A great motion picture is presented here this week beginning today, in which magnificent tribute is paid to American womanhood.

It visualizes the new position of the American woman. It pictures her conquest over everyday economic conditions. It is a drama of "just folks," for the characters might be you, your son, your mother or your daughter.

It is not a political preaching, nor a sermon on morality—just a human drama of American life.

The merchants of Medford proclaim today, tomorrow, Thursday and Friday of its presentation at the Page Theater, "Hail the Woman" week and offer an opportunity to you to pay special tribute to the women who are dear to you.
