

32 CARS ENTER FOR DECORATION DAY SWEEPSTAKE

INDIANAPOLIS, May 6.—Thirty-two cars have entered in the tenth annual 500 mile international sweepstakes automobile race to be run at the Indianapolis motor speedway May 30, it was announced today by E. E. Mayers, secretary and general manager of the speedway. The purse offered is \$50,000, with added money bringing it to \$100,000, it was said.

Entries for the race closed Monday at midnight, but announcement of the official list nominated for the event was withheld until today. Included in the list of drivers are Tommy Milton, 1921 A. A. champion; Howard Wilcox, Ralph DePalma and Jules Goux, all former winners of the local event. Jimmy Murphy, winner of the 1921 French grand prix; Wallace Reid, motion picture star, and E. C. (Cannonball) Baker, famous trans-continental motorcycle and automobile driver, are others who have entered. Baker, however, suffered injuries in California yesterday shortly after starting a motorcycle dash across the country, which may keep him out of the contest, according to reports.

American, French and English built cars will try to qualify to start in the contest. Louis Chevrolet, designer of the winners in 1920 and 1921, has named several machines to compete again this year.

OBITUARY

RILEY—Captain W. L. Riley, 34 years old, well known in Medford, through he and Mrs. Riley having resided here for a year and because he is the father of Mrs. S. Sumpter Smith of this city, passed away suddenly last Wednesday, May 3, of heart trouble at his home at El Dorado, Kas. Funeral services will not be held until Mr. and Mrs. Smith, who left here for El Dorado last Wednesday night, reach that place, which is expected to be next Monday. Though Captain and Mrs. Riley moved away from here some time ago after their residence in Medford of a year, they still owned their bungalow on South Orange st., at the time of his death.

Captain and Mrs. Riley on April 11th last, celebrated their fifty-fifth wedding anniversary in a quiet manner because both were recovering at that time from a gripe attack, and felt unequal to entertaining or being entertained. For years previous they either entertained or were entertained as honored guests at each anniversary of their wedding.

Captain Riley served throughout the Civil war as captain and lieutenant. He had served during the past 12 years as an officer of the G. A. R. post of El Dorado, and at the time of his death held the double office of adjutant and quartermaster of the post. Mrs. Riley has served 18 terms as president of the El Dorado W. R. C., and both were conspicuous in all the patriotic events in that community for the past fifty years. Captain Riley is survived by four children, eight grandchildren, and four great grandchildren, besides his wife.

—a story of a Wyoming cattle range by Jackson Gregory.

TONIGHT James Oliver Curwood's

GOD'S COUNTRY AND THE LAW

A vigorous picture of primitive men and stout-hearted, beautiful women. It is the call of the North—and every body answers it.

BIG CROWD SEES NAT WORK OUTS

A crowd larger than attended many of last season's smokers watched the workout at the Nat last night with Baby Blue, the Portland colored battler and Jack Burns from Oakland, Cal., and many predicted the hardest scrap Medford fans have seen in years when the two really mix next Tuesday night. Romeo Hagen, who comes from the north with quite a reputation for handling his mits, has replaced Price and will meet Weitz in the semi-windup. Romeo is a hard looking boy with all the ear marks of a fighter. The Centralia paper had this to say of his fight with White in that city.

"Fight fans throughout the country have witnessed many a sensational fight, but it is doubtful if they ever saw a battle like the White-Hagen affair."

Everybody is cordially invited to attend the workouts at the Nat Sunday afternoon at 2:30 and evenings at 7:30 o'clock.

REAL MOVIES AT PHOENIX CHURCH

W. A. Selwood, for several years a special worker for the Y. M. C. A. in Russia and the Far East countries, will show a set of real moving pictures Sunday night at the Phoenix church at 7:30. No admission but a special offering will be taken.

Mr. Elwood has had a wide experience in famine relief work in those countries and these pictures show actual scenes and incidents which have taken place in Russia and the Far East during and since the war, and during the recent famine.

Every American who loves his country and his fellow men and wishes to know America's relation to these distressed countries of Europe should be present Sunday night and see these pictures and hear Mr. Selwood's address.

MEDFORD TO PLAY PASS TOMORROW

The Medford City baseball team will invade Grants Pass Sunday for a return game with the "climate" players. Manager Montgomery reports several changes in the line-up of the club which he will convey north, among them being Hill behind the bat and Gill in right field.

