

H. S. STUDENT BODY ELECTS OFFICERS FOR NEXT YEAR

The student body election took place yesterday afternoon at the local high school and William "Dub" Johnston was elected student body president. Other officers were: First vice president, Alton Mordoff; second vice president, Robert Bragg; secretary, Beth Farlow; business manager, Paul Gannaway. 14 Times officers elected include Dorothy Newman, editor; Beth Farlow, associate editor; and James Henson, business manager. They will take office next fall.

According to persons acquainted with the high school and the nominees this year were carefully chosen, and displayed discrimination on the part of the student body. The financial status of the school is usually determined by the ability of the executives, especially the student body president and a record year in accomplishments and student body activities is predicted for next year.

A number of able men in football and basketball are expected to attend school next year and the outlook with Eddie Dunno, former U. of O. star athlete and this year's freshman coach at that institution, is bright.

The school officials seem in harmony with the results of the election which attitude will insure correlation of efforts for the best results in the coming year.

Woman Killed by Cows.
CRETE, Neb., May 10.—Mrs. Joseph Richtarik, mother of five children, was trampled to death yesterday by one of two cows in a barn where she had been at work with the daily milking.

Big Fire at Victoria.
VICTORIA, B. C., May 10.—Fire broke out in the Arcade building in the heart of the business district this morning and destroyed the building.

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my housework most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter."—Mrs. FANNIE ROSENBERG, 882 N. Holly St., Phila., Pa.

Detroit, Michigan—"During the Change of Life I had a lot of stomach trouble and was bothered a great deal with hot flashes. Sometimes I was unable to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little books and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish my testimonial."—Mrs. J. S. LAVERGNE, 2551 Junction Avenue, Detroit, Mich.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

ARTHUR H. MEYERS MANAGER

STONE FRUITS ARE INJURED BY FROST IN WASH. STATE

SPOKANE, May 10.—No material damage has been done to eastern Washington crops by frosts of the last few days, according to reports published here.

In many localities, the late spring is thanked, as serious damage might have resulted if crops had been as far advanced as usual.

The Walla Walla region, it appears from the reports, was the hardest hit, early vegetables having been injured the worst. Strawberries, prunes and cherries are other crops about which concern is felt. This has been the latest killing frost on record in the Walla Walla country.

Snow fell yesterday at Ritzville, Wash., and crops, especially wheat, are reported as backward. Ice three-quarters of an inch in thickness formed at Lind, Wash. At Pasco, Wash., stone fruit suffered the worst, orchardists feeling that the frost only assisted in thinning the apples. At Lewiston, Idaho, the mercury dropped to 31 degrees and at Colfax, Wash., to 29 degrees above zero, weather reports show.

SIMPLICITY MARKS FUNERAL CASH REGISTER MAGNAT

DAYTON, Ohio, May 10.—Simplicity marked the funeral services here today for John M. Patterson, 77, founder of the National Cash Register company, who died Sunday aboard a train near Atlantic City.

Business of the city came to a complete halt during the funeral.

Two thousand school children threw flowers before the funeral procession.

Killed at Sawmill.
QUITMAN, Ga., May 10.—Three men were killed and a fourth was fatally injured today when the boiler of the Evans sawmill exploded. The mill was completely destroyed.

GRANTS PASS TO INVADE ASHLAND THURSDAY NIGHT

ASHLAND, May 10.—Invasion of Ashland territory by the Cavemen of Grants Pass will occur on Thursday evening, May 11, instead of Tuesday evening, May 9, as originally planned. All interested—and there are many—please make a note of the change in appointments, and govern yourselves accordingly. Ramona have it that no less than two score cavemen, prehistoric and otherwise, will invade local territory on Thursday night. The change in date was necessitated due to an unforeseen complication regarding weather conditions, a situation which reliable forecasts promises to alleviate by the latter date mentioned.

(And, by the way, while dwelling upon idiosyncracies of the weather, as per developments recently, a suggestion is hereby made as an interpolation, that the Chambers of Commerce of the two cities respectively collaborate in modifying meteorological conditions as prevailing of late.) But to return to our text: The Cavemen from Grants Pass will be the guests of the Lithians of Ashland on Thursday evening, a preliminary being the fine banquet spread at Hotel Ashland at 7 o'clock, followed by informal social hours and the discussion of measures of mutual benefit to the valley in general. Of course the Grants Pass folks will stress the Josephine caves, admitted to be an important scenic asset of southern Oregon, access to which will be readily made the current season over improved highways being steadily developed. In time, Ashland will exploit its mineral waters, parks, and advantages as a literary and tourist center, not overlooking its "gateway" prestige in the way of becoming a leading convention city.

