BRIDE IS GIVEN SHOWER AT COMMUNITY HALL

EDEN VALLEY, April 18 (Special)—Monday afternoon at Talent community hall, Mrs. George Robinson assisted by the more intimate friends and community members, gave Mrs. Wesley Driskoll, nee Matte Turner, a miscellaneous shower. Fifty ladies attended, among whom were the following:

Mrs. E. Adams, Foss, Clayton, Alice Richardson, Withrow, Geo. Robinson, C. Mellan, Wm. High, Bond, Nona Anderson, Pearl Wilson, Frank Holdridge, Chas. Holdridge, J. R. Crawford, Lawrence Crawford, Jewett, Thompson, Penland, Vogel, Long, L. J. Davis, Goddard, Hearne, H. E. Bowman, L. Brown, C. G. Winters, W. A. Childers, N. W. Phelps, H. P. Jewett, C. Carey, Hurley, Misses Ruth Hudgon, Della Lee, Ethel, Ruth and May Hackle, Vera and Myrdell Lynch, Betty Brown, Geraldine Gunn, Roberta Phelps, Gladys Deupfy, Flossie Maheshell, Elmer Lynch, Edyth Goddard.

The bride was the recipient of many beautiful and useful gifts, one of the more costly being a full set of silverware from her brother, Lloyd Turner, of San Francisco, numerous pieces of china, aluminum, and glassware, and many other valued household articles, were among the gifts.

Just as the bride had made a short speech of acceptance and appreciation to those present, the girls from the high school came in with other gifts, which were opened for the inspection of all. Then followed the dainty refreshments of ice cream and cake. Then, after an hour of pleasant converse, the guests wishing Mrs. Driskoll a most happy journey on the sea of matrimony departed for their several homes, filled with joy over the happy event.

The happy young couple will be at home to their friends in Ashland at the Shook apartments.

ASHLAND'S FIRST CO. GIVES SOCIETY CABARET FRIDAY

ASHLAND, April 19.—"Society solo dancing," as exemplified by Beaumont and Irene De Losh, of Medford, at First Company's entertainment de luxe will be a star attraction on Friday evening, April 21. The springtime—now promising to be genial—will be ushered in by a jolly society basket cabaret, tendered under auspices of the soldier boys at the armory on the date aforesaid. The jollification hours will extend from 8 p. m. Friday until 2 a. m. on Saturday. The term "basket," as applied to the entertainment, implies that patrons can supply their own refreshments as fancy dictates. Punch and coffee will be served free of charge in the way of liquid "chasers," also tables, forks and spoons in the way of equipment. However, guests are expected to bring paper plates, knives and tablecloths. This jollification promises to be the gayest one which has been given under military auspices, and several have occurred up to date, combining the frolic of a picnic and the social features of the gay dance. Ashland and Medford are merging efforts along this leading social activity, and it promises to be the crowning entertainment event of the season.

City Engineer Walker is engaged a portion of the time in highway work at headquarters offices in Medford.

Dr. D. W. Dwinell, capitalist over in Siskiyou county, residing in the vicinity of Montague, and who often visits and is well known in this locality, is heading a movement having for its object the reduction of taxation in Siskiyou county, the maximum levy at present approaching eight dollars per thousand.

Malta Commandery meets in stated convocation on Wednesday evening this week, April 19. Also work in Order of the Temple.

Jacksonville is rightly "up on its ear" over an equitable allotment of highway funds as applied to various portions of the county, and sees the advantage accruing to everybody thru the construction of a substantial paved roadway direct from the county seat to Medford, the metropolis. They cannot see why the bulk of highway funds should be expended over scenic routes for the benefit of tourists, at the expense of adequate transportation lines throughout the rural districts in general.

Holmes, local groceryman, as usual captures a prize offered for leading window displays, the sum being fifteen dollars in cash, as offered by the Sunset magazine, the competition being a lively one inasmuch as the field covered a dozen stores.

