FRANCE TO STAND PAT ON RUSSIA

French Cabinet Decides to Oppose England and Support Belgium in Opposition to Allied Memorandum—Russia and Germany for Disarmament—Oil Bobs Up

PARIS, May 3.—(By the Associated Press.)—The French government has decided to stand by Belgium in her opposition to the terms of the allied memorandum to Russia on the private property question, it was officially announced today after today's cabinet meeting, attended by the vice-premier, Barthou, head of the delegation at Genoa.

There was considerable agitation in political circles today over the premier's telegram to the French delegates yesterday, requesting that they ask the allies to delay delivery of the Russian memorandum until the French cabinet had been officially notified of its contents. The premier's telegram was interpreted in some quarters as an intimation of M. Barthou's stand on the question of foreign-owned property in Russia.

Disarmament Bobs Up.
GENOA, May 3.—(By the Associated Press.)—Disarmament questions bobbed up today in a plenary session of the Genoa conference.

Walter Rathenau, the German foreign minister, said the world's trade must be doubled before conditions could be bettered, but that this could not be done while the nations were "jumping at each other's throats."

Foreign Minister Tchitcherine of soviet Russia declared in a plea for general disarmament:

"Only by a policy of peace can the nations balance their budgets."
He said Russia must insist upon reservations to the report of the financial commission of the conference, as it carried provisions concerning the League of Nations, which Russia did not recognize. He added that Russia could not agree to exchange operations.

Sir Laming Worthington-Evans of Great Britain presented the financial commission's report which he termed as important to the world as was the Justinian code. Stabilization of the purchasing power of gold could not be accomplished without American co-operation, he said.

ELECT DENTIST MAYOR SEATTLE TAXES BEATEN

Dr. Edwin J. Brown Defeats State Senator Landon By Over 11,000 Plurality—Two Women Elected to Council—Proposition Lost.

SEATTLE, May 3.—Dr. Edwin J. Brown, dentist, yesterday was elected mayor of Seattle by a plurality of 11,915 votes over State Senator Daniel Landon, according to complete unofficial returns today. Mrs. Henry Landes, Mrs. Kathryn Myracle and E. L. Blaine, former councilman, were elected to the city council.

Proposition "A" known as the Erickson measure, and which provided that cost of operation and maintenance of the municipal street railway system be paid from the general taxation fund was overwhelmingly defeated, the final vote standing 15,281 in favor of and 40,222 against. The proposal was the storm center of one of the hottest campaigns in the city's history.

George F. Cotterill, former mayor of Seattle, was elected a member of the Seattle port commission by a substantial plurality over Julius G. Day, on the face of nearly complete returns from throughout the port district.

Dr. C. W. Sarples was elected a director of the Seattle school district for a three year term, defeating Dr. C. C. Tiffin by a comfortable margin, and Claude H. Eckart, incumbent, was re-elected for a one year term.

Voters rejected a proposed bond issue for the construction of a bridge over the Lake Washington canal leading to the University of Washington stadium and also a municipal department abolition of the municipal department of public utilities.

Mrs. Landis and Mrs. Myracle are the first women to be elected to the city council in Seattle. Mrs. Landis ran far ahead of all competitors, receiving 78 per cent of all votes cast. Mrs. Myracle was an easy second with a lead of more than 7,000 votes over E. L. Blaine, the third to be elected.

SUMNER, Wash., May 3.—Dr. C. E. Judd defeated Percy Watkins in yesterday's election for mayor. Clyde L. Tuel and Lewis B. Ryan were elected councilmen.

TACOMA, May 3.—The closest city election here in several years was not determined until almost noon today when a re-check by the city clerk showed that John L. Murray won a seat in the city council by 15 votes over Claire Bowman. Telephoned returns from all precincts last night gave Bowman a lead of a single vote. The final vote was Murray 9475; Bowman 9460.

BOSTON SOCIETY IS SHOCKED BY TWO MURDERS

Wealthy Citizen Kills Wife, Then Self—Mrs. Wm. Hubbard, Wife of Rich Manufacturer, Kills Husband in Quarrel Over Young Man.

BOSTON, May 3.—An all-night search for Edmond Pitlock of Chicago by police investigating the fatal shooting of William B. Hubbard, manufacturer of a vegetable germicide, by Mrs. Carrie N. Hubbard, his wife, at their Roslindale home late yesterday, ended today when Pitlock surrendered at police headquarters for examination.

The shooting was said by Mrs. Hubbard, who is 45, to have followed threats by her husband on her return from a walk with Pitlock. The latter had gone when police came.

Pitlock, 22 years old, a naval veteran under treatment at a hospital here, had been a guest at the Hubbard home from time to time before he returned several months ago to his wife and child at Chicago. Visiting Boston for medical attention he was invited by the Hubbards to stay at their home and had been a guest there four days.

Mrs. Hubbard said she and Pitlock went walking for two hours yesterday and when they returned home found her husband awaiting them in an angry mood.

Mrs. Hubbard pleaded guilty to a charge of murder and was held without bail for the grand jury.

NEWTON, Mass., May 3.—Explanation of other than insanity, of the tragedy in which William B. Powell, manager in the Boston district for R. G. Dun and company, shot and killed his wife and himself last night, was still lacking today. A cordon of police was maintained about the Powell mansion throughout the night.

