

Local and Personal

The Greenwich Village Follies which proved to be one of the best all around revues ever seen in Medford delighted a fair sized and highly appreciative audience at the Page last night with its comedy, high class specialty acts, splendid costuming and scenic effects, aerobic and dance stunts, hard working chorus of handsome and shapely young women, charming blend of colors and catchy music and songs. Had the merits of the Follies been better known the house would have been crowded. The entertainment proved a tonic to the somewhat jaded Medford theatrical appetite by its snappy and up to date novelty both in acts and lines.

Mr. Harry Manning, the sweet voiced sonographer who formerly resided in this city and now lives in Grants Pass, and who makes his 1922 local concert debut at the Rialto tonight, arrived in the city this morning with his family and stage wardrobe, tested the acoustics of the theater, moved one or two of them around to better display his voice, and then pronounced everything in fine fettle for tonight's musical feast. The lobby bulletin board bills the talented singer as "Medford's Own Beloved Caruso. Mr. Harry Manning, in selections from the gems of musical masterpieces." Extra precautions have been taken by the management to handle the immense crowd expected, and to see that no one is injured during the enthusiasm.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Sals if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with Sals occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Sals from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous Sals is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Sals is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