The city team is rounding into shape as the workouts progress and the men are going to Grants Pass with the determination to even things up with Pernoll's nine.

The probable lineup of the Medford team Sunday will be Higgins, cf.; Fitzpatrick, ss.; McIntyre, 2b.; Hill, c.; Gill, rf.; Coffeen, 3b.; Marshall, lf.; Foley or McIntyre, p.; Montgomery or Wilkinson, lb. Clark sub.

Fred Stone at Rialto
Fred Stone, whether in person on the stage or in shadow on the screen, is always a rare treat. He always gives sheer entertainment—entertainment that is clean and wholesome and fit for every member of the family. That is why his popularity as a comedian in musical comedy is greater than that of any other star in the country. Now he is appearing in pictures and his most recent production, "Billy Jim," will be shown at the Rialto theatre for a period of three days, beginning tomorrow matinee.

Harold Lloyd at Page
Little more than a year ago Harold Lloyd made his first appearance in a photoplay comedy of two-reel length. It was "Bumping Into Broadway," and so unanimous was the praise of the critics and the public, that this picture placed the begoggled comedian in first class and a dangerous contender for honor place.

Now Harold Lloyd is hailed as the screen's greatest comedian. He has won praise that no other laugh-maker has received—his fun has never had the word vulgar applied to it. Friends that others have failed to make, Harold Lloyd has easily won with his clean, wholesome humor.

"Now or Never," Harold Lloyd's newest photoplay, marks a new epoch in the young man's interesting career. Also, it is a three-reel comedy. Three reels does not mean that the laughs are spread farther apart, but that there is more room into which to crowd them.

The Page theatre considers that it is doing a great public good in presenting "Now or Never" on its screen today, tomorrow and Monday, for every laugh at Lloyd makes health and happiness, and it would take a funometer to record the laughs in "Now or Never."

LOCAL DENTISTS TO MEET MAY 13TH

There will be a meeting of the Rogue River Dental society on May 13th, beginning with a banquet at the Hotel Medford. All dentists in Josephine and Jackson counties are urged to be present. The Grants Pass delegation will put on the clinics of the evening, beginning at 7 P. M.

A meeting was held on April 12th in Medford at Dr. Elliott's office at which time the following officers were elected for the society: President, Dr. Johnson of Ashland; vice-president, Dr. Macey of Grants Pass; secretary and treasurer, Dr. Elliott of Medford.

THREE NEGROES BURNED

(Continued from Page One)

the two other negroes in charge. All three were rushed to Kirvin, the home of the dead girl, where the execution took place at an iron stake driven into the ground on a small square in the heart of the town. Wood saturated with oil to increase its inflammability was piled about the stake.

Maintain Innocence
Curry was burned first, then Varny and Jones. There was some delay in burning the last two as they steadfastly maintained their innocence, but they finally were cremated on the strength of Curry's testimony. After the third negro had been burned to a crisp, all three bodies were piled together and a mass of fuel and oil slung over them. This was ignited, the flames soaring 25 or 30 feet in the air. At an early hour today the flames still were burning fiercely, with the prospects that the bodies would be reduced to ashes. The mob dispersed rapidly.

BIG LOGGING PROJECT STARTS NEAR PORTLAND

PORTLAND, Ore., May 6.—Logging of a tract of 6,000 acres on the Clackamas river water shed, about 40 miles southeast of Portland, will start in the near future, according to L. N. Dantzier of Moss Point, Miss., who is here arranging to carry forward the development project. This tract, purchased 12 years ago by the Mississippi land operator and his associates, contains about 400,000,000 feet of fir and the intention is to furnish logs to Portland mills. Dantzier said arrangements had been made with the Portland Railway, Light and Power company to extend a spur line from Caradero, five miles, to carry logs from the tract to the Willamette river.

WASHINGTON, May 6.—Employment conditions in the United States demonstrate there is widespread industrial awakening extending from coast to coast. Secretary of Labor Davis declared today, commenting on investigations and reports made by the federal employment service. Although there are a few spots in which considerable unemployment is reported, Mr. Davis added, "the entire country can be said to have come out of the depression."

"The farm situation is decidedly encouraging," Mr. Davis said. "The demand for farm help from all sections of the country is indicative of the optimistic attitude of the farmer. As there are 6,448,000 farms in the country they will absorb a tremendous amount of labor."