Ralph Losher, of Portland, has been visiting old home surroundings here for a late.

Butler's bakery broken into by hold burglar was a condition discovered on the premises last Monday morning. Some loose change and cinnamon rolls being missing.

Among Shrine excursions, the following of Kosair Temple, of Louisville, Ky., is expected to pass through Ashland, June 11, bound for San Francisco. Inasmuch as the hour will be early in the morning, it has been thought best not to detain the party at Medford for an auto ride to this terminal, but rather pursue the regular schedule, and have the party taken from here for a sightseeing trip by auto up to the summit of the mountain and return. The train will be a special one and its stop in Ashland will be prolonged two hours.

The big window smashed in Perrine's store sometime Sunday night will cost about \$70 to replace. A tailor and a railway employe with their radiators surcharged with hootch didn't function very well as chauffeurs. They were fined \$75 each, and placed on probation under promise to bear the expense of damage inflicted.

The engagement of Miss Nellie Beaver, teacher in local schools, to Edward Stannard, is announced, the nuptial event to be a traditional June wedding under the happiest of auspices.

The Ashland unit of the state normal, which will hold a six weeks summer session here, will have for instructors Supt. Briscoe, of the local schools; Miss Susanne Homes, county superintendent; method teachers in grades 1 to 8 inclusive, also instructors in music, typing, shorthand, bookkeeping, penmanship, physical training, and playground development. Advanced work will also be available as conducted by the most competent instructors in our leading universities. The practice school will be a leading feature throughout the entire term.

Douglas county is bragging about expending \$61,000 on highways thru-out its big territorial limits. That amount wouldn't pave over two or three miles of super-roadway down in this scenic neighborhood where work encounters many obstacles.

Jack Fahs, S. P. engineer, has of late been receiving a visit from his father, a resident of Grants Pass.

The baby clinic will be held at the Methodist church on Thursday of this week, beginning in the morning. Registration for the event closed on Tuesday.

Miss Bertha Eliason, employed in Southern Pacific general offices in Portland, was a home visitor recently for a brief period.

NO GOLF COURSE SITE SELECTED, UP TO THE MEMBERS

Although they have a number of sites in mind the organizers of the proposed Golf club for Jackson county have not determined on any definite location for the golf course. The committee feels that the entire membership necessary to start the club should be first signed up and that then this entire membership should appoint its grounds committee with proper authority to select a site for the course. It would hardly be fair for a small minority interested in starting the club to have the privilege of selecting the site. There are a number of places of merit and it will be up to the members to appoint a committee that will select the one most suitable.

It has been difficult for the organization committee to arrive at a definite idea as to just what the annual dues of the proposed club will amount to. That question will have to be decided at a meeting of the members for organization purposes. It will depend chiefly on two things. First, the character of the land chosen for the course, its adaptability to economical upkeep; and, second, the number of members in the club. The committee would like to see more than one hundred and seventy-five members signed up and they have not placed any limit as yet. Once the organization is actually formed the members themselves can decide what their limit is to be. Naturally the more members the less the dues. With a membership of from one hundred and seventy-five to two hundred the annual dues would probably be about three dollars a month or thirty-six dollars a year.

It is not the intent of the organizers to put through a weak organization and no start can be made until the full amount necessary has been raised. Therefore those who sign up are protected in that it is expressly stated in the paper that the proposed member is asked to sign that not a dollar of the money so raised can be spent for any purpose whatever until the full amount has been raised and then until a meeting of all subscribers has been called and such expenditures as are necessary have been authorized by the members themselves.

Probably a hundred thousand tourist automobiles will stop in Medford this summer. It is difficult to say how many letters will be written to the commercial clubs of the valley and to our citizens asking about Jackson county. A great many of these people are going to ask if we have a golf club here. That question means something more than mere curiosity. It means that "if you have a golf club here I will stop off a while, or I will come here to live." If Jackson county is to stay in the same it must have a golf club and one that it will be proud to show to anyone.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, and your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by something out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.