Mrs. Powell before her second marriage several years ago was the widow of R. H. White, founder of the department store business at Boston which bears his name. Servants were said to have heard a slight quarrel yesterday, and in the early evening saw Powell chasing his wife around the house. Shots were heard, the servants rushed to the library and found their mistress dying on the floor and her husband leaving the room. An automatic pistol found in the library proved to have jammed and Powell apparently went to his room upstairs to get another weapon. He killed himself with a revolver found near his body.

The district attorney announced that the medical examiner had indicated informally to him that Powell had gone insane.

CHINESE GEN'L KILLED; ATTACK ON PEKIN HALTS

Leader of Attacking Forces Reported Slain in Battle—Drive on Changsuities Is Halted—President Sun to Send Assistance.

PEKING, May 3.—(By the Associated Press.)—It was announced today that General Tso Lin's headquarters today that General Wu Pei-Fu, the central Chinese leader, had been killed in action. The announcement has not been otherwise confirmed. The foreign legations here are investigating.

PEKING, May 3.—(By the Associated Press.)—The Feng Tien army under General Chang Tso Lin has for the moment at least, successfully withstood the drive on Changsuities and stopped General Wu Pei Fu's movement toward Peking. The cost, however, has been heavy and Changsuities is filled with wounded, many of whom are dying for lack of medical attention.

White Chang has succeeded in this action, there has been no apparent advantage of consequence for either side in the general fighting along the 100-mile front from here to Tien Tsin, and both commanders are rushing up reinforcements in preparation for a decisive action.

General Chang's communications are threatened both front and rear, for Wu has thrown 40,000 troops against his right center in an effort to cut the Peking-Tien Tsin railway while Admiral Tu Shih-Kwei has notified the Nanking insular body of his intention to cut the railway connecting the Peking-Tien Tsin road with Mukden, General Chang's base. This railway is within the range of naval guns at Chin Wang Tao.

At the eastern end of the battle front, General Wu is marching 20,000 troops toward Machang, one of the Feng Tien's strongholds, where heavy fighting has occurred for three days.

Meanwhile word comes through Shanghai that Sun Yat Sen, president of the southern government, is preparing to send aid to Chang Tso Lin. He will strike at the psychological moment, it was said, sending troops either through Hankow or Nanking, the route depending on the outcome of the present conflict.

Today's advances to the American military attaches that General Wu's main army appears to be engaged in a drive toward Tien Tsin. Severe fighting has occurred along the Hun river which indicates that units of Wu's forces are closing the country from Pao-Ting Fu, towards the northeast.

Artillery firing is also reported to have opened along a wide front at Machang, south of Tien Tsin, on the Fukow railroad where large forces of General Chang's troops are concentrated under the command of the Manchurian leader's 25-year-old son.

Wu Pei-Fu's drive toward Tien Tsin is designed to isolate Chang Tso Lin's forces by cutting their line between Tien Tsin and Taku on the south. Success of this move would also result in the cutting off of General Chang's 40,000 men north of Tien Tsin.

DUBLIN, May 3.—On motion of Eamon DeValera, the Dail late today adopted a motion ordering the opposing sides in the Irish republican army conflict to cease firing immediately and arrange a truce.

Mr. DeValera said he would like to see the army executive who had taken an independent position issue a similar order and would do all he could to that end.

Castle Captured.
KILKENNY, Ireland, May 3.—(By the Associated Press.)—Sharp fighting, with machine guns rattling in all directions, was in progress here today, free state troops trying to restore Ormond castle, still held by irregulars who yesterday were driven out of other places they had captured.

The castle is a strong fortress on the banks of the river Nore, and is considered impregnable except by artillery.

This morning storming parties under command of Colonel Prout of the Dail Eireann official force advanced on the castle by different routes, followed by an armored car. They were fired upon by snipers in the streets and a fierce engagement ensued, well directed fire being maintained against the castle from several angles.

The Imperial hotel which is dominated by the castle and which has been occupied since its capture by Dail troops, is under fire from the castle garrison.

The defenders of the castle are said to be well equipped with provisions. The morning train from Dublin arrived while the fighting was in progress and passengers alighting here were forced to take shelter in the railway tunnel. The postoffice also was in the danger zone.

DUBLIN, May 3.—A statement issued by the Dail Eireann says all banks are considering closing their branches in the area where the raids of the last few days occurred.

BELFAST, May 3.—(By the Associated Press.)—The home of a member of the Ulster special constabulary in the Coal Island district of East Tyrone was attacked today. Shots were fired into the house and the building was set on fire. The constable escaped through a back window. Other special constables hurrying to the scene were ambushed and one badly wounded.

A large number of armed men rushed into the royal Irish constabulary barracks at Bellagah, South Derry, and fired several volleys, killing one constable.

All telegraph and telephone communication with county Derry was out of commission today.

TREASURY BUILDING ON FIRE AGAIN, HARDING WATCHES EARLY A. M. BLAZE

WASHINGTON, May 3.—For the second time in three months, firemen early today battled with a stubborn fire on the roof of the treasury department, which for a time assumed menacing proportions as the flames, burning through a long superstructure, leaped high in the air and cast a threatening glow on the White House, while sparks wafted across to its surrounding terrace.

When checked after about thirty minutes of effort the flames had burned entirely through one section of the superstructure, which tops the section of the building that divides the court and had spread to parts of the central portion of the roof. Unofficial estimates, however, place the damage at not more than \$75,000, although it is not known whether this adequately took into account the possible damage from water.
