

News of Jackson County

APPLEGATE

PHOENIX SCHOOL NOTES

The Rev. Hart and Rev. Hulet conducted services at the Applegate school house Wednesday the 26th.

The movement for the consolidation of the Applegate and Thompson creek schools was voted out at the meeting held the 21st.

Mrs. Benj. Collins of Grants Pass was a visitor at the home of Mrs. John W. Pernoll Sunday.

Miss Eva Couch is a house guest of her sister, Mrs. John W. Pernoll. Although the season is very early and the water somewhat chilly several of the A. H. S. boys went bathing Friday.

The school gave a very successful box social, entertainment and free dance last Friday night at the hall. About \$37 was received from the sale of the boxes, and \$22 from the gate, and coffee, which the community ladies supplied.

Ashton and Joe Foerst accompanied by Floyd Fields visited at the home of Ben Ellis Sunday.

Mr. Christesen and family spent Sunday visiting relatives in Ashland.

A dance will be given at the Applegate hall Friday, April 28. A chicken supper will be served by the ladies of the community. Music by Buster Brown orchestra of Grants Pass.

Miss Edith Kubli spent the week end at home. She is teaching school at Brownsboro.

THE MOTHER OF MEDICINE

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants. Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times. Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for woman's ailments, prepared from medicinal plants. Adv.

The Junior and Senior play was staged last Friday evening before a large audience. The people say that this was the best play ever put on in Phoenix. From what the writer can gather no one can decide who the star was, then it goes without saying all were stars. Each character was well suited to the part and the play was well learned. The audience was carried to the highest key of interest to tell who the real Ted was.

The great day is fast approaching. "The field meet," which will be held at Talent next Friday. The officers have been drilling for the battle: "the cup will be ours" is the battle cry.

Besides the country schools, the following schools will meet on the grid-iron: Talent, Jacksonville, Applegate, Rogue River, Gold Hill, Butte Falls, Central Point and Phoenix. These eight will contest for the cup. There will be something doing all the time.

EVANS VALLEY

Wimer, Pine Grove and Mays creek schools are planning to attend and take part in the track meet at Talent next Friday.

Henry Cave and brother of Medford spent last Sunday at Mr. Cave's home on Evans creek.

Mr. and Mrs. Eugene Carls were transacting business in Grants Pass last Saturday.

Frank Woodruff returned to his home on the Applegate last Tuesday after spending several days at R. E. Richman's.

Mrs. McConville returned home last Monday from San Francisco where she has been visiting her cousin since last January.

Mr. King of Medford, Sunday school missionary, spent a few days in this vicinity last week and organized a Sunday school at Mays creek while here and held services at the Pine

Grove school house last Sunday morning.

Mr. and Mrs. R. E. Richman, Miss Borrell and Frank Woodruff visited (friends on the Applegate last Sunday. The cattle men in this locality are branding their cattle and driving them to the range.

Mrs. Carls and her pupils gave a short but interesting program last Friday afternoon, the pupils had a very creditable drawing on display.

Mr. and Mrs. Will Hillis were Grants Pass visitors last Thursday.

Mr. Bostwick and Mr. Smithpeter are busy putting in garden. They are both going into truck gardening on rather an extensive scale this summer.

Edward Hillis re-entered school last Tuesday after several weeks absence on account of the flu.

EAGLE POINT EAGLETS

By A. G. McWright

Last Saturday Mr. and Mrs. E. C. Nygren and her mother, Mrs. Ralph Gardner of Lake Creek were here trading with our merchants.

Geo. McDonald, C. H. Natwick, C. A. Pickel, the electric meter reader for the California-Oregon Power Co., Chris Beale, the man who has been carrying the mail during the time of the winter schedule, three traveling salesmen and two strangers who came in of the Butte Falls stage were here for dinner Sunday.

Sunday morning as the mail carrier from here to Medford and back (while we have a daily mail from here to Medford and back twice a day we have only one service each way from Eagle Point to Medford), as the car was coming in from Medford, just before it reached the Crater Lake highway, it took fire and the driver had all that he could do to save the mail from the flames. The car, a Cole, was completely consumed. It was partially insured. When W. G. Knight and A. J. Florey were going up the Cingade hill they discovered the smoke and hurried on up to see what it was and met the mail carrier with the lock sack on his shoulder, picked him up and went on to where the car was burned, took in the rest of the mail and brought it on to the postoffice. There was but very little damage done to the mail sacks, two of them being

scorched a little. It was fortunate that it was on Sunday morning instead of Monday because the Sunday mail is always light on account of his not bringing out the mail for the other postoffices: Butte Falls, Prospect, Trail, Derby (way mail), Perist, Brownsboro, Lake Creek, Wellen and Climax, beside the Eagle Point mail.

