

Old Resident Given Up by Physicians

"Given up by five doctors, my only hope an operation. I rebelled on cutting me open, as I am 75 years old. A neighbor advised trying May's Wonderful Remedy for stomach trouble. I got relief right away. I had not eaten for 10 days and was as yellow as a gold piece. I could have lived only a few days but for this medicine. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Adv.

WOOLER SENATOR'S DAUGHTER GIVES EMBASSY, VIEWS

WASHINGTON, May 9.—Alexander E. Robertson, British war veteran and suitor of Miss Mary Culberson, daughter of Senator Culberson of Texas, presented to British embassy officials today his charges of having been kidnapped by Private detectives and of an attempt to railroad him out of the country. Embassy officials did not reveal whether any action would be taken as a result of Robertson's representation.

WASHINGTON, May 9.—Alexander E. Robertson, British war veteran, did not press his case before British embassy officials today with the ardor with which he is reported to have pressed his suit for the hand of Miss Mary Culberson, 21-year-old daughter of Senator Culberson of Texas.

The British veteran was reported to have arrived in Washington on an early train from Newark, N. J., prepared to lay before the embassy his charges that, as an outgrowth of the romance involving the Texas senator's daughter, private detectives had kidnaped him and attempted to railroad him out of the country. Up to noon, however, he had not appeared at the British embassy.

Reports later were circulated that Robertson had conferred with E. Leslie Craigie, secretary of the embassy, but these found no confirmation from embassy officials.

WINTER WHEAT AT 83.5 PER CENT OF NORMAL IS REPORT

WASHINGTON, May 9.—Winter wheat production this year was forecast today at 584,793,000 bushels by the department of agriculture, which announced the condition of the crop on May 1 as 83.5 per cent of a normal and the area remaining to be harvested on that date as 38,131,000 acres.

The rye crop production forecast was 79,152,000 bushels and condition 91.7 per cent. Hay production was forecast at 102,573,000 tons with the May 1 condition 90.1 per cent and the area 74,345,000 acres.

Stocks of hay on farms May 1 were 10,792,000 tons.

Spring plowing 62.5 per cent completed.

Spring planting 53.6 per cent completed.

The condition of winter wheat on May 1 and forecast of production based on that condition and on the acreage remaining on that date to be harvested by principal producing states follows:

Kansas 74 and 106,232,000; Texas 71 and 12,275,000; Colorado 80 and 17,820,000; Idaho 88 and 9,220,000; Washington 85 and 28,040,000; Oregon 91 and 13,505,000.

DR. COFFEY SPEAKS DOCTOR'S MEETING

The thirty-second annual meeting of the Southern Oregon Medical association was in progress at the public library in this city today. A number of Grants Pass, Roseburg and Ashland physicians were in attendance, having arrived this morning by rail and by auto.

Among the prominent medical men who delivered scientific addresses on various subjects connected with the medical profession are Dr. R. C. Coffey of Portland, Dr. J. A. Pettit of Portland, Dr. J. Guy Strohlin of Portland and Dr. Ray Matson of Portland.

To attendance at the meeting was good, about thirty-six doctors being present. At 12:30 the morning session was adjourned and the men at the meeting enjoyed a luncheon at the Hotel Medford.

29 AT WENATCHEE, 22, BAKER, OREGON

WENATCHEE, Wash., May 9.—While a minimum temperature of 29 was officially reported here last night, District Horticultural Inspector Darlington states that there was practically no damage from frost in this valley.

PORTLAND, Ore., May 9.—A cold snap continued here and throughout the state today with prospects of continued cold tomorrow, according to the weather bureau. There were some evidences of frost in parts of Portland this morning. The minimum here was 39. Lower temperatures prevailed in eastern Oregon, Baker reporting a minimum of 22.

Mud Geysers, California. EL CENTRO, Cal., May 9.—A spectacular eruption of the mud geysers in Salt Sea, near here, sent mud, smoke and steam 200 feet into the air, according to a number of persons who witnessed the phenomenon. The eruption came without warning and continued 30 minutes.

U. S. GOVERNMENT AWAITS PLEDGE FROM OBREGON

WASHINGTON, May 8.—The American government is standing unalterably for the guarantees requested of the Obregon regime in Mexico nearly a year ago and so far General Obregon's advisors have given no definite assurances that the guarantees will be given in order to make formal recognition of their government possible.

Many intimations that the Mexican authorities might be favorably disposed toward the American request have reached the state department but officials here will not be satisfied with anything less than a formal pledge by the Obregon government itself. It was said at the state department today that consequently the situation remained just where it was when the terms of recognition were submitted to Mexico City in June 1921.

