

TRIAL R. D. HINES FIRST CASE TO BE HEARD ON MONDAY

The first case to be called on the docket of the term of the circuit court beginning next Monday morning will be that of R. D. Hines, former vice president of the defunct Bank of Jacksonville, charged with violations of the state banking laws. District Attorney Rawles Moore Tuesday served a subpoena upon W. H. Johnson, former president of the bank serving a ten year sentence at Salem as a witness for the state. Johnson is a half brother of Hines, who is represented by Attorneys Neff and Hanna. The state will be represented by Assistant Attorney General Liljequist and District Attorney Moore.

The trial of Lloyd Elwood, charged with manslaughter as the result of an auto accident on the Pacific highway last December was postponed by the court until May 22nd.

The second case on the docket will be that of Magnus Hall, indicted for alleged violation of the prohibition law.

Two minor criminal cases, not yet definitely settled will be tried and will be followed by the trial of James (Shine) Edwards, charged with violation of the prohibition laws. Edwards was tried twice before, each trial resulting in a disagreement, owing to the unwillingness of the jury to accept the testimony of the star witness for the state. John Godwin, also tried twice, for the same offense with the same result, as above will be retried.

Ernest S. (Dud) Wolgamott, will face trial on two indictments alleging violation of the prohibition law.

The grand jury will convene for the May term of court May 15th and the petit jury will be convened May 22nd.

PREPARING FOR REFUNDING OF EUROPE'S DEBT

WASHINGTON, April 19.—Preparations for funding the eleven billion dollar foreign debt to this country have been completed with the organization of the allied debt commission. The commission met at the treasury, appointed Elliott Wadsworth, assistant secretary of the treasury, in charge of foreign loans an executive secretary, laid the ground work for negotiations with the foreign debtor nations and adjourned subject to call.

The next meeting of the committee, it was said, probably would be held next week at which time it is expected the formal steps for opening discussions with Great Britain and the other powers will be determined. The commission, it is said, will move as rapidly as possible to put in motion the machinery for funding into long time obligation the demand notes of the allies.

Today's meeting, it was stated, was devoted principally to settling the details of the commission's organization, such as the establishment of its offices at the treasury. The discussion of the foreign debt problem so far has only been general, it was said.

The commission, created by the recently enacted debt refunding bill, is composed of the secretary of the treasury, the secretary of state, the secretary of commerce, Senator Smoot, republican, Utah, and Representative Burton, republican, Ohio.

MEN WALK OUT COMSTOCK MINE

GOLD HILL, Nev., April 19.—Altho Superintendent H. H. Hary says strike conditions do not prevail, 130 miners have left their work at the United Comstock mine here and it is reported they hope to extend the walkout. More than 200 miners are said to remain at work.

Notification to the miners that they would be expected to enter and leave the mine on their own time, spending eight hours underground, is said to have precipitated the walkout. The striking miners also have asked for \$5 a day for muckers instead of \$1.50, it is stated.

STATE ANSWERS DEFENSE PLEA BRUMFIELD CASE

ROSEBURG, Ore., April 19.—Richard M. Brumfield, convicted murderer of W. Dennis Russell and who is now being held in murderers' row in the state prison awaiting execution for the crime, received a fair and impartial trial by a jury not influenced by any sentiment which might have been present in the minds of many persons of Douglas county and not biased or prejudiced by any newspaper articles or reports published within the state of Oregon or elsewhere, according to the brief filed by the state, answering the defendant's brief in his appeal to the state supreme court. The brief was served on the attorneys for the defense Monday.

The defense based its appeal chiefly upon the denial by the circuit court of the motion for a change of venue, alleging that it was impossible to give Brumfield a fair and impartial trial because of the sentiment existing against him.

"We challenge the unwarranted attack upon the citizens, the court and jury of Douglas county," the state's brief says in answer to the contentions of the defense.

"It is not justified by the records or the facts in the case, all of which disclose a strict observance of the law and of constitutional guarantees."

"We further submit that 83 days elapsed from the commission of the crime to the date of the trial, and that 35 days elapsed from the time that the defendant was arraigned upon the indictment to the date of trial. The newspaper articles referred to were mostly published prior to the date of the arraignment. We hope the time will never come when an atrocious and ruthless murder is committed that the public press will be muzzle and prohibited from publishing what it believed to be a true statement of the facts in connection with the commission of the crime."

RUNAWAY WIFE ANNOYS STUDENT

SACRAMENTO, Cal., April 19.—The office of the state department of education here today made public a letter from a Los Angeles night school for foreigners, quoting an excuse which was sent in by a Mexican adult student after his absence had aroused considerable speculation. The pupil's excuse said, laconically: "My absence is impossible. Man ran away with my wife. My God, I am annoyed."

