YOUR KIDNEYS

Your Good Health and Long Life Depend on Your Kidneys. That's Why Insurance Companies Always Insist on Urinalysis.

Beaverton, Oregon—"I take great pleasure in stating what Dr. Pierce's Anuric Tablets have done for me in a very severe case of bladder and kidney trouble. For ten years I was distressed about every thirty minutes. I doctored and doctored, but no relief. My last doctor bill was \$175.00, and I was no better. I went back to my old home and my folks wanted me to give Dr. Pierce's Anuric Tablets a trial so I did and I also took the 'Golden Medical Discovery' with them to work on my liver. Now I can walk, ride, go to town and go for five or six hours without being distressed. I can not praise the Anuric Tablets too much for they are wonderful for the kidneys." RUCH BEATEN BY JACKSONVILLE AT SCHOOL FIELD DAY

Crowds gathered on the school-house grounds at Ruch on Saturday, May 6, for a program of outdoor events, representing six districts of the Applegate valley. The morning program opened with two Oregon songs rendered by three schools, Uniontown, Heaver Creek and Ruch, with their respective teachers in charge. Miss Hodges, Mrs. Collins, and Mrs. Allen. The same schools then gave the Jacksonville county uniform drill, led by Mrs. Edna Allen. This was followed by an interesting and helpful address by Mr. G. A. SALEM, Ore., May 9.—Following a recurrence of attempts on the part of Abe Evans, convicted murderer of James Duran, to take his own life in his cell in murderers' row at the state penitentiary Sunday, prison officials have found it necessary to resort to restraining measures.

Evans made an attempt to hang himself Sunday morning and in the afternoon beat his head against the walls of his cell.

FAVOR A SINKING FUND TO SECURE PUBLICITY BOOK

A new policy is being advocated to the directors of the Medford Chamber of Commerce by the committee in charge of the budgeting of the funds for the third fiscal year since reorganization. This policy is to set aside each month an amount of money for publicity literature, so that when the same is needed, the money will be available to drive the best cash bargain.

The amount of money which will be set aside each month will depend upon the payments which the members make in the payment of their dues and budget subscriptions. It is a case of no-pay, no-literature and the directors will administer the affairs of the chamber accordingly.

There is another policy that the directors have adopted which is to refuse to contract any bill without funds being on hand to pay for same. During the past year all bills were paid and a cash balance remained.

More than \$2,400 in dues and budget subscriptions remained unpaid at the end of the last fiscal year, and had these funds been received, greater activities could have been undertaken by the directors.

The things which the Chamber of Commerce can do depends entirely upon the support which the members give the institution.

OREGONIANS IN FAR EAST TOPIC C. OF C. FORUM

J. J. Humaker of Portland will address the members forum of the Medford Chamber of Commerce tomorrow noon at the Medford hotel. His subject will be "Oregonians I have met in the Far East."

At a recent forum, one of the speakers stated that the Medford Chamber of Commerce forum had a state-wide reputation and to be invited to speak there was a distinct honor. If Medford has the right to claim any such a distinction, the members of the chamber should feel proud and lend their aid by their presence to maintain this reputation.

The annex dining room of the Medford Hotel, although too small at times, is an ideal place for the forums. The luncheon which Emil Mohr serves at the nominal price of 60c are always good, and with such a program as will be given tomorrow, there should be a full house.

CALL FOR THE SHERIFF HALTS NECKTIE PARTY

BOWLING GREEN, Ohio, May 9.—Demanding that Otto P. Tracy, former Walbridge, Ohio, school principal, be sent out to a "necktie party," a number of enraged citizens early today stormed the home of Winn Stein, near Walbridge, shooting out the windows. When Stein called the sheriff's office here for assistance, the mob dispersed.

PHOENIX SCHOOL NOTES

The boys of both the grade and high school were given an oyster supper by the brotherhood at Clyde hall last Friday evening. The hall has been opened to the boys on Friday evenings for some time. The boys play until 9:30 under the supervision of some of the brotherhood. The games are enjoyed by all, but when the oyster game was called every fellow took an active part with a satisfied feeling.

It would not be fair to the pupils of Phoenix not to mention the gallant fight made on the athletic field a few days ago at Talent.

The contest was between Central Point and Phoenix. When the last try-out was finished, Phoenix was 4 1/2 points behind.

