Mr. Harry Manning, famed as Medford's Caruso, will arrive in the city tomorrow with his elaborate wardrobe for his concert at the Rialto theater next Tuesday night. Word has been received from him that he is in perfect physical condition for the ordeal. His coming so long before the concert is due to his anxiety to give the Medford music loving public the greatest vocal recital heard here in years, by having his sweet voice acclimated and to be sure that the acoustics of the Rialto are put in perfect accord to show his tones to best advantage. It may be necessary after his test of the acoustics to have them rearranged. The Grants Pass vocal artist is pleased that the Rialto management has decided to make no extra charge for the concert, which will be given in connection with the regular film show.

Free Wiring Plans by Experts

Any electrical contractor-dealer can be of decided assistance to the owner in helping him plan to use electricity in his home. The place for switches, for lighting outlets, for base plugs, floor plugs, etc., may make a real difference and the size of the wire which should be used is a technical matter which few home owners understand.

This technical service is free for the asking. It adds to the value of your house to have it properly wired, and the work of wiring it will be materially lessened if the man who does the work has intelligent and unmistakable plans to follow.
