ELIMINATE STORAGE BATTERY IN RADIO

WASHINGTON, April 24.—Elimination of the storage battery, the most expensive part of the home-made radio receiving set is now possible, according to the bureau of standards of the department of commerce.

The receiving sets require a battery to light the filaments of the electron tubes. The new set developed by the bureau of standards makes connection with the ordinary electric lamp socket.

The set may be made with any type of antennae and special modes of connection. It is even possible to use the electric light wires themselves as the antennae. The receiving set consists essentially of an amplifier with minor auxiliary parts. It is described in a paper which has been prepared and will be published by the bureau of standards about May 1.

TIME TO CALL A HALT.

THE expected has happened. One man has been killed, another is near death, as the result of a band of masked men in Los Angeles, taking the law into their own hands.

As usual the Goblin of the Ku Klux Klan arises to deny all responsibility. Of course, a secret order, with secret circles within secret circles, can always deny responsibility when its activities, day or night, are hidden behind robes and masks.

But this much is certain. Wherever the K. K. K. has been established in this country, east, west north or south, communities which have not been troubled by depredations of masked men in years, are troubled by them at once. Under such circumstances the burden of proof, in the public mind, rests with a heavy hand upon the members of the secret order. It will take overwhelming evidence here, in Los Angeles or anywhere else, to convince the man in the street that the Ku Klux Klan is in no way responsible for these continued outrages which are throwing communities throughout the country into fear and confusion.

Regrettable as this tragedy is, however, the sacrifice may not have been in vain, if it will arouse the American people to their danger, and result in cleaning up this underground lawlessness once and for all. There is nothing more to be said than has already been said in this column. The issue is plain. If any group of masked men are to be allowed to take the law into their own hands, then the entire fabric of civilization falls, and we go back to the middle ages, with everyone toting a six shooter with no one safe and the most successful citizen, the Bolshevik who is quickest on the trigger.

THE KILLJOYS.

JIM JACKSON has a brand new bus, that glitters in the sun, and he's a proud and happy cuss, whenever he makes it run. And we might make him gladder feel if we would be but kind, and hand him out the sort of spiel that soothes the voter's mind. Alas, we are not built that way, we're stingy with such talk, and when we see a neighbor gay, our impulse is to knock. And so, on slow and dragging limbs which wearily we ply, we push ourselves to Neighbor Jim's and try to make him cry. We view his car and shake our heads, and look depressed and say, "It's done up in blacks and reds, and makes a brave display; but gingerbread and paint and brass don't make a worthy van; your car will never cut much grass,— the make's an also ran. They say its pistons are of wood, its springs won't bear its weight, its generator is no good, its frame is out of date. You might have bought, at smaller price, a boat that's better far; had you but asked for our advice, you'd have a better car." And so, in our poor foolish way,—we are but human guys,—we try to spoil our neighbor's day, and turn his grins to sighs. We're always doing tricks like these, and low down tricks they are; and, Jackson shudders when he sees the bunch approach his car.

Indulgences and Bible

The Catholic Church teaches the Indulgences (remission of whole or part of temporal punishment due to sin) may be granted only to those who have repented of their sins, and whose sins have previously been forgiven by the Sacrament of Penance. INDULGENCES ARE AUTHORIZED BY THE BIBLE. Matt. 16, 19. St. Paul, 2 Corinthians, 2-10.

MEDFORD DEFEATS JACKSONVILLE BY SCORE OF 18 TO 4

A large number of fans turned out Sunday afternoon to witness the baseball game between the Jacksonville and Medford teams on the Oak Grove diamond, which the latter won by a score of 18 to 4. The condition of the field stowed up the game somewhat, and was responsible for several errors.

The game had a double interest for Medford fans for beside the contest itself, it gave them an opportunity to see the new city team in action and draw conclusions as to what may be expected from it.

Foley was on the firing line for the locals during the first six innings and kept the Jacksonville hits well scattered. Montgomery took up the burden in the seventh and also heaved good ball.

The general makeup of the Medford team looks good and they are a snappy, hard-working bunch that will work better every time they get together.

Dempsy's Wills Bout, London. NEW YORK, April 24.—The possibilities of Jack Dempsy and Harry Wills, negro heavyweight contender, meeting in a championship contest in London this summer loomed today on the strength of a cablegram from George McDonald, English promoter.

According to Dan Dollins, English fight manager, now in New York, he received the following message last night from McDonald: "Can you get Wills to come to London to box Dempsy?"

Wills, when informed of the cablegram, announced he would be ready to depart on the first boat, but his manager offered no comment, except to say he could see no reason for leaving yet.

Dollins did not indicate whether he had sought a definite answer to McDonald's cablegram.

Dempsy, so far as is known here, has not signed articles for any match in connection with his present tour of Europe although he has announced his willingness to meet Carpenter in a return engagement of any other European contenders.
