THE WOMAN OF POISE

Once a rarity, is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women? Adv.