When he has the mail for all of the post offices he has to lash it on often over the front part of the car and on each side with ropes and then packs the mail in the car often so that the passengers could not get out without moving it. We all feel sorry for him for he has had a hard time getting through with the mail the past winter. He started on his summer schedule last Monday morning for the round trip of 100 miles, and seemed to get along very well as he came into Eagle Point postoffice on time.

Sunday morning broke upon us bright and clear and we had our regular Sunday school and preaching services, with a very fair attendance.

In the afternoon the Antelope baseball team came over and played a game with the Eagle Point ball team and took the word home with them that they came out second best with the score standing 18 to 7 in favor of Eagle Point.

There were quite a number of people called for dinner at the Sunnyside. Among them were Mr. and Mrs. A. H. Hissing and son Carroll of Medford, Miss Olive Calnest of Chicago, Mr. and Mrs. Albert Moore, Medford, D. B. Churchill, Miss Grace Churchill, Sioux Falls, South Dakota, Mr. and Mrs. P. J. Neff, Mrs. Nichols, Medford, Mr. and Mrs. Guy Pruet, Thomas F. Nichols and two children, C. H. Natwick, son Carlyle and wife and our postmaster, W. C. Clements.

J. H. Carleton and his brother Lyle and Drake Walsh of Wellen were also here taking part in the ball game.

Two of our regular boarders who have been with us for a long time, left us Monday morning, Geo. H. Wehman and Lois Martin, Mr. Wehman to take charge of the bookkeeping department of the road work from Hole-in-the-Ground to Prospect, and Mr. Martin to have charge of the rock work on the same road for William Von der Hellen, the sub-contractor. Planey Leabo and F. A. Whaley went back to resume their jobs on the extension of the P. & E. R. R. Mr. Whaley came out with his sick wife from Butte Falls and stopped at the Sunnyside and remained here with her until Monday and as she was gaining so rapidly he thought that it would be safe to leave her in the care of her daughter, Miss Rosa, who has been assisting in the duties in the hotel. Dr. Holt of Medford was called in to see the patient. It appears that the principle trouble with her was the altitude of Butte Falls as she commenced to improve as soon as she got here.

Ed Cowdon, Leroy Smith, Carl Stanley and Mrs. Fred Dutton were among the business callers on our merchants Monday.

Wm. Perry, our efficient road supervisor was in town and while here I had a short interview with him and learned that he is keeping teams on the roads all the time trying to put them in shape so as to be traveled. He spoke of a change to be made on the road between the Crater Lake highway and the Dodge-French bridge, a new survey from the bridge to go by the Fred Pettigrew place and thus avoid the Hog Creek hill and a bad lot of sticky. He said that he did not know whether that piece of road would be built by the county or by contract, but seemed to think that it would be a good change as it would be on so much better ground and but very little further.

Mrs. Fred Dutton of Wellen was a business caller Monday.

Alex Vestal and Geo. McDonald were here for dinner Monday.

John Long of Derby came out with a team Tuesday and took back a load of hay and grain. He is planning to go to work on the county road in a short time. John Allen the road supervisor for the Derby district has a force of men with teams working on the roads trying to get them in shape so that people can travel them with some degree of safety. There are a few who are running over the Butte Falls-Eagle Point roads now but report that they are very rough, but the scraping that is being done on them is helping them they say.

We have had another change in real estate in our town, Wm. Green Knighton having sold his home place to John Rader, one of our leading stock men and farmers. They took formal possession Tuesday but do not expect to move onto the place until fall. We regret to have Mr. Knighton leave us but resign to the will of Him who does all things right. Since Mr. Knighton has lost his wife he has decided that it will be better for him to go and live with his grandchildren than to try to live alone as he is now in his eighty-sixth year.

A. J. Florey who has had his wife in Medford has moved back into his home again with their new baby.

Miss June Hinman of Medford, and A. G. Irish of Spokane were here for dinner Tuesday. They are working in the interest of the Earl Fruit Co.

Rev. H. G. Adams will preach in Brownsboro on Sunday morning and in Eagle Point in the evening at 7:30.

Warren Lammy who has been working on the P. & E. railroad extension came out Tuesday. He is suffering with an attack of tonsillitis. His mother and younger brother have been living in the house known as the Robinson house.

Mr. McKissic, the civil engineer who has charge of that line of work on the proposed canal from Big Butte has moved into the J. F. Boltz house.

Duncan Neven, one of All G. Barnes press agents, was in Medford today, completing arrangements for the show here May 3.
