ATTEND THE TAX MEETING.

THERE has been considerable talk about taxes of late. On Monday next at the Natororium, the State Tax Investigation commission will hold a meeting to which all interested tax payers are invited, as well as county officials and organizations interested in tax questions.

Under the circumstances this is one of the most important meetings ever called in Jackson county, and a large and representative gathering of tax payers should be on hand. Incidentally it is to be hoped that those who attend, will be more concerned with facts than with talk. It is easy enough to talk about high taxes and curse them, but the real points at issue, are how to reduce them, how to distribute them more equitably, and how to start a program of retrenchment, without impairing what all desire, sane and constructive development.

Toward this end, facts and figures are needed rather than oratory. The more facts presented the better, the more tax payers attending the better. Moreover, every district in the county should be represented, and our suggestion is that the readers of The Mail Tribune investigate the situation in their neighborhoods at once, and if a delegation has not been formed, to form one and see that it gets to the Nat on Monday.

WHAT CAN BE RECOGNIZED IN RUSSIA?

SOVIET RUSSIA'S bid for recognition at Genoa is a seductive one. Given financial help, they are willing to acknowledge Russia's pre war debts and restore the use of nationalized property to former owners.

That is more than the world expected a few short years ago. But what is the government de jure? Does it represent the people of Russia, or does it merely represent a small minority of shrewd manipulators, who hold Russia by force, and are only renouncing their fantastic and destructive theories, because it is politically expedient to do so.

To our mind the soviet government should not be recognized until its representatives agree at least to a constituent assembly, and to allow the people of Russia power to select at the ballot box the sort of government they want.

There are many practical difficulties before such a program. But any other program, however inviting for the moment, involves moral sanction for a tyranny which is, on the whole, rather less desirable than the bureaucratic despotism of the Czar.

 The ruthball season is under way. We used to call it "baseball," you remember. The slang for it is "Babeball."
 We need a nation full of tender consciences and calloused hands. The thing seems to be reversed at present.

SOME OF THE SYMPTOMS

I'M BURNING with fever, I'm shaking with chills; I'm weary of taking Doc Hathaway's pills; he says they are dingers at curing the flu; I'm worse after taking a bushel or two. The taste in my mouth is a sight to be seen, my tongue is all furled with a fungus that's green; my appetite's gone and this life is a frost, and I cough till I sound like a motor's exhaust. For Hathaway's pills I have blown in my change, and Hathaway's pills may be good for the mange; for fancied diseases perhaps they will do, but they are no good when you're down with the flu. Some Spaniard invented the flu, I've been told, supplanting the grip and the old fashioned cold; and when I feel better it will be my aim to locate that Spaniard and climb on his frame; the man who will spring such a beastly disease, and ship it in malice across the wide seas, deserves what he'll get when I camp on his trail, the cold-eyed avenger, relentless and pale. Doc Hathaway, too, will pass under the rod for trading his pills for my hardy earned wad. So, dreaming of vengeance, I shiver and shake, and sizzle with fever, and strangle and ache; my tubes are all rusted, I breathe with a hiss, I sound like an auto whose cylinders miss.

Catholics and Bible

Catholics believe the ordinary method of propagating Christianity is by PREACHING, not by reading or circulating the Bible. See Mark 16, 15. "Go ye into all the world and PREACH the gospel to every creature." PRINTING WAS NOT INVENTED UNTIL THE 15th CENTURY.

THE WORD "VOLTS" COMES FROM VOLTA THE GREAT CATHOLIC ELECTRICIAN.

Boat Drifts 21 Days After Hitting Iceberg

MONTEVIDEO, Uruguay, April 21.—After an adventurous voyage during which she collided with an enormous iceberg and was then imprisoned in ice fields for 21 days, the Finnish bark Professor Koch has arrived here in tow of the British steamship Junia.
 The bark left Iquique, Chile, March 26 for Portuguese West Africa with saltpeeter. The iceberg into which it first bumped was said by the crew to tower 300 feet above the waterline. After freeing herself from the ice, the bark continued drifting out of control until she encountered the Junia.

HENRY DISCLAIMS REFUND REPORT

WASHINGTON, April 20.—Henry Ford has disclaimed all responsibility for printed reports that he returned to the United States treasury approximately \$29,000,000 in war profits. Replying to a letter from Secretary Mellon, asking an explanation of the report, the Detroit manufacturer's secretary said Mr. Ford knew nothing of the statement as to alleged reimbursement of the government until he had seen it in print.

NEW YORK, April 21.—Prices of seats on the New York Stock Exchange today regarded by many as an index of approaching market conditions are still on the upgrade. Wall street got a thrill when it was announced Egleb Marks had bought the seat of W. P. Bliss for \$24,000, which was \$4,000 more than the previous sale recorded less than a week ago. The record price was \$115,000 reached in the war boom.