LANSING NOTE ON HAITI POLICY IS SEVERELY SCORED

WASHINGTON, May 9.—The letter of former Secretary of State Lansing, made public Saturday night, explaining the occupation of Haiti as due to a desire to establish peace and prosperity and block German designs, the executive committee of the Haiti-Santo Domingo Independence society said in reply is "just such a defense as one would expect from the prime minister of Japan in explanation of the twenty-one demands made upon China and the treaties growing out of them."

The committee in its statement said Mr. Lansing had ignored "the fundamental outrage" in "forcing on the people of Haiti the armed forces of the United States and compelling them to adopt a constitution which alienated the soil of Haiti to foreigners."

The former secretary of state, it added, had "failed to give any reason which justifies the violation of our treaty obligations to Haiti, our own accepted interpretation of the Monroe doctrine or the principles of international law formulated by the 21 sovereign states of the western hemisphere, all of which were violated in the invasion and occupation of Haiti and Santo Domingo."

DAUGHERTY BACKED UP BY PRESIDENT

WASHINGTON, May 9.—Attorney General Daugherty in a statement prepared at the request of President Harding and transmitted by the president today to Representative Mondell of Wyoming, republican house leader, declared "the record of the department of justice in connection with war contract cases calls for no apology and none is intended."

Apparently referring to recent charges of the house of inaction in prosecution of war fraud cases, the attorney general asserted "the plans are laid and all cases will be energetically prosecuted." He added that "very substantial progress" had been made to date by the department despite lack of adequate facilities in men and money.

QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."—Mrs. B. LANSE, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

FREIGHT RATES FORM CHARGE OF \$160 PER ACRE

WASHINGTON, May 9.—The increase in freight rates in the last four years has imposed an "additional charge of \$160.87 an acre on apples on the Pacific coast and this capitalized at 7 per cent amounts to \$229.14, according to figures of Henry C. Wallace, secretary of agriculture, in a speech before the New York Academy of Political Science.

"This nation has been built up by a system of low railroad rates," he said, "designed to encourage the movement of our surplus agricultural crops long distances to manufacturing, industrial and business centers, with a corresponding return haul of manufactured products and a sudden reversal of this theory of rate making results in great economic injustice and if persisted in will keep us in a state of confusion and agricultural and business uncertainty for a prolonged period."

"The most hopeful sign at the present time is the apparent recognition of the railroad management that our present high rates cannot be continued without disaster to the railroads themselves, and that rates must come down to a point not far, if any, above the pre-war levels, and they should have the whole heart-felt support of all the right minded and clear-thinking people in taking the steps which will make it possible to bring about the necessary reduction."

Rate Policy Important. The secretary in his address declared that Western agriculture was built up under a railroad policy of encouraging the transportation of farm products for long distances to manufacturing and consuming markets, and keeping farm and factory apart, so there might also be a long return haul of manufactured and finished goods. There was a rough adjustment of the bulk and value of the commodity.

SUPREME CT. DENIES DAN CASEY MOTION

SALEM, Ore., May 9.—The supreme court this morning denied a motion filed by attorneys for Dan Casey last week asking for a modification of the judgment under which Casey was sentenced to hang for the murder of J. H. (Buck) Phillips, in Portland.

The order of the supreme court was given orally and was unaccompanied by any comment.

DYE BLOUSE OR BABY'S COAT IN "DIAMOND DYES"

"Diamond Dyes" add years of wear to worn, faded skirts, blouses, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple every woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods. Adv.

CAN'T IDENTIFY DEAD MAN AS EX-MEDFORD MAN

Chief of Police Timothy received a telegram yesterday from Sprague, Washington, stating that a dead man had been found there and that it was thought his name was Hand. The telegram stated that the man had talked with different persons on Friday and had asserted that he lived in Medford and owned property there. He stated also that he was a shoemaker by trade and that he was unable to follow the work because of having suffered a paralytic stroke some time ago.

The chief has made a complete canvass of the local shoe shops to ascertain if the man was known by any of the men in the shoemaking and repairing business here, and has been unable to find any one acquainted with such a person. No property is listed in the city tax records or in the county records under the name of a Hand formerly engaged in the shoe business.

GAS helps you to keep your kitchen light and clean. Many makes of gas stoves are now finished in a light enamel. For a well equipped and attractive kitchen, you will want our latest enamel stove which will insure convenience and efficiency. No labor in cleaning and a bright cheerful kitchen always.