DOES ADVERTISING PAY? HERE IS ONE RESULT

Here's another evidence that it pays to advertise:

C. K. Nelson, inventor of the Eakimo pie, is said to be getting \$30,000 a week from his simple idea of coating a block of ice cream with a thin layer of hardened chocolate and advertising it liberally.

He gets his money by selling to ice cream manufacturers the right to make Eakimo pies at a royalty of five cents a dozen. Nelson sits in his office, with an army of checkers on the wall, counting his money.

He makes a million every eight months. Not as much as Henry Ford or John D. But Nelson is the son of a village confectioner at Onawa, Iowa, and a year or so ago he had no idea that vast riches were in store for him.

Fortunately, there is such a thing as luck—and when mingled with printers ink brings results. The lure keeps many working at top-speed who otherwise might become discouraged.

Anti-Christian Wave Is Sweeping China

AMOY, China, April 20.—(By Associated Press.) An anti-Christian movement said to have been started with the formation of twenty such organizations in Peking university is spreading rapidly over China, according to reports reaching here. The agitation has reached Amoy university, the government schools and other institutions.

Christian leaders and consular authorities express alarm at the extent of the movement which is reported to be backed by communist agitators.

RADIO SERMONS IN WYOMING IS BISHOP'S SCHEME

NEW YORK, April 19.—Churchgoers in Wyoming will be served their sermons by radio if the plans of the Right Rev. Nathan Seymour Thomas, D.D., Episcopal missionary bishop of Wyoming, materialize. Bishop Thomas, who presides over a wide expanse of territory where churches and missionary stations are two to three hundred miles apart, so that not much more than a monthly service is possible, arrived at the church missions house today with a radio outfit.

"I am convinced," said he, "that through the medium of the radio we shall be able to revolutionize missionary methods in regions of magnificent distances like our state of Wyoming. What I want, therefore, is a radio outfit that will carry 300 or 400 miles. I will install it in the cathedral at Laramie and send to the small scattered missions throughout the state the full service a sermon which will be available each Sunday. The value of the service to the thousands of people who are living lonely lives in our sparsely settled regions is incalculable. The church would make a great mistake not to take immediate advantage of this new advance in science."

BULGARIA STATES DIVORCE INVALID

SOFIA, April 19.—(By the Associated Press)—The divorce issued to former United States Senator Henry Hollis of New Hampshire by the pastor of the Unitarian church at Dublin is not officially recognized by the Bulgarian government and possesses no legal force, the department of religion and education of the foreign office has advised the Bulgarian legation in Washington.

Dr. Dubtsch, professor of canonical law of Sofia university, declares the divorce invalid by virtue of the Bulgarian laws.

PARIS, April 19.—(By the Associated Press)—Former Senator Hollis, when informed of the Bulgarian government's action in declaring his recent divorce illegal said: "All I care to say now is that I acted upon what I considered sound legal advice. I am confident the divorce will stand."

JAPANESE TROOPS REMAIN NEUTRAL

TOKIO, April 20.—(By the Associated Press)—The commander of the Japanese forces in Siberia has ordered his troops to maintain a neutral attitude as the failure of the Dairen conference does not signify a breach of diplomatic intercourse.

The troops will act for the maintenance of peace, to safeguard communications, prevent bolshevik activities and protect residents. No resort to force must be made, says the commander's orders unless the troops are obstructed or endangered in the performance of their duties, or unless the Russo-Japanese agreements are unparadonably defied.

AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound.' So I let him get it, and I soon felt better and he told me 'I want you to take about six bottles.' So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I would not get well."—Mrs. R. J. LINTON, 1850 West 33d Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

A NOTABLE PRESENTATION OF THE TAILORED MODE FOR SPRING

Entirely new and bewitching modes of exquisite design and richness of fabric make their debut. It is a touch of embroidery weaving a web of gay colors here—braided motif there—or, perhaps, the line of drapery on another wrap that translates the charm of these creations into beauty.

Then stepping jauntily forth sport apparel shows what it can do to enliven milady's mood. Colorful tweeds in bright harmony, Trelaines audacious or subdued, and tailor-mades express youth and the great out-doors. We have shown here only a few of the Printz models on display at our store. They await your inspection.

SASSY JANE FROCKS Beautiful Organdie, Voile, Silk or Gingham Frocks of Fairy-Like Loveliness-- Dainty, Youthful, Clever, New!

It will be a very real thrill to see them—these summery, billowy, colorful frocks. Newness of style is in them, and beauty of materials, and exquisite workmanship and the assurance of dependable service. But, over and above all these, there is in these Sassy Jane Frocks that "something" which is **everything**, the thing the French call "chic," the thing which we call "Frenchness." It is in the combination of the materials; it is in the cut of the foundations; it is in the unexpected touches of trimming here and there. Do not fail to see them, worn by our charming little models.
