## SURE TO HELP SICK WOMEN

Mrs. Baker, So Much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 319 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any amission or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

Mr. and Mrs. John C. Mann returned last evening from San Francisco where they had been attending buyers week. Gold Hill tonight. Good preliminaries. 34

Now is the time for the tourist to see the beauties surrounding Medford, says George T. Collins of that city, who is a guest at the Multnomah. "Never have I seen our valley so beautiful as it now is," declared Mr. Collins yesterday. "Due to the cold winter weather and the late spring the buds were retarded in their growth and they now have all blossomed forth at the same time. The valley is a mass of blossoms of pink and white. Indications that fruit crops will be abundant are encouraging. Frosts may come and kill many of the blossoms, but the fruit men are hopeful that this will not be the case. It looks as if the pear trees will have to be thinned of fruit, for the prospects for heavily loaded trees were never better." Mr. Collins said that already many tourists were coming into southern Oregon from California.

"We have established free camp grounds for tourists," continued Mr. Collins. "These grounds are filling up and only a few days ago there were 25 tourist machines there at one time. Our climate and the beauties of the Rogue River valley are sufficient to incline the tourists to stop over at Medford and pay us an extended visit."—Portland Oregonian.

When you want an experienced man to do odd jobs, and repair carpenter work, and garden work, phone 1041-M. 36

For half an hour Sunday night, between 9 and 9:30 o'clock, all Grants Pass stood in wonderment and gazed upon a giant blazing red cross which appeared on the southwest horizon—the emblem of the K. K. K. The spectacle was one of great beauty, and for a time the people were at a loss to account for it. Developments, however, proved it to be a demonstration by the Klan upon the side of Mount Baldy, a short distance southwest of the city.

## CLAIMS NEED OF U. S. SHIP SUBSIDY NO LONGER HOLDS

WASHINGTON, May 2.—Recent reduction in the size and wages of crews in the American vessels engaged in foreign trade have destroyed any argument for a subsidy to owners based on the difference in the labor costs of operating American and foreign ships, Andrew Furuseth, president of the International Seamen's union, declared today during testimony before the senate and house committees considering the administration merchant marine bill.

American ships today carry the smallest crews of any vessels in the world and so far as labor is concerned, American boats are now the cheapest to operate, the leader declared.

Mr. Furuseth said the average wage of American crews had been reduced 27 to 53 per cent; the wages of Japanese seamen increased 45 per cent, those of Australian seamen increased nine per cent and the pay of Chinese increased by an amount not yet accurately computed.

"As a result of these reductions," the committees were told, "the wages of American seamen are now much lower than the pay of Canadian and Australian crews are practically on a level with British wages and are substantially higher than the wages only of Japanese among the principal maritime nations."

## SEATTLE VOTING FOR MAYOR TODAY

SEATTLE, May 2.—February weather, with a cold wind and a threat of rain, prevailed as Seattle residents went to the polls today to elect a mayor, three members of the city council, two school directors and a comptroller and treasurer and to pass upon seven measures, including the Erickson proposal that the cost of operation and maintenance of the municipal street railway system be paid from the general taxation fund.

## COMMITS SUICIDE ON FIANCE'S LAWN

SAN FRANCISCO, May 2.—The body of William W. Blackhall, a golf instructor was found by Mrs. Eleanor Holman, his fiancee, today on the lawn of her home, together with two notes saying that he had taken his life by poison and asking her forgiveness for committing the act on her lawn.

Blackhall and Mrs. Holman quarreled during a party at her home last night, the police said.

## FORD HAS NEW IDEA MAKING FERTILIZER

WASHINGTON, May 2.—(By Associated Press.) A secret process of making cheaper fertilizers has been discovered and is intended for commercial use at the government's nitrate plants at Muscle Shoals, Ala. W. B. Mayo, chief engineer for Henry Ford, told the senate agricultural committee when it began examination yesterday of the Ford modified proposal for purchase and lease of the Muscle Shoals properties.

Children in Spring Time Mrs. C. Osborn, 7812 Hillside Rd., Cleveland, O., writes: "My grandchild, was troubled with a cough for nearly two years. She took Foley's Honey and Tar and her cough is now gone. It loosened the phlegm so she could raise it easily." Foley's Honey and Tar is just what children should have for feverish colds, coughs, "snuffles" and tight, wheezy breathing. Be sure to get Foley's. It checks croup and whooping cough, too. Sold everywhere. Adv.

## FRUIT GROWERS' THERMOMETERS HERE AT LAST

For years Floyd Young, the government frost expert stationed here each spring, and County Agent Cate, working together, have been trying to induce manufacturers of thermometers to make a special fruit growers thermometer for use in frost protection of orchards, one that is accurate, graduated on glass and easy to read at night. Their efforts in that line have just brought about the desired result.

Falling to get a rise themselves from the manufacturers, they took the matter up with the California Fruit Growers' Exchange, which controls 75 per cent of citrus acreage in this spring. The exchange then sent a representative back east to get bids from the manufacturers to make a frost thermometer of the design desired in large quantities for the exchange, which that body will sell to its members at actual cost. The deal was completed some time ago with a large manufacturer, and the exchange has offered to sell this thermometer to the orchard men of the Rogue River valley, through Messrs. Young and Cate at the price charged their own members, about \$1.35, and also to the fruit growers of the Yakima section in Washington.

A sample of this thermometer has been received from the exchange by Messrs. Young and Cate, who have tested it several nights and mornings and find its accuracy and general worth all that has been claimed. Every local orchardist who wants one of these specially designed and made thermometers, is requested to leave his order at the county agent's office, to be paid for when the thermometers arrive. Every thermometer will be tested by the United States weather bureau at Washington, D. C., in its specially equipped laboratory for such tests.

Doing His Duty

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Stomach always coated. Doctors were unable to help me. The first dose of May's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convalesce or money refunded.