A recent incorporation through state authorization is the Ashland Granite Co., the purpose being to secure ownership of the Blair quarries southeast of town. Capitalization will be \$150,000. Incorporators are E. V. Carter, J. P. Wolf, H. H. Elkart, F. D. Wagner, D. Berozzi, Emil Peil, O. Winter, H. C. Galey and N. H. Harrison. This project is one that has been agitated for a long time, and prospects are auspicious for the establishment of a leading industry on a big scale right at home. The quarry development will be along granite lines. Neither will its output be restricted to monuments, for with proper workings it is planned to get out rock of sufficient dimensions to meet building requirements gauged on extensive plans.

A trifle belated, election announcements now being scattered broadcast, indicate that Congressman Hawley is still in the federal legislative ring.

Malta Commandery meets on Wednesday evening this week, May 10, for work in the Red Cross degree. Attention of Medford members is called to this announcement.

Wednesday of this week marked an important date in church social circles. The Methodist Teacup club met in stated session, with Mrs. Bertha Denton as hostess, at her charming home on Laurel street. The missionary society of the Baptist following also gathered, the topic for the afternoon's consideration being the Indian, and relics of the aborigines were exhibited, illustrating the subject of the text. At the regular meeting of the Wednesday Afternoon club held in Presbyterian church parlors, Miss Agnes Danford, returned teacher from Alaska schools, gave an interesting account of educational developments in the distant north.

J. J. Mullin of San Francisco, manager of the passenger department of the Pacific-Atlantic Travel Bureau, was in town on Tuesday, interviewing prospective excursionists to Hawaii during the Shrine gathering in Frisco next June.

A feminine jury exclusively, empaneled in the city court on Monday morning, swiftly passed judgment on an aggravated case of drunkenness, which carried with it a fine of \$50 in cash, supplemented by a jail sentence of thirty days. A proviso, however, reduced the penalty to a fine only, provided the amount was forthcoming within 24 hours.

The Chautauqua assembly season has been advanced from the usual period in July to May, the dates being from the 24th to 29th inclusive. It will be an Ellison-White attraction, based on a program of circuit dimensions. The date being nigh, some well developed effort is being made to make the event as successful as the assembly gatherings of olden times.

Teddy Provost died suddenly in Dunsuir on Tuesday morning, supposedly from heart trouble. He was the son of Pierre Provost, well known resident of this city, and was one of a large family of brothers and sisters. For several years past he had been employed by the Southern Pacific in its painting department.

Circumstances indicate that Bert Moses has recovered several very valuable fur coats, stolen from the family premises several weeks ago. Plans for recovery of the garments involved some effective sleuth work

Macdon, Calif.

In two cities, efforts extending from Ashland to San Francisco.

The high school baseball team lost to Fort Jones in a game played at that town last Saturday. The score was well nigh a tie, having been 9 to 8 in favor of the Californians, who will appear in a return game here on Friday of this week.

Business course contestants, in a competition, which involved the high schools of both Ashland and Medford, last Saturday, will re-enter a friendly rivalry on Thursday of this week, the previous contest not having satisfactorily decided the merits of the case. This second contest will take place here, the first having taken place at Medford.

Mr. and Mrs. W. O. Dickerson have returned from a winter's stay in southern California.

SONG REVIEW WITH KOLB AND DILL THURS.

"Give and Take," the new comedy written by Aaron Hoffman for Kolb & Dill will be at the Page theater Thursday night, May 11th.

This wonderful success is built around laughter, music and girls, there is an old fashioned chorus in "Give and Take," each one of the girls is not only pleasing to the eye but an artist as well and each performs her share in the so-called work that is winning the praise of delighted theatergoers.

"Give and Take" is best described as a comedy in three acts with a surprise every other minute as the screamingly funny plot is first tangled and then skillfully unwound to its logical yet hilarious conclusion.

It is without doubt the biggest, best and funniest vehicle that Kolb & Dill have ever had as a medium of expression for their inimitable and distinctive comedy methods, there is a song review at the opening of the third act that is a revelation and fast becoming a cyclone of novelty and charm. Kolb & Dill have selected a wonderful company of principals to assist them, each prominent on the comedy stage.

And in addition to all this, the Symphonic Jazz Orchestra which these comedians carry with them, is a novelty feature of particular merit.

Illinois Fruit O. K.
SPRINGFIELD, Ill., May 10.—Condition of growing fruit in Illinois is the best in several years, according to the crop report issued by the weather bureau here today. Frosts did little damage.

Single-Six Seven Passenger Touring

In its unprecedented beauty and its typically Packard performance, this new Single-Six is worthy occupant of the high place always accorded to Packard among cars of the finest class.

Thus it is stamped as being unmistakably the greatest in the long succession of brilliant Packard achievements.

The literal fact is that it embodies a degree of outstanding value which has heretofore been foreign to such cars.

It would be difficult to imagine how one who recognizes all that is high and fine in a motor car, could see this latest Packard without giving it complete and instant preference among its kind.

The price of the new Single-Six five passenger touring is \$2485 at Detroit
The new price of the Twin-Six is \$3850 at Detroit