There will be nine high school and nine grade pupils receive letters.

Mr. Mason, representing the Linfield college, Oregon, visited the school one day last week. After explaining the workings of his college to the senior class, he made a very inspiring address to the student body on the subject of having a "dependable leader."

The following pupils took part in the contest at Medford last Saturday: Margaret Sheets and Lella Nichols in typewriting and shorthand; Floyd Watkins and Tom Caster in bookkeeping.

AUTO ASSOCIATION TO ESTABLISH A BUREAU IN CITY

Medford's importance as the southern gateway entrance into Oregon and out to California, and in being the chief gateway to Crater Lake, in view of the rapidly growing auto tourist traffic to the Pacific coast from all parts of the country, which this year will far exceed all previous records, is recognized by the fact that in this city will be established two important tourists' information bureaus.

Last week it was announced that the Oregon Tourist Information Bureau, which is financed by a state appropriation of \$12,000, with headquarters in Portland, would establish a branch bureau in Medford, which will be in operation next week, with headquarters in the Chamber of Commerce meeting building.

Now comes the news that the Oregon State Motor association, which is affiliated with the American Automobile association, headquarters in Portland, has just established a branch bureau in Medford, with the intention of maintaining it the year around, with Arthur F. Hazelrigg of this city, in charge. This bureau is housed in the former barber shop department of the Hotel Medford, and Mr. Hazelrigg opened up the local branch office yesterday.

This branch bureau is located here through the efforts of Mayor C. E. Gates, who is an officer of the Oregon State Motor association and who when at Portland last week succeeded in having the association consent to the establishment of the Medford branch office. A. E. Shearer of Portland, manager of the association, has been here this week assisting the mayor and Mr. Hazelrigg in establishing the branch bureau.

All facilities of the Portland office, in the way of map service, road information, insurance, etc., for members of the association and visiting tourists will be maintained on an adequate scale at the Medford branch, it was announced.

"The association has desired for a long time to place a branch at Medford," Shearer stated, "but hitherto has been unable to do so. Medford may be considered the gateway to Oregon from the south and a branch of the club is most desirable there for the benefit of motorists coming into the state over the Pacific Highway from California. The club will be able to welcome the visitors to Oregon and to render them service designed to make their stay in Oregon enjoyable and profitable. Medford was looked upon as a particularly desirable location for a branch for another reason and that is because it is the gateway to Crater Lake. Oregon's national park will see a greater number of motor tourists this year than ever before in its history and the motor association branch at Medford will be in a position to guide motorists to the lake and to aid them in making the run. Special maps and information facilities will be maintained to care for the Crater Lake motorists."

John Hunnesucker of Klamath Falls has returned to his home after spending a week in the city attending to business matters.

RHEUMATISM

IT'S A SHAME FOR YOU NOT TO GET RID OF RHEUMATISM

When Others Do It So Easily With Trunk's Prescription

Mrs. W. H. Stoddard of Upland, Calif., in a letter says: "Trunk's Prescription for rheumatism is the ONLY medicine that knocks the rheumatic pain, and to send four bottles."

Mrs. J. C. Broadlove, White Salmon, Man., writes: "I used your medicine for rheumatism and it cured me. I have a father-in-law who is suffering from rheumatism and I want to get it for him."

Mrs. John Obelle, 517 W. 26th St., Los Angeles, Calif., writes that "Several years ago my husband was confined to his bed with rheumatism for seven months. In looking over a paper we saw the advertisement of Trunk's Prescription. He used the medicine and the cure was marvelous and permanent. I have recommended it to a number of people and it has helped them all. It is a very valuable medicine."

What these people have done hundreds of others have done, hundreds will do tomorrow, and YOU can be one of them. An amazingly easy treatment for the relief of all forms of rheumatism. If every man and woman who have rheumatism in any form would take Trunk's Prescription there would be but one remedy remaining on the market, and that one would be Trunk's Prescription, as it stands alone in its good effect and results, so much so that all other remedies would be laid aside as forgotten. No matter how long standing your case may be, or the innumerable treatments tried in vain, simply follow this treatment as directed and rheumatism cannot exist in the human body. There are only two instances in which these prescriptions can fail, and that is if you haven't rheumatism, and if you do not read and follow the directions.

Trunk's Prescription sent for \$1.75 or three for only \$5.00 at Haskins Drug Store, Medford, Ore.
