

**TWO PROMINENT
CITIZENS VICTIMS
HOUSE BREAKERS**

The homes of H. U. Lumsden and Robert Brownlee on South Holly street were entered and burglarized some time after midnight last night. The entry into Lumsden's house was made through a window opening onto the porch on the south side of the house. The burglars went through the den downstairs before going upstairs where the four occupants of the house were asleep.

Mr. Lumsden had gone to bed at midnight and had hung his clothes at the foot of his bed. When he awakened this morning his suit (coat, vest and trousers) and his shirt had disappeared. The clothes contained \$35 in cash, Mr. Lumsden's gold watch, keys, a bill book containing lodge receipts, etc., and other personal effects, including a pet pipe which Mr. Lumsden has smoked for the past 25 years, more or less.

The thief stopped when he got downstairs and went through the pockets of the clothes which he had taken, throwing the lodge receipts, the bunch of keys and several other things of little value on the floor. It is unfortunate and much to be regretted that he did not have the consideration to leave Mr. Lumsden's pipe, which was a very valuable one, stamped "Genuine French Briar," and made in Massachusetts from Oregon apple root.

Robert Brownlee's house, five doors north of Lumsden's and on the same side of the street was also entered late last night or early this morning and a brand new overcoat of Mr. Brownlee's was taken in addition to a purse of Mrs. Brownlee's, which contained \$5 or \$6 in cash.

The screen was taken from a window opening on the front porch and the window latch was opened with a knife which the culprit or culprits left behind.

The robberies have been reported to the local police, but as yet no clue has been obtained to the identity of the offenders.

It was learned this afternoon that the home of Mr. and Mrs. Ambers Watson on South Central was broken into last night and several things were taken in addition to about a dollar in cash and Mrs. Watson's wrist watch. The bureau drawers were all left open and clothes were scattered throughout the rooms.

Mrs. Brownlee discovered this afternoon that a pair of silver pepper and salt shakers had been taken from her residence in addition to the overcoat and cash.

An attempt was made last night to enter several other houses in the south end of town among them having been Delroy Getchell's home. When Mr. Getchell arose this morning he found a window halfway open and it is supposed that thieves had made an attempt to enter. However, Mr. Getchell did not go to bed until late, and it is expected that the thieves were frightened away by his presence.
